

STAND. COM. REP. NO.

952

Honolulu, Hawaii

FEB 28 2025

RE: S.B. No. 145

Honorable Ronald D. Kouchi
President of the Senate
Thirty-Third State Legislature
Regular Session of 2025
State of Hawaii

Sir:

Your Committee on Judiciary, to which was referred S.B.
No. 145 entitled:

"A BILL FOR AN ACT RELATING TO DECLARATION OF WATER SHORTAGE
AND EMERGENCY,"

begs leave to report as follows:

The purpose and intent of this measure is to amend the
conditions, manner, and areas in which the Commission on Water
Resource Management can declare and provide notice of water
shortages and emergencies.

Your Committee received testimony in support of this measure
from the Department of Land and Natural Resources, Honolulu Board
of Water Supply, Climate Change and Health Working Group, and one
individual.

Your Committee received testimony in opposition to this
measure from the Land Use Research Foundation of Hawaii and Hawai'i
Farm Bureau.

Your Committee finds that as an island state, Hawai'i has a
finite amount of water resources. However, factors such as
climate change and aging water infrastructure can lead to water
shortages, impacting thousands of customers. As recent prolonged
drought events have created a greater demand for water, the State
must have the ability to determine appropriate access to water
resources during a critical emergency. Therefore, this measure

takes a proactive approach to water conservation through greater flexibility in determining a declaration of water shortage and emergency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 145 and recommends that it pass Third Reading.

Respectfully submitted on
behalf of the members of the
Committee on Judiciary,

KARL RHOADS, Chair
