
SENATE RESOLUTION

REQUESTING THE GOVERNOR TO CONVENE A TEMPORARY WORKING GROUP TO INVESTIGATE THE EXISTENCE AND ENVIRONMENTAL DANGERS OF PER- AND POLYFLUOROALKYL SUBSTANCES AND OTHER RELATED CHEMICALS.

1 WHEREAS, per- and polyfluoroalkyl substances (PFAS) are a
2 group of man-made chemicals widely used in consumer products,
3 industrial processes, and firefighting foams, and are known to
4 persist in the environment and accumulate in the human body over
5 time; and
6

7 WHEREAS, exposure to PFAS has been linked to significant
8 health risks, including but not limited to cancer, liver damage,
9 developmental issues, weakened immune systems, and endocrine
10 disruption; and
11

12 WHEREAS, PFAS contamination has been detected in water
13 supplies, soil, and air across the United States, raising
14 concerns about the presence of these toxic substances in Hawaii
15 and their impact on the health of its residents and natural
16 resources; and
17

18 WHEREAS, Hawaii's ecosystems, including its waterways,
19 bodies of water, fish, and other animals consumed by humans, are
20 integral to the State's food security and cultural practices;
21 and
22

23 WHEREAS, the geographic isolation of the State and its
24 reliance on a delicate and limited supply of fresh water
25 heighten the need for a thorough understanding of PFAS
26 contamination and its potential impacts on human health and the
27 environment; and
28

29 WHEREAS, testing in bodies of water and waterways, as well
30 as testing fish and other animals for human consumption, is
31 necessary to identify contamination, assess potential health
32 risks, and ensure the safety of food and water sources in
33 Hawaii; and

1
2 WHEREAS, the creation of a temporary working group can
3 provide a centralized and coordinated approach to assess
4 PFAS-related issues, engage with stakeholders, and propose
5 actionable recommendations; now, therefore,
6

7 BE IT RESOLVED by the Senate of the Thirty-third
8 Legislature of the State of Hawaii, Regular Session of 2025,
9 that the Governor is requested to convene a temporary working
10 group to investigate the existence and environmental dangers of
11 per- and polyfluoroalkyl substances and other related chemicals;
12 and
13

14 BE IT FURTHER RESOLVED that the following individuals are
15 requested to serve as members of the working group:
16

- 17 (1) A representative from the Department of Health;
- 18 (2) A representative from the Department of Land and
19 Natural Resources;
- 20 (3) A representative from the Department of Agriculture;
- 21 (4) A representative from the University of Hawaii System;
22 and
- 23 (5) Any other relevant stakeholders, including
24 environmental organizations, industry representatives,
25 and community groups, as determined by the members of
26 the working group; and

27
28
29
30
31
32 BE IT FURTHER RESOLVED that the working group is requested
33 to:

- 34 (1) Identify locations in the State where PFAS
35 contamination is present or suspected, including
36 potential sources such as military installations,
37 industrial sites, and landfills;
- 38 (2) Conduct testing in waterways and bodies of water to
39 assess contamination levels;
- 40
- 41
- 42

- 1 (3) Test fish and other animals consumed by humans to
- 2 determine the extent of bioaccumulation and potential
- 3 health risks;
- 4
- 5 (4) Assess the environmental and public health risks
- 6 associated with PFAS exposure, particularly in
- 7 sensitive ecosystems and vulnerable communities;
- 8
- 9 (5) Review existing regulations and practices to identify
- 10 gaps in PFAS management and mitigation;
- 11
- 12 (6) Propose strategies for testing, monitoring,
- 13 remediation, and prevention of PFAS contamination; and
- 14
- 15 (7) Recommend changes to state policies, programs, and
- 16 resources to address PFAS-related challenges
- 17 effectively; and
- 18

19 BE IT FURTHER RESOLVED that the working group is requested
 20 to submit interim reports to the Legislature no later than
 21 twenty days prior to the convening of the Regular Sessions of
 22 2026 and 2027, and submit a final report to the Legislature no
 23 later than twenty days prior to the Regular Session of 2028, and
 24 that these reports are requested to include findings,
 25 recommendations, proposed legislation, and potential funding
 26 sources; and

27
 28 BE IT FURTHER RESOLVED that certified copies of this
 29 Resolution be transmitted to the Governor, Director of Health,
 30 Chairperson of the Board of Land and Natural Resources,
 31 Chairperson of the Board of Agriculture, and President of the
 32 University of Hawaii.
