ON
HOUSE BILL NO. 431, H.D. 2

March 12, 2025
1:05 p.m.
Room 225 and Videoconference

RELATING TO HOUSING

The Department of Budget and Finance (B&F) offers comments on this bill.

House Bill (H.B.) No. 431, H.D. 2, appropriates an unspecified amount of general funds in both FY 26 and FY 27 to the Office of the Governor for the continued operation of the Kauhale Initiative and provides that the appropriations may be transferred to designated departments or agencies for expenditure; establishes the Supportive Housing Special Fund (SHSF) to be administered by the Hawai'i Housing Finance and Development Corporation (HHFDC) to facilitate the development, operation, and maintenance of mixed-income rental housing projects with supportive housing provisions for individuals and families with special needs; and appropriates an unspecified amount of general funds in both FY 26 and FY 27 for deposit into the SHSF and appropriates an unspecified amount of special fund ceiling for the SHSF in both FY 26 and FY 27 for HHFDC.

As a matter of general policy, B&F does not support the creation of any special fund, which does not meet the requirements of Section 37-52.3, HRS. Special funds

should: 1) serve a need as demonstrated by the purpose, scope of work, and an explanation why the program cannot be implemented successfully under the general fund appropriation process; 2) reflect a clear nexus between the benefits sought and charges made upon the users or beneficiaries or a clear link between the program and the sources of revenue; 3) provide an appropriate means of financing for the program or activity; and 4) demonstrate the capacity to be financially self-sustaining. Regarding H.B. No. 431, H.D. 2, it is difficult to determine whether the proposed SHSF would be self-sustaining.

Thank you for your consideration of our comments.

Statement of **DEAN MINAKAMI**

Hawaii Housing Finance and Development Corporation
Before the

SENATE COMMITTEE ON HEALTH AND HUMAN SERVICES AND SENATE COMMITTEE ON HOUSING

March 12, 2025 at 1:05 p.m.
State Capitol, Room 225

In consideration of
**H.B. 431 HD2
RELATING TO HOUSING.**

Chairs San Buenaventura and Chang, Vice Chair Aquino and Hashimoto, and members of the Committees.

HHFDC **supports** HB 431 HD2, which appropriates funds for the Kauhale Initiative. It also establishes and appropriates funds into and out of the Supportive Housing Special Fund administered by the Hawaii Housing Finance and Development Corporation (HHFDC). HHFDC supports the measure so long as it does not adversely impact priorities identified in the Executive Budget Request for FY 2026.

HHFDC agrees that supportive housing is an innovative solution to house special needs populations, including the chronically homeless, individuals with disabilities, individuals transitioning from incarceration, youth aging out of foster care, domestic violence survivors, veterans, those suffering from substance abuse, and the frail elderly.

HHFDC recognizes the need for a dedicated funding source to assist individuals with special needs. In addition to funds needed to construct units, supportive housing typically requires a stable funding source to provide rental assistance to individuals and to pay for supportive services. The Supportive Housing Special Fund is a new financing tool that will help HHFDC to facilitate the development of supportive housing units in standalone projects or integrated in mixed-income rental housing projects.

HHFDC requests \$175,000 for one full-time equivalent (1.0 FTE) housing finance specialist I position needed to help administer the supportive housing special fund.

Thank you for the opportunity to testify on this bill.

The Honorable Senator Joy A. San Buenaventura, Chair
Senate Committee on Health and Human Services
The Honorable Senator Stanley Chang, Chair
Senate Committee on Housing
The Thirty-Third Legislature
State Capitol
State of Hawai'i
Honolulu, Hawai'i 96813

Dear Senator San Buenaventura, Senator Chang, and Committee Members:

SUBJECT: HB431 HD2 Relating to Housing

The Hawaii State Council on Developmental Disabilities **STRONGLY SUPPORTS HB431 HD2**, which appropriates funds for the continued operation of the Kauhale Initiative and authorizes those funds to be used for the Ohana Zones Pilot Program. Establishes and appropriates funds into and out of the Supportive Housing Special Fund. Effective 6/29/3000. (HD2)

This bill represents a critical step forward in meeting the housing needs of Hawai'i's most vulnerable populations, including individuals with intellectual and developmental disabilities (I/DD). Hawai'i's I/DD population often faces significant barriers to accessing safe, stable, and affordable housing. Individuals with I/DD are more likely to experience unemployment, limited income, and social isolation, making it exceedingly difficult to secure independent housing. HB431 HD2 provides a pathway to addressing these systemic challenges by ensuring that housing is affordable and integrated with services necessary for residents to thrive.

Supportive services funded under this bill, such as case management, life skills training, and assistance with daily living activities, are vital for individuals with I/DD to live independently and participate fully in their communities. The promotion of mixed-income rental housing developments, as outlined in HB431 HD2, fosters inclusive environments where individuals with I/DD can live alongside diverse populations. This approach reduces stigma and encourages greater community understanding and acceptance of individuals with disabilities.

HB431 HD2 Relating to Housing

March 12, 2025

Page 2 of 2

By addressing housing insecurity and ensuring access to integrated support services, HB431 HD2 will enable individuals with I/DD to live more independently and with dignity, reduce reliance on costly institutional care or emergency services, and improve overall health, social inclusion, and quality of life for individuals with I/DD.

The DD Council believes that the passage of HB431 HD2 will have transformative impacts on Hawai'i's I/DD community, providing them with the stability and support they need to lead fulfilling and independent lives. We urge you to pass this bill to ensure that the needs of individuals with I/DD and other vulnerable populations are prioritized in Hawai'i's housing solutions. Thank you for the opportunity to submit testimony in **strong support of HB431 HD2**.

