
SENATE RESOLUTION

URGING THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION TO
DEVELOP A PLAN TO PRODUCE SUFFICIENT HOUSING TO MEET THE
STATE'S DEMAND.

1 WHEREAS, the State is experiencing a severe housing
2 shortage, which has impacted the ability of many local families
3 representing a wide range of household incomes to remain in
4 Hawaii; and

5
6 WHEREAS, according to the 2019 Hawaii Housing Planning
7 Study (2019 Study), there were 532,880 housing units in the
8 State in 2017, of which 45,373 were vacant housing units; and

9
10 WHEREAS, in the period between 2010 and 2018, the State
11 produced 26,152 units, or an average of 2,902 units per year for
12 an average annual growth rate of 0.6 percent, which is lower
13 than the 1.3 percent national average; and

14
15 WHEREAS, the State has one of the highest rates of vacant
16 unavailable units at 11.2 percent; and

17
18 WHEREAS, the Hawaii Housing Finance and Development
19 Corporation has been overbuilding in a very narrow market,
20 namely rental units financed using low-income housing tax
21 credits, which are intended for households earning fifty to
22 sixty percent of the area median income; and

23
24 WHEREAS, the 2019 Study projected a demand of only 1,789
25 rental units for households earning fifty to sixty percent of
26 the area median income over the 2020 - 2025 period; and

27
28 WHEREAS, conversely, the 2019 Study forecasted demand of
29 1,855 rental units for renters earning one hundred twenty
30 percent to one hundred forty percent of the area median income
31 over the same five year period, and over 11,800 ownership units
32 for households earning one hundred twenty percent or greater of
33 the area median income; and

1
2 WHEREAS, these figures indicate that there is much greater
3 demand than what the market is currently supplying; and
4

5 WHEREAS, the critical lack of affordable housing is a major
6 barrier to recruiting and maintaining a skilled workforce in the
7 State, with twenty-four percent of Hawaii residents reporting
8 that they intended to move out-of-state, according to the 2019
9 Study; and
10

11 WHEREAS, nearly a quarter of the respondents who planned to
12 leave the State said the high cost and limited availability of
13 housing was one of the problems causing them to move; and
14

15 WHEREAS, prioritizing financing for housing production for
16 a broader range of income segments and producing housing in the
17 most efficient means possible will greatly increase housing
18 production in the State; and
19

20 WHEREAS, a proactive, innovative approach to developing
21 more housing units to address the State's severe housing
22 shortage is necessary to meet existing demand while ensuring
23 residents can remain in the State; now, therefore,
24

25 BE IT RESOLVED by the Senate of the Thirty-third
26 Legislature of the State of Hawaii, Regular Session of 2025,
27 that the Hawaii Housing Finance and Development Corporation is
28 urged to develop a plan to produce sufficient housing needed to
29 meet the State's demand; and
30

31 BE IT FURTHER RESOLVED that the Hawaii Housing Finance and
32 Development Corporation is requested to include the following
33 into the plan:
34

- 35 (1) Site identification, including density at each site;
- 36
- 37 (2) How to maximize walkability and density;
- 38
- 39 (3) The most efficient and sustainable financial plan and
40 needs;
- 41
- 42 (4) Personnel and government capacity needs; and

1
2 (5) How to overcome barriers to housing supply, such as
3 ensuring adequate availability of land, sufficient
4 infrastructure, and increasing available financing
5 models; and
6

7 BE IT FURTHER RESOLVED that the Hawaii Housing Finance and
8 Development Corporation is requested to submit a copy of its
9 plan to the Legislature no later than twenty days prior to the
10 convening of the Regular Session of 2026; and
11

12 BE IT FURTHER RESOLVED that certified copies of this
13 Resolution be transmitted to the Chairperson of the Board of
14 Directors of the Hawaii Housing Finance and Development
15 Corporation and Executive Director of the Hawaii Housing Finance
16 and Development Corporation.
