# SENATE CONCURRENT RESOLUTION

REQUESTING THE HAWAII EMERGENCY MANAGEMENT AGENCY TO IDENTIFY EXISTING LARGE TREES ALONG EVACUATION ROUTES AND TRIM, SPRAY, OR REMOVE TREES HAVING THE POTENTIAL TO OBSTRUCT THE EVACUATION ROUTE; CONDUCT COMPREHENSIVE RISK ASSESSMENTS FOR SPECIFIC HIGH-RISK TREES; IMPLEMENT BEST PRACTICES IN URBAN FORESTRY; AND STRENGTHEN COMMUNITY-BASED DISASTER PREPAREDNESS INITIATIVES.

1 WHEREAS, every second of potential evacuation time during  
2 an impending natural disaster makes a difference in protecting  
3 the lives of the State's residents; and

4  
5 WHEREAS, it is essential that evacuation routes be clear  
6 and free of obstructions to enable speedy evacuation during an  
7 emergency; and

8  
9 WHEREAS, large trees planted along thoroughfares that  
10 provide access to coastal communities may potentially obstruct  
11 these roads during an evacuation; and

12  
13 WHEREAS, if an obstructed road is the only means by which  
14 to flee an evacuation zone, any obstruction of the roadway may  
15 needlessly endanger lives; and

16  
17 WHEREAS, obstructions along evacuation routes may also  
18 prevent emergency response vehicles and personnel from getting  
19 to or returning from an evacuation zone, thus preventing  
20 lifesaving support from reaching those who critically need it;  
21 and

22  
23 WHEREAS, large trees planted along roadways can also damage  
24 roads due to root overgrowth; now, therefore,

25  
26 BE IT RESOLVED by the Senate of the Thirty-third  
27 Legislature of the State of Hawaii, Regular Session of 2025, the  
28 House of Representatives concurring, that the Hawaii Emergency

# S.C.R. NO. 209

1 Management Agency is requested to identify existing large trees  
2 along evacuation routes and trim, spray, or remove trees having  
3 the potential to obstruct the evacuation route; and  
4

5 BE IT FURTHER RESOLVED that the Hawaii Emergency Management  
6 Agency is requested to conduct comprehensive risk assessments  
7 for specific high-risk trees and make its findings public; and  
8

9 BE IT FURTHER RESOLVED that the Hawaii Emergency Management  
10 Agency is requested to implement best practices in urban  
11 forestry, including proper pruning, storm-resistant tree  
12 selection, and implementation of responsible planting  
13 guidelines; and  
14

15 BE IT FURTHER RESOLVED that the Hawaii Emergency Management  
16 Agency is requested to strengthen community-based disaster  
17 preparedness initiatives to ensure that residents are educated  
18 about evacuation procedures without unnecessarily sacrificing  
19 environmental resilience; and  
20

21 BE IT FURTHER RESOLVED that certified copies of this  
22 Concurrent Resolution be transmitted to the Governor, Director  
23 of Transportation; Adjutant General, Administrator of the Hawaii  
24 Emergency Management Agency, and Deputy Director for Highways.