Sincerely,

TO: The Honorable Senator San Buenaventura, Chair
Senate Committee on Health and Human Services

The Honorable Senator Stanley Chang, Chair
Senate Committee on Housing

FROM: Ryan I. Yamane, Director

SUBJECT: **HB 431 HD2 – RELATING TO HOUSING.**

Hearing: March 12, 2025, 1:05 p.m.
Conference Room 225 & Videoconference, State Capitol

DEPARTMENT'S POSITION: The Department of Human Services (DHS) supports the intent of this measure that invests in the Kauhale initiative and permanent supportive housing as strategies to reduce homelessness. DHS requests an amendment and provides comments. DHS defers to the Hawaii Housing Finance and Development Corporation (HHFDC) and the Department of Budget & Finance on special funds and prefers that any appropriation align with and not reduce or replace budget priorities identified in the executive budget.

DHS respectfully requests reconsideration of the amendment requiring at least two bids for Kauhale projects over \$1 million. The administration has reconsidered this requested amendment, see page 6, lines 15-18, and clarifies that when an emergency proclamation is in effect related to homelessness and includes Kauhale or Ohana Zones pilot program projects, the developing agency may still consider more than one bid for any project. For single bids, the price reasonable analysis is applied. When there is no emergency proclamation in effect, these

projects should follow the State Procurement Code or exemption provided by statute or session law. DHS is also concerned that the two-bid minimum may delay project development in certain communities if only one bid is received. For these reasons, DHS respectfully requests that the provision regarding at least two bidders for a Kauhale project estimated cost of over \$1 million be deleted (page 6, lines 15-18).

PURPOSE: The bill appropriates funds for the continued operation of the Kauhale Initiative and authorizes those funds to be used for the Ohana Zones Pilot Program. Establishes and appropriates funds into and out of the Supportive Housing Special Fund. Effective 6/29/3000. (HD2)

The House Committee on Human Services & Homelessness amended the measure by:

- (1) Changing the appropriations to unspecified amounts;
- (2) Deleting language that attempted to prevent the proper lapse of a general fund appropriation at the end of the fiscal biennium for which the appropriation was made;
- (3) Deleting language that would have established the Kauhale Initiative Special Fund;
- (4) Inserting language that appropriates an unspecified amount to assist the Statewide Office on Homelessness and Housing Solutions in implementing the Kauhale Initiative;
- (5) Changing the effective dates to June 29, 3000, and July 1, 3000, respectively, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

The Committee on Housing further amended the measure by:

- (1) Expanding the authorized uses of funds appropriated for the Kauhale Initiative;
- (2) Authorizing funds appropriated for the Kauhale Initiative to be used for the Ohana Zones Pilot Program established under Act 209, Session Laws of Hawaii 2018;
- (3) Requiring at least two bidders for any Kauhale project estimated to be over \$1,000,000 if appropriated funds are used to contract for the procurement of building services and projects related to the Kauhale Initiative;
- (4) Deleting the unspecified appropriation to the Statewide Office on Homelessness and Housing Solutions to implement the Kauhale Initiative; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

**In Support
House Bill No. 431 HD2, RELATING TO HOUSING**

Aloha Chair San Buenaventura, Chair Chang, Vice Chair Aquino, Vice Chair Hashimoto, and Members:

The Statewide Office on Homelessness and Housing Solutions (SOHHS) supports H.B. 431HD2, Relating to Housing. We respectfully ask for your favorable consideration of this bill.

SOHHS supports the intent of this measure that invests in the Kauhale initiative and permanent supportive housing as strategies to reduce homelessness. SOHHS requests an amendment and provides comments. SOHHS defers to the Hawaii Housing Finance and Development Corporation (HHFDC) and the Department of Budget and Finance on special funds and prefers that any appropriation align with and not reduce or replace budget priorities identified in the executive budget.

SOHHS respectfully requests reconsideration of the amendment requiring at least two bids for Kauhale projects over \$1 million. The office has reconsidered this requested amendment, see page 6, lines 15 – 18, and clarifies that when an emergency proclamation is in effect related to homelessness and includes Kauhale or Ohana Zones pilot program projects, the developing agency may still consider more than one bid for any project. When there is no emergency proclamation in effect, these projects should follow the State Procurement Code or exemption provided by statute or session law. SOHHS is also concerned that the two-bid minimum may delay project development in certain communities if only one bid is received.

For these reasons, SOHHS respectfully requests that the provision regarding at least two bidders for a Kauhale project estimated cost of over \$1 million be deleted (page 6, lines 15 – 18).

Jun Yang Testimony on HB431 HD2
Senate Committees on Health and Human Services and Housing
March 12, 2025
Page 2

As the Governor's Coordinator on Homelessness, I am honored to further the important work of this office and the administration for the state. In 2024, the Green Administration set out with an ambitious goal of housing and sheltering half of our unsheltered homeless population by the end of 2026. I am confident that with this request, SOHHS will further expand deeply affordable housing inventory and supportive services for individuals experiencing homelessness through the state's Kauhale Initiative.

Currently, we have 18 Kauhale active across the state and have a goal to establish 30 kauhale villages by the end of 2026. This was all made possible by the generous support of the Hawai'i State Legislature which appropriated \$33 million for FY25 for kauhale initiatives. More than just temporary shelter, Kauhale is a unique and innovative approach that strives to demonstrate a new, cost-effective model that centers housing as a critical component of healthcare. Our Kauhale communities' pair personal spaces with shared living spaces, often envisioned as tiny homes communities or repurposed commercial, hotel, or apartment buildings, that respond to the unique needs of subpopulations experiencing homelessness. The model is built on the foundation of fostering community and responsibility among residents. Residents of Kauhale are provided access to robust wrap around services, including case management and medical care to build healthy and resilient communities that help people stay successfully housed long-term. This is what makes Hawaii and our kauhale initiatives different and unique.

SOHHS appreciates your consideration of our request to further our efforts to reduce and prevent homelessness across the state. Thank you for the opportunity to provide testimony in strong support on this measure.

