

Honolulu, Hawaii

**APR 01 2025**

RE: S.C.R. No. 56

Honorable Ronald D. Kouchi  
President of the Senate  
Thirty-Third State Legislature  
Regular Session of 2025  
State of Hawaii

Sir:

Your Committees on Energy and Intergovernmental Affairs and Agriculture and Environment, to which was referred S.C.R. No. 56 entitled:

"SENATE CONCURRENT RESOLUTION URGING THE UNITED STATES GOVERNMENT TO DEVELOP A NATIONAL BIODIVERSITY STRATEGY,"

beg leave to report as follows:

The purpose and intent of this measure is to urge the United States government to establish a national biodiversity strategy.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources and Hawai'i Food+ Policy.

Your Committees find that the State is home to a significant number of endemic species and habitats of great ecological, cultural, historical, and scientific value that must be protected for current and future generations. Your Committees recognize that the ongoing biodiversity crisis poses a direct threat to the security, health, and well-being of Hawaii's residents by diminishing critical ecosystem services and increasing the State's vulnerability to invasive species and natural disasters. A national biodiversity security strategy, as urged by this measure, would support the coordination and planning needed to reduce the threat of invasive species and identify the need for additional funding and capacity to manage and protect Hawaii's native species.

As affirmed by the records of votes of the members of your Committees on Energy and Intergovernmental Affairs and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 56 and recommend its adoption.

Respectfully submitted on behalf of the members of the Committees on Energy and Intergovernmental Affairs and Agriculture and Environment,

---

MIKE GABBARD, Chair

---

GLENN WAKAI, Chair
