

Honolulu, Hawaii

FEB 10 2025

RE: S.B. No. 329

Honorable Ronald D. Kouchi  
President of the Senate  
Thirty-Third State Legislature  
Regular Session of 2025  
State of Hawaii

Sir:

Your Committee on Agriculture and Environment, to which was referred S.B. No. 329 entitled:

"A BILL FOR AN ACT RELATING TO WATER POLLUTION,"

begs leave to report as follows:

The purpose and intent of this measure is to:

- (1) Extend the year by which no treated or raw sewage shall be discharged into state waters from 2026 to 2030; and
- (2) Require at least fifty percent of treatment works effluent to be R-1 recycled water by January 1, 2045.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation, Hawai'i Farmers Union United, Hawai'i Farm Bureau, and one individual.

Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Health.

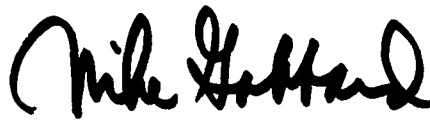

Your Committee finds that water is a precious natural resource, requiring management through appropriate preservation and conservation efforts to ensure sustainability for future generations. R-1 recycled water is a valuable resource that can be safely used for irrigation, landscaping, and other non-potable applications. Your Committee recognizes that increasing the reuse of treated water will reduce dependency on finite freshwater

supplies and allow farmers to maintain production levels while safeguarding overall water resources. Your Committee further finds that extending the year by which no treated or raw sewage shall be discharged into state waters will provide additional time for those impacted to comply with this critical mandate.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 329 and recommends that it pass Second Reading and be referred to your Committee on Ways and Means.

Respectfully submitted on  
behalf of the members of the  
Committee on Agriculture and  
Environment,

---

MIKE GABBARD, Chair

The Senate  
Thirty-Third Legislature  
State of Hawai'i