TESTIMONY IN SUPPORT OF HB431 HD2
RELATING TO HOUSING
Senate Committee on Health and Human Services
Senate Committee on Housing

March 12th, 2025

1:05 p.m.

Conference room 225

Aloha Chair San Buenaventura and Chang, Vice Chair Aquino and Hashimoto, members of the Committee on Housing:

The Office of Hawaiian Affairs (OHA) **SUPPORTS HB431 HD2**, which supports the Kauhale initiative in reducing homelessness, creating affordable housing, and fostering community. We recognize that physical solutions by themselves will not solve social and economic problems, but neither can economic vitality, community stability, and mental & physical health be sustained without supportive physical framework of having stable housing options.

This bill is crucial as it marks a significant step towards addressing the housing crisis across the state of Hawai'i. We acknowledge housing is the highest cost item for Hawai'i families. Housing affordability has become increasingly challenging, particularly for Native Hawaiian families who seek to reside in Hawai'i. The growing affordable housing problem is one of the most critical issues faced by our communities, especially our Native Hawaiian communities. Many kama'aina families struggle to find adequate housing and to make ends meet. A significant portion of the homeless population identifies as Native Hawaiian¹.

The Supportive Housing Special Fund would support the efforts of stable housing and supportive services to vulnerable populations of Hawai'i. This finance mechanism will assist Hawai'i Housing Finance and Development Corporation (HHFDC) to facilitate, coordinate, and maintain Kauhale facilities and services. This will address 'Ohana zones Pilot Program established under Act 209 that work towards providing a mix use of options for unsheltered individuals, and others with special housing needs: including persons with

¹ Homeless point-in-time count. (n.d.).

https://www.btghawaii.org/media/uploads/2024_btg_pit_count_report_final.pdf

addictions, youth aging out of foster care, domestic violence survivors, kupuna, people with mental illness, chronic health conditions, histories of trauma and other barriers. Stable housing and adequate resources of treatment allow for the person to move towards permanent housing, inclusion of community, and better health overall. The center for budget and policy priorities found that people offered supportive housing spent 23 % fewer days in hospitals, had 33 % fewer emergency room visits, and spent 42 % fewer days in nursing homes over a year. Furthermore, supportive housing reduces recidivism. A study by Hawaii based organization Partners in Care revealed that the recidivism rate for individuals who received housing support was 12.8% versus 50% without housing support. This indicates that stable housing and intervention services offered through initiatives such as Kauhale have great impact on justice involved individuals.

This initiative is in line with OHA's mission to improve the conditions of Native Hawaiians and ensure their equitable access to quality housing, education, healthcare, and economic opportunities. It reflects our commitment to advancing the well-being of our beneficiaries and the broader community. Addressing homelessness and affordable housing issues is a multi-prong approach.

OHA supports HB431 HD2, which aims to meet the urgent need for affordable housing and address homelessness. Mahalo for your attention and commitment to enhancing the well-being of our community we ask that the Committee PASS this measure.

MARCH 12, 2025, 1:05 PM

HOUSE BILL 431, HD2
RELATING TO HOUSING

Chairs San Buenaventura and Chang, Vice Chairs Aquino and Hashimoto, and members of the committee, thank you for the opportunity to submit testimony on House Bill 431, HD2. The State Procurement Office (SPO) appreciates the intent of this bill and recommends that the procurement exemption language noted below be removed.

Section 4, Page 10, lines 2 to 6:

§201H- Supportive housing special fund. (f) "...supportive housing and services. The corporation shall ~~be exempt from~~ comply with chapter 103D in selecting a qualified private or nonprofit organization to assist with the development and maintenance of supportive housing and provision of rental assistance and supportive services. The corporation may...."

Exemptions to the Hawaii Procurement Code have always been a concern of the SPO. As stated in the National Association of State Procurement Officials (NASPO) white paper on "Ethics and Accountability," "Maintaining the integrity of public procurement is one of the most important pillars of government."

Chapter 103D, HRS, is the State's single source of public procurement policy to be applied equally and uniformly, while providing fairness, open competition, a level playing field, government disclosure, and transparency in the procurement and contracting process vital to good government. Public procurement's primary objective is to provide everyone equal opportunity to compete for government contracts, to prevent favoritism, collusion, or fraud in awarding of contracts. To legislate that any one entity should be exempt from compliance with

both Chapters 103D and 103F, HRS, conveys a sense of disproportionate equality in the law's application.

Exemptions to the Code mean that all procurements made with taxpayer monies will not have the same oversight, accountability and transparency requirements mandated by those procurements processes provided in the code. It means that there is no requirement for due diligence, proper planning, or consideration of protections for the state in contract terms and conditions, nor are there any set requirements to conduct cost and price analysis and market research or post-award contract management. As such, Agencies can choose whether to compete any procurement or go directly to one contractor. It also means Agencies are not required to adhere to the code's procurement integrity laws.

The National Association of State Procurement Officials states that "Businesses suffer when there is inconsistency in procurement laws and regulations. Complex, arcane procurement rules of numerous jurisdictions discourage competition by raising the costs to businesses to understand and comply with these different rules. Higher costs are recovered through the prices offered by a smaller pool of competitors, resulting in unnecessarily inflated costs to state and local governments."

Thank you.

Senate Committee on Housing

Hearing: Wednesday, March 12th, 2025.

TESTIMONY IN SUPPORT OF HB431: RELATING TO HOUSING.

The Hawaii State Youth Commission (HiYC) was established to “advise the governor and legislature on the effects of legislative policies, needs, assessments, priorities, programs, and budgets concerning the youth of the state.” We are writing in support of HB431.

The youth of today are faced with the issue of affordable housing. It has been known for a while that the state of Hawai'i has one of the highest costs of living in the country. As this problem only grows in size, so does our worry for the fates of our youths in the state, as we are the upcoming generation that will be entering the workforce and will soon be looking for homes of our own.

