PROFILE

As a strategic, adaptable and positive engineer, I have more than 19 years of civil engineering experience in Hawai'i. After growing up in the mainland to two local parents, I moved to Hawai'i to reconnect with my roots and joined Austin, Tsutsumi & Associates, Inc. in 2004 after completing his education at the University of Texas at Austin. I joined Coffman Engineers, Inc. in December 2020 to further my career and seek out new challenges. With roots firmly entrenched in Hawai'i and considering Hawai'i as my forever home, I seek opportunities to better the community that has shaped the person that I have become and return a little bit to the State that has given me so much.

EXPERIENCE

Civil Discipline Manager • December 2020-Present

Coffman Engineers, Inc. – Honolulu, Hawai'i

I co-manage a group of 13 people and worked on a wide range of projects for the private and public sector through my time with Coffman Engineers. I manage multiple Clients and projects with a combined budget of close to \$9 million dollars. Clients include the Department of Defense, Hunt Development, HDOT among various private developers. My project experience includes site and infrastructure development and planning for projects ranging from residential housing, affordable income housing, libraries, warehouses, planning studies for the DOD, roadway improvements both new and expansion of existing. I have become an integral member of the design team for the development of over 500 acres in west Oahu. I am proud of helping to manage and design a civil project with over 750 units of affordable housing.

Civil Project Manager • August 2004-November

Austin, Tsutsumi & Assoc., Inc. – Honolulu, Hawai'i

I started his career at Austin, Tsutsumi and Associates, Inc. and laid the groundwork for my career at the firm. I started off in a group that worked on commercial site development projects that included adjacent roadway improvements with clients such as Best Buy and Walmart. I eventually branched out and worked on projects for various government agencies in the counties of Kauai and Maui, as well as the City and County of Honolulu, in addition to HDOT, DOE, and DAGS for the State along with various private clients. My project experience includes school improvements at Aiea Elementary School, Ben Parker Elementary School and King

Kekaulike High School, roadway improvements on Poipu Road, Correctional Facility work on Pahu, Maui, Kauai and Hawaii, improvements at Diamond Head State Monument among others. I also have experience with master planning work for the DOD, Maui Community College, and schools in the US Territories of Guam, Saipan, American Samoa and the US Virgin Islands. I also had experience with emergency projects such as waterline emergency work at Waiawa Correctional Facility. I ultimately led a group of 6 engineers before moving on to work with Coffman Engineers.
