A BILL FOR AN ACT

RELATING TO SOCIAL WORK.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii is facing a
2 shortage of social workers to help individuals in the State

6 additional services, which may in turn intensify the need for
7 help and increase burnout among social workers. The demand for
8 social workers will likely continue to rise because individuals
9 experiencing depression, anxiety, life transitions, and other
10 mental health challenges will need social workers' support to
11 address difficult or stressful life situations.

12 The legislature further finds that some nonviolent
13 incarcerated individuals may have experienced the need for
14 social services or may have firsthand experience receiving
15 services from social workers. These individuals may be uniquely
16 qualified to enter the field of social work as assistants after
17 undergoing training. The legislature also finds that to address