This is why it is concerning to us, as youth, that our state does not have enough legislation and social programs in place to help the people who are already, or at risk of being, houseless in the state. Social programs like the Kauhale Initiative are meant to act as a safety net for our people in times of great need, acting as a community that gathers together to build better foundations.

We believe that the housing crisis is a generational matter. Therefore, if nothing is done about this quickly, it will disproportionately impact the upcoming generation of youths, who will need all the support we can get. It is the government's responsibility to protect and serve the people of Hawai'i, especially our youth. For this reason, we urge the Committee to pass this bill, and we believe that this can be a great benefit to the at-risk youth of the state.

Thank you for your consideration of our testimony in support of this important bill,

The Hawai'i State Youth Commission.

TESTIMONY IN SUPPORT OF HOUSE BILL 431, HD2
A BILL FOR AN ACT RELATING TO HOUSING
COMMITTEE ON HEALTH AND HUMAN SERVICES

Sen. Joy A. San Buenaventura, Chair

Sen. Henry J.C. Aquino, Vice Chair

COMMITTEE ON HOUSING

Sen. Stanley Chang, Chair

Sen. Troy N. Hashimoto, Vice Chair

Hearing Date: Wednesday, March 12, 2025, at 1:05 PM

Place of Hearing: Conference Room 225 & Videoconference

Aloha Honorable Chairs San Buenaventura, Aquino, Chang and Hashimoto, and members of the Committee on Health and Human Services and the Committee on Housing,

On behalf of the County of Hawai'i Office of Housing and Community Development (OHCD), I am pleased to provide testimony in **support of House Bill 431, HD1**, which will provide essential funding for the continued implementation of Governor Green's Kauhale Initiative by the Statewide Office on Homelessness and Housing Solutions.

This bill will also establish the Supportive Housing Special Fund, enabling the Hawai'i Housing Finance and Development Corporation (HHFDC) to partner with developers on mixed-income rental projects, including units for individuals or families with special needs who require supportive services.

HB 431 is essential in addressing the housing needs of Hawai'i's most vulnerable populations. It will increase funding for the Kauhale Initiative and allow HHFDC to expand supportive housing options, providing safe, stable housing for those in need.

Not only will this measure help fund the development of critically needed kauhale on Hawai'i Island, it will also support the OHCD's ongoing efforts to increase permanent housing opportunities across Hawai'i Island.

March 11, 2025

Page 2

In West Hawai'i, the Supportive Housing Special Fund will help fund the second phase of Kukuiola Village, which will include 50 permanent supportive housing units. In East Hawai'i, this fund could support the renovation of the former Hilo Memorial Hospital, enhancing its ability to serve more individuals in need.

Thank you for the opportunity to provide testimony in support of HB 431, HD2. Passage of this measure is a critical step toward improving housing stability for vulnerable individuals facing homelessness. Thank you for your consideration.

Dear Chair San Buenaventura, Chair Chang, Vice Chair Aquino, Vice Chair Hashimoto,
and Committee Members:

SUBJECT: Testimony in Support of HB431, HD2 – Relating to Housing
Hearing: Wed., Mar. 12, 2025, 1:05 p.m. at the State Capitol, #225

The Office of Housing **supports** HB431, HD2, which would establish and appropriate funding for a Supportive Housing Special Fund under the Hawai'i Housing Finance and Development Corporation (HHFDC) to support the development and operations of supportive housing, and would also ensure the continuation of the kauhale initiative. We recognize the necessity of facilitating housing across all incomes to address the full spectrum of need for our residents. This bill would support community members who are most at-risk of homelessness or may already be experiencing homelessness, and would facilitate the creation of units that can be very challenging to make financially feasible.

Supportive housing is a type of housing specifically for higher-needs persons that combines housing units with rent subsidization and supportive services. This type of housing serves households that may not otherwise be able to remain stably housed and assists a wide variety of populations, including individuals transitioning from incarceration, youth aging out of foster care, those experiencing homelessness, community members challenged by mental illnesses, and persons with intellectual, developmental, or physical disabilities. Supportive housing is a highly effective housing

intervention that helps not only those housed by these programs, but also lowers cost burdens on our public systems, including our healthcare and incarceration systems.

We appreciate the introduction of this important measure that would increase supportive housing options for the most vulnerable members of our community.

Thank you for the opportunity to testify.

Sincerely,

Kevin D. Auger
Executive Director

Office of the Managing Director

CATHOLIC CHARITIES HAWAII

TESTIMONY IN SUPPORT OF HB 431 HD2: RELATING TO HOUSING

TO: Senate Committees on Health and Human Services, and Housing
FROM: Tina Andrade, President and CEO, Catholic Charities Hawai'i
Hearing: **Wednesday, 3/12/25; 1:05 PM; Room 225 & Videoconference**

Chair San Buenaventura, Chair Chang, and Members, Committees on Health and Human Services, and Housing:

Catholic Charities Hawai'i **strongly supports HB 431 HD2**, which appropriates funds for the Kauhale Initiative, and funds into and out of the Supportive Housing Special Fund.

Catholic Charities Hawai'i (CCH) is a tax exempt, community-based organization that has been providing social services in Hawai'i for over 77 years. CCH has programs serving elders, veterans, children, families, homeless and immigrants. Our mission is to provide services and advocacy to the most vulnerable of the people in Hawai'i. We assist over 40,000 people annually across the state and have a long history of addressing affordable housing and homelessness.

These initiatives are crucial to address Hawai'i's homelessness crisis. On Oahu, 62% of homeless persons are unsheltered. The **Kauhale Initiative** accelerates the development of diverse housing options, helping people move off the streets into much-needed transitional and bridge housing. However, deeply affordable permanent housing remains KEY to truly ending homelessness.

