# SENATE CONCURRENT RESOLUTION

ENCOURAGING EACH COUNTY TO ESTABLISH ITS OWN BIOSECURITY PLAN  
THAT PRIORITIZES THE NEEDS OF THE COUNTY.

1           WHEREAS, the impacts of invasive species on the State have  
2 been severe, harmful, and costly, leading to habitat  
3 degradation, extinction of native species, and rising costs in  
4 agriculture and livestock production; and

5  
6           WHEREAS, the State has recognized the importance of  
7 biosecurity as a critical strategy to prevent the introduction  
8 and spread of invasive species, which threaten local ecosystems,  
9 food security, and public health; and

10  
11           WHEREAS, each county faces unique biosecurity challenges  
12 due to differences in climate, land use, agriculture, and  
13 transportation infrastructure, necessitating localized  
14 approaches to biosecurity planning and response; and

15  
16           WHEREAS, strengthening biosecurity at the county level will  
17 enable proactive identification of risks, enhance early  
18 detection and rapid response efforts, and improve coordination  
19 with state and federal agencies; and

20  
21           WHEREAS, additionally, establishing county-level  
22 biosecurity plans will allow each county to prioritize its  
23 biosecurity needs and develop community-based strategies for  
24 invasive species mitigation; now, therefore,

25  
26           BE IT RESOLVED by the Senate of the Thirty-third  
27 Legislature of the State of Hawaii, Regular Session of 2025, the  
28 House of Representatives concurring, that each county is  
29 encouraged to establish its own biosecurity plan that  
30 prioritizes the needs of the county; and  
31

1 BE IT FURTHER RESOLVED that because biosecurity efforts are  
2 an ongoing effort statewide, each county is encouraged to  
3 collaborate with other counties in developing its biosecurity  
4 plan; and  
5

6 BE IT FURTHER RESOLVED that each county is encouraged to  
7 share its findings and biosecurity plan and collaborate with the  
8 State, including the Department of Agriculture and Hawaii  
9 Invasive Species Council; and  
10

11 BE IT FURTHER RESOLVED that certified copies of this  
12 Concurrent Resolution be transmitted to the Chairperson of the  
13 Board of Agriculture; Co-Chairpersons of the Hawaii Invasive  
14 Species Council; and Mayors and Council Chairs of the City and  
15 County of Honolulu and Counties of Hawaii, Kauai, and Maui.