The proposed **Supportive Housing Special Fund** is particularly vital. It provides a transparent structured financial mechanism to integrate development, operations, and supportive services—ensuring that vulnerable populations receive not just shelter, but the assistance needed for long-term stability. By centralizing funding and coordination under the Hawai'i Housing Finance and Development Corporation (HHFDC), this initiative streamlines coordination, benefiting developers, service providers, and, most importantly, individuals in need.

We must prioritize chronically homeless individuals and those with special housing needs—veterans, individuals with addictions, aging-out foster youth, domestic violence survivors, developmentally disabled persons, and frail elders. Without supportive housing, many face institutionalization, costly emergency interventions, or even premature death. **This bill could save lives.** *Recently, Catholic Charities Hawai'i assisted a medically fragile kupuna living on the streets. She tragically passed away one week before we secured an emergency housing voucher. This should never happen again.*

Catholic Charities Hawai'i urges your support for this bill. Both the Kauhale and the Supportive Housing Initiatives are essential to tackling homelessness. Please approve significant funding to bring stability and hope to those who need ongoing supportive services to remain in our communities. If you have any questions, please contact our Legislative Liaison, Betty Lou Larson, at (808) 527-4813.

TESTIMONY IN SUPPORT OF HB 431, HD 2

TO: Chair San Buenaventura, Vice Chair Aquino, & HHS Committee
Chair Chang, Vice Chair Hashimoto, & HOU Committee

FROM: Nikos Leverenz, Policy & Advancement Manager

DATE: March 12, 2025 (1:05 PM)

Health & Harm Reduction Center (HHHRC) **strongly supports** HB 431, HD 2, Hawai'i which would provide funding for the Kauhale Initiative.

The bill addresses homelessness in Hawai'i by funding the Kauhale Initiative and establishing a Supportive Housing Special Fund to develop, operate, and maintain affordable housing for individuals with special needs, such as those recovering from addiction, formerly incarcerated individuals, and domestic violence survivors.

Safe and stable housing is critical to improving health outcomes, reducing reliance on emergency services, and enhancing overall community well-being. By investing in housing-first solutions with wraparound services, the bill fosters long-term stability and resilience for Hawai'i's most vulnerable populations. This legislation is a crucial step in reducing chronic homelessness while promoting public health, safety, and harm reduction.

HHHRC's mission is to reduce harm, promote health, create wellness, and fight stigma in Hawai'i and the Pacific. We work with many individuals impacted by poverty, housing instability, and other social determinants of health. Many have behavioral health problems, including those related to substance use and mental health conditions, and have also been deeply impacted by trauma related to histories of physical, sexual, and psychological abuse.

Mahalo for the opportunity to provide testimony.

Wednesday, Mar 12, 2025: 1:05: Room 225 Videoconference

Hawaii Substance Abuse Coalition Supports HB431 HD2:

ALOHA CHAIR, VICE CHAIR, AND DISTINGUISHED COMMITTEE MEMBERS. My name is Alan Johnson. I am the current chair of the Hawaii Substance Abuse Coalition (HSAC), a statewide organization for substance use disorder and co-occurring mental health disorder treatment and prevention agencies and recovery-oriented services.

HSAC notes that formal treatment, such as residential and outpatient will be critically needed for Kauhale residents to achieve functionality and recovery.

Studies show that once housed, feeling safe and stable, many homeless voluntarily seek substance abuse treatment because they want improved functionality.

Residential and Outpatient Substance Use Disorder funding has been reduced at a time when studies indicate that housed homeless will need these critical services.

- **For example, 50-60% of individuals in Housing First programs engaged in substance use disorders treatment** when supportive services were offered. Programs offering integrated care (housing, food, medical care, and counseling) report higher engagement in substance abuse treatment, with rates often exceeding 50% in some cases.
- **After safe housing, homeless still are at elevated risk for experiencing substance use disorders (SUDs), mental disorders, trauma,** medical conditions, employment challenges, and incarceration. Both treatment and housing needs must be concurrently addressed.¹

¹ Substance Abuse and Mental Health Services Administration. (2021). Behavioral Health Services for People Who Are Homeless. Advisory. chrome-extension://efaidnbmnnnibpcajpcglclefindmkaj/https://library.samhsa.gov/sites/default/files/pep20-06-04-003.pdf

- Substance use, mental health, medical care, and social supports services are critical for mitigating risks of SUDs and mental disorders and improving health outcomes.
- Programs using the “Housing First” model prioritize stable housing without requiring sobriety or participation in substance abuse treatment as a condition for housing. Once stabilized, motivational interviewing and harm-reduction strategies can encourage more people to pursue treatment.
- Many homeless individuals with substance use disorders also struggle with mental health conditions. Addressing these conditions alongside addiction increases the likelihood of seeking and remaining in treatment.

Residential and intensive outpatient treatment is vital for individuals who need intensive, round-the-clock care, particularly when addiction is severe or compounded by complex personal, social, or psychological challenges. It provides the stability and resources needed to build a strong foundation for lasting recovery.

Providing stable housing and basic necessities significantly increases the likelihood that individuals will consider and engage in substance abuse treatment. **Hawaii needs to be prepared for large numbers of Kauhale residents asking for treatment just at the time when capacity is insufficient to meet this need.**

We appreciate the opportunity to provide testimony and are available for questions.

MAUI

CHAMBER OF COMMERCE

VOICE OF BUSINESS

HEARING BEFORE THE SENATE COMMITTEES ON HEALTH AND HUMAN SERVICES and HOUSING

HAWAII STATE CAPITOL, HOUSE CONFERENCE ROOM 225

Wednesday, March 12, 2025 AT 1:05 P.M.

To The Honorable Senator Joy A. San Buenaventura, Chair
The Honorable Senator Henry J.C. Aquino, Vice Chair
Members of the Committee on Health and Human Services
To The Honorable Senator Stanley Chang, Chair
The Honorable Senator Troy N. Hashimoto, Vice Chair
Members of the committee on Housing

SUPPORT HB431 HD2 RELATING TO HOUSING

The Maui Chamber of Commerce **SUPPORTS HB431 HD2** which appropriates funds for the continued operation of the Kauhale Initiative and authorizes those funds to be used for the Ohana Zones Pilot Program; and establishes and appropriates funds into and out of the Supportive Housing Special Fund.

The Chamber recognizes that Hawaii has the highest homelessness rate per capita in the nation. The 2024 Point In Time Count reported a total of 6,389 individuals experiencing homelessness in the State. The majority are on Oahu, with 4,494, followed by Hawaii (718), Maui (654), and Kauai (523).

As we have stated previously, housing remains a critical need across the state, and particularly in Maui County. We are excited about the Kauhale Initiative and are encouraged to see a number of these communities beginning to take shape throughout the state.

Addressing the housing crisis and rising rents requires a combination of solutions, and we are hopeful that more Kauhale will be developed on Maui.

For these reasons, the Maui Chamber of Commerce fully **supports HB431 HD2** and respectfully urges its passage.

Sincerely,

Pamela Tumpap
President

To advance and promote a healthy economic environment for business, advocating for a responsive government and quality education, while preserving Maui's unique community characteristics.

Sen. Stanley Chang, Chair, Senate Committee on Housing

Members of the Senate Committees on Health and Human Services and Housing

Testimony in Support of H.B. 431, H.D. 2, Relating to Housing

Thank you for this opportunity to provide written testimony on H.B. 431, H.D. 2. My name is Sandra Oshiro, and I coordinate the Hawaii Young Adults in Transition, a support group for individuals on the autism spectrum and their families.

H.B. 431 seeks to serve populations in the state who are homeless or in danger of homelessness. Among them are those with intellectual or developmental disabilities, including individuals with autism spectrum disorder (ASD) such as my daughter. ASD is a growing health issue and a lifelong disability. The U.S. Centers for Disease Control and Prevention estimates that it now affects 1 in 36 people.

Many adults on the autism spectrum have difficulty finding employment and housing because of intellectual, communication, and mental health challenges. Without the support of family members, including aging parents who will soon be unable to care for them, individuals with ASD can find themselves living on the streets.

Supportive housing is a lifeline for this population. The bill helps ensure individuals with disabilities receive not just shelter, but also essential services that would enable them to live independently. The bill would ensure funding is available to create and sustain housing with built-in supports. Given stable, supported housing, individuals with IDD can contribute to their communities through employment, volunteerism, and civic engagement.

The bill's flexibility in funding mixed-income rental projects helps ensure that IDD individuals are integrated into the community rather than segregated in siloed housing. The proposal aligns with federal priorities such as the Olmstead decision, which mandates community-based living for individuals with disabilities whenever appropriate.

States that have invested in supportive housing for IDD populations have seen long-term success in reducing homelessness and improving individuals' quality of life. We urge you to support H.B. 431 as a necessary step toward ensuring sustainable housing for those who are among the most vulnerable in our communities.

Thank you,

Sandra Oshiro

RE: Testimony in Support for HB 431 HD2, Relating to Housing
DATE: Wednesday, March 12, 2025 at 1:05pm
PLACE: Conference Room 225

The Hawai'i Community Foundation (HCF) supports HB 431 HD 2, which continues to fund and support the Kauhale Initiative to provide creative solutions to combat homelessness. In addition, the bill bolsters the state's efforts to create safe supportive housing options for the community.

HCF's CHANGE Framework identifies six essential sectors for commitment to create a better Hawai'i. The goals of HB 431 HD 2 fit within both the "C" sector for Community-Centered Economy and "H" sector for Health and Wellness.

Hawai'i faces one of the highest homelessness levels of any state, currently experiencing a rate of more than 40 houseless residents per 10,000 individuals. The high cost of living, relative low wages, and limited housing supply create a challenging environment that push many individuals and families to make difficult choices about how to spend their limited resources. Just one financial setback can be the difference between skipping a meal, forgoing desperately needed medicine, or missing a rental payment. For anyone that loses the security of their own home, it is imperative to find a new, stable shelter as quickly as possible.

The Kauhale Initiative is just the type of solution that Hawai'i needs. It promotes cost-effective shared spaces that allow residents to take ownership and responsibility for the

physical place and each other. By expanding this program, the state can provide a greater safety net for the most vulnerable population. Furthermore, the supportive housing programs facilitate care and treatment opportunities for individuals with disabilities, those dealing with mental health illnesses, others battling substance abuse, and more. These services are critical to facilitate healing and stability.

HCF supports the Kauhale Initiative because it has already demonstrated success. By appropriating additional funds, the state can continue its efforts to reduce homelessness and demonstrate the care and compassion that is appropriate when assisting people that are facing these tremendous challenges.

Thank you for considering HCF's testimony in support of HB 431 HD 2. Homelessness is a critical issue for all of Hawai'i and the potential benefits of these sensible programs will be felt far and wide.

PACIFIC HOUSING
ASSISTANCE CORPORATION
888 Iwilei Road, Suite 200
Honolulu, Hawaii 96817

In Support of HB431 HD2

Hawaii Senator Joy A. San Buenaventura, Health and Human Services Chair
Hawaii Senator Henry J.C. Aquino, Health and Human Services Vice Chair
Hawaii Senator Stanley Chang, Housing Chair
Hawaii Senator Troy N. Hashimoto, Housing Vice Chair
Members of the Health & Human Services and Housing Committee

Pacific Housing Assistance Corporation, a Hawaii-based nonprofit, develops and manages affordable housing for very low—to moderate-income families, seniors, and individuals with special needs. Over the past 44 years, we've collaborated with nonprofit service providers to construct, acquire, or renovate 31 projects, offering 338 permanent supportive housing units for very low-income individuals with physical, intellectual, developmental, and severe mental disabilities and other special needs populations.

We strongly support HB431 HD2, which seeks to continue implementing the Kauhale initiative, establish the supportive housing special fund, and allocate critical funding to address the increasing needs of Hawaii's homeless and special needs population.

There is a critical need for affordable rental housing that combines supportive services and rental assistance to promote stability, health, and independence for veterans, formerly incarcerated individuals, domestic violence survivors, people with disabilities, youth aging out of foster care, and others.

This legislation enhances Hawaii Housing Finance and Development Corporation's ability to collaborate with developers to create supportive housing units for stand-alone or mixed-income rental projects. The flexible funding provided through HB431 HD2 will play a key role in supporting development, operational costs, and delivering essential supportive services across the state.

The bill's emphasis on partnerships among government agencies, non-profit organizations, and private sector stakeholders aligns with PHAC's mission to promote sustainable housing solutions. Supportive housing is more than just a response to housing challenges. It is a foundation for building strong, inclusive communities where individuals can thrive.

Thank you for the opportunity to submit testimony in support of HB431 HD2. We appreciate your commitment to ensure Hawaii continues to build on the progress made through the Kauhale initiative and to address the critical housing needs of our most vulnerable residents.

Sincerely,

Audrey E. Awaya
Executive Director

HAWAII APPLESEED

CENTER FOR LAW & ECONOMIC JUSTICE

Testimony of the Hawai'i Appleseed Center for Law and Economic Justice
Support for HB431 HD2 - Relating to Housing
Senate Committees on Health & Human Services and Housing
Wednesday, March 12, 2025 at 1:05PM Conf. Rm. 225 and via Videoconference

Aloha Chair Buena Ventura, Chair Chang, Vice Chair Aquino, Vice Chair Hashimoto and members of the committee:

Mahalo for the opportunity to testify in **strong support of HB431 HD2**, which would establish and appropriate funds into the Supportive Housing Special Fund and appropriate funds for the state's Kahaule initiative. This bill represents a critical step toward reducing chronic homelessness, promoting public health, and enhancing social stability

Hawai'i has **one of the highest per capita homelessness rates** in the nation, with the **2024 Point-in-Time Count** reporting **6,389 individuals experiencing homelessness** statewide. There is an urgent need to support our unsheltered community.

HB431 HD2 recognizes that housing is the solution to houselessness. The Kauhale Initiative facilitates the rapid development of transitional and bridge housing options to help people move off the streets into stable shelter. By appropriating funds for this initiative, HB431 HD1 enables the state to continue providing flexible, community-driven housing models that address short-term housing needs.

While these temporary solutions are essential, *permanent* deeply affordable housing remains key to ending homelessness. The state will be able to provide such units through the establishment and appropriations of the Supportive Housing Special Fund under HHFDC to fund three critical components:

1. Cost of development of supportive housing units.
2. Cost of operations and maintenance, including rental assistance.
3. Cost of provision of supportive services.

The SHSF will improve coordination between housing development, rental assistance, and support services to create an effective and transparent system for service providers, developers, and vulnerable populations. These target populations include homeless individuals, domestic violence victims, kupuna, disabled persons, youth, veterans, and other groups with acute needs.

The SHSF will facilitate the development of mixed-income rental housing projects with dedicated units for supportive housing. By integrating supportive units into broader housing developments, HHFDC will be able to ensure fiscal viability. Mixed-income rental housing also allows these individuals to live alongside diverse populations, which is critical to supporting long-term stability. With the addition of funds being able to be used for rental assistance, the

CENTER FOR LAW & ECONOMIC JUSTICE

Testimony of the Hawai'i Appleseed Center for Law and Economic Justice
Support for HB431 HD2 - Relating to Housing
Senate Committees on Health & Human Services and Housing
Wednesday, March 12, 2025 at 1:05PM Conf. Rm. 225 and via Videoconference

SHSF enables deep affordability for individuals who would otherwise not be able to afford shelter.

Supportive housing programs have placed hundreds of homeless families and those at risk into safe housing. The supportive, wraparound services include essential services such as case management, counseling, and employment support to help tenants overcome barriers to permanent housing and independence.

Studies consistently show that when individuals gain access to stable housing, they are more likely to voluntarily engage in substance use disorder treatment, mental health services, and other economic mobility opportunities. Housing First programs nationwide report that 50-60% of residents participate in substance abuse treatment when services are provided, demonstrating the critical role of supportive housing in promoting self-sufficiency and well-being.

Stable housing leads to better health outcomes and reduces reliance on emergency services, while fostering community well-being and public safety. Continued state investment in housing-first solutions is essential for building a resilient, inclusive, and healthy Hawai'i. We urge the committee to pass HB431 HD2.

Mahalo for the opportunity to testify.

To: Committee on Health and Human Services and Committee on Housing

Hearing Date/Time: Wednesday March 12, 2025 1:05 PM

Re: Testimony in Support of HB 431 HD2

Dear Chair San Buenaventura, Chair Chang and Members of the Committees:

The Hawaii Health & Harm Reduction Center (HHHRC) **supports HB 431 HD 2** which appropriates funds for the Kauhale Initiative. HHHRC currently operates a Kauhale and has found that this intentional community building model is very successful in creating sustainable housing and supporting residents in meeting their needs and goals.

HHHRC's mission is to *reduce harm, promote health, create wellness and fight stigma in Hawaii and the Pacific*. We focus our efforts on those disproportionately affected by social determinants of health, including but not limited to: people living with and/or affected by HIV, hepatitis, substance use, and the transgender, LGBTQ and the Native Hawaiian communities.

We know that in order to end homelessness, we will need more than 4000 units to meet the needs of the current community of unsheltered individuals and families. The Kauhale Initiative is able to meet the diverse needs of housing (long-term, temporary, supportive programs included, population-focused, etc). Funding this initiative will move us in this direction and is much needed.

Thank you for the opportunity to testify.

Heather Lusk, Executive Director, Hawaii Health and Harm Reduction Center

RE: HB 431 RELATING TO HOUSING – SUPPORT

Dear Chairs San Buenaventura and Chang, Vice Chairs Aquino and Hashimoto, and Committee Members,

I am submitting this letter in support of HB 431 on behalf of Easterseals Hawaii. Easterseals Hawaii served 2,025 Hawaii community members with intellectual and developmental disabilities (I/DD) in 2024. Our purpose is to create a more equitable world where people with I/DD can choose their own path.

HB 431 funds supportive housing for individuals with disabilities. Hawaii has one of the highest homelessness rates in the nation,¹ and people with disabilities are disproportionately affected by homelessness.² It is therefore critical to address the growing need for housing support in Hawaii, especially for individuals with disabilities who need supportive services along with affordable housing. This bill will do so by funding the Kauhale initiative and creating a supportive housing special fund.

Easterseals Hawaii supports HB 431 and respectfully requests your “aye” vote.

Mahalo for the opportunity to submit this letter.

A handwritten signature in black ink, appearing to read "Rachel Liebert Lewis".

The Young Democrats of Hawai'i (YDHI) **SUPPORTS HB431 HD2, RELATING TO HOUSING.**

Isaiah Baclaan
Treasurer

HB431 HD2 would appropriate funds for the continued operation of the Kauhale Initiative and authorizes those funds to be used for the Ohana Zones Pilot Program and would also establish and appropriate funds into and out of the Supportive Housing Special Fund. Effective 6/29/3000.

Cindy Ing
Young Democrats of America National Committeewoman

YDHI supports this bill because young adults, particularly those who are aging out of foster care or facing financial struggled, would benefit immensely from deeply affordable and permanent housing. As the cost of living continues to rise while wages fail to keep pace, young adults are at serious risk of homelessness.

Maria Glodilet Rallojay
Membership and Events Director

The Kauhale Initiative is more than just another affordable housing option—it has the potential to foster a supportive, intergenerational community where residents can share resources, learn from one another, and develop a strong sense of belonging. Stable housing provides young adults with the foundation they need to pursue education, secure employment, and build pathways to long-term success. Without deeply affordable housing, many will continue to struggle in a cycle of poverty and housing instability. Investing in the Kauhale Initiative is an investment in the future, ensuring that young adults have the opportunity to achieve independence and contribute meaningfully to their communities.

Dave Nagaji
Campaign Director

Jennifer Tse
Policy and Research Director

YDHI is an organization whose mission is to increase the political strength of young democrats between 18 and 35 years old by providing opportunities for civic engagement, political advocacy, and participation in the Democratic Party of Hawai'i. YDHI consists of over 1,600 members.

Young Democrats of Hawai'i

Mahalo nui loa for the opportunity to testify in SUPPORT of HB431 HD2,
RELATING TO HOUSING.

TESTIMONY IN SUPPORT OF HB431 HD2, RELATING TO HOUSING

SENATE COMMITTEE ON HEALTH & HUMAN SERVICES

SENATE COMMITTEE ON HOUSING

March 12, 2025

Aloha Chair(s) San Buenaventura & Chang, Vice Chair(s) Aquino & Hashimoto, Members of the Health & Human Services and Housing Committees:

The Democratic Party of Hawai'i **SUPPORTS** HB431 HD2, RELATING TO HOUSING. Pursuant to the Platform of the Democratic Party of Hawai'i, the Party supports policies that re-houses families and individuals experiencing houselessness as quickly and efficiently as possible, while also providing wrap-around services in the process.

This measure would support efforts to improve the living standards of members of our community who are struggling with houselessness and housing instability by providing further funds towards the Kauhale Initiative. This measure would also create the Supportive Housing Special Fund, dedicating resources towards keeping more of Hawai'i's people housed. Long term housing will bring stability, community, and the ability for more people to access the support that they need.

Mahalo nui loa for the opportunity to testify in support of HB431 HD2, RELATING TO HOUSING. Should you have any questions or require further information, please contact the Democratic Party of Hawai'i at legislation@hawaiidemocrats.org.

The Institute for Human Services, Inc.
Ending the Cycle of Homelessness

TO: Honorable Senator Joy A. San Buenaventura
Chair, Senate Committee on Health and Human Services

Honorable Senator Stanley Chang
Chair, Senate Committee on Housing

FROM: Angie Knight, Community Relations Manager
IHS, Institute for Human Services, Inc.

RE: HB 431 HD2 - Relating to Housing

DATE: March 11, 2025

POSITION: IHS supports the passing of HB 431 HD2

IHS, The Institute for Human Services, supports the passing of HB431 HD2. Since it began in 2016, the Kauhale Initiative has been able to establish temporary housing and shelter for a wide range of individuals experiencing homelessness. The initiative allows the homeless services' continuum of providers to hone in on specific populations and address specialized needs, helping more individuals get into shelter and off the streets and further on their path to permanent housing, such as formerly homeless families, those in substance use recovery, reentry following incarceration, and more.

Expanding the budget for the Kauhale Initiative allows current providers' operating sites to have stability for programs to help individuals within their care and more in the coming years. Moreover, it allows the creation of new sites with different focus populations. Moreover, creating a special fund to promote the development of permanent supportive housing addresses one of our community's current bottlenecks: individuals ready for permanent housing but with few options for the supportive services they need at their often fixed income rate.

Mahalo, thank you for the opportunity to testify and support the passing of this critical legislation to fund part of our homeless service's continuum of care.
