JUSTIFICATION SHEET

DEPARTMENT: Transportation

TITLE: A BILL FOR AN ACT RELATING TO PUPIL
TRANSPORTATION SAFETY

PURPOSE: To provide exemptions for the use of motorcoaches, small buses, and vans as school vehicles, even though they may not meet school bus regulations, so long as they shall otherwise meet vehicle requirements and qualifications set forth in chapter 19-143, Hawaii Administrative Rules, to the extent required by the Department of Transportation, the Department of Education, and public charter schools, and so long as they provide adult staff chaperone escorts of students while students are being transported between designated locations off-campus and designated locations on-campus.

MEANS: Amend sections 286-102(b) and 286-181(b) - (e) and (i), Hawaii Revised Statutes (HRS).

JUSTIFICATION: This bill is necessary to provide pupil transportation. There is a shortage of school bus drivers able to provide services to the Department of Education, public charter schools, and certain independent schools, that has resulted in the Department of Education, public charter schools, and certain independent schools reducing school bus services for qualified students needing transportation to and/or from school.

School bus services are an instrumental component to supporting fulfillment of the State's compulsory education laws that require school attendance for children between the ages of five and eighteen years.

Impact on the public: This bill promotes a solution to the school bus driver shortage to allow individuals transporting students on a small bus, motorcoach, or van between

designated locations off-campus and designated locations on-campus, and to do so with a valid commercial driver's license issued with a "P" endorsement under section 286-239(b)(4), HRS. Currently, individuals operating school buses must have a commercial driver's license with an "S" endorsement, providing for the authorization of driving school buses.

The proposed bill will provide for needed and timely access to and from school for a certain portion of students in the State.

Impact on the department and other agencies:
To allow individuals transporting students on a small bus, motorcoach, or van between designated locations off-campus and designated locations on-campus to do so with a valid commercial driver's license issued with a "P" endorsement under section 286-239(b)(4), HRS. Currently, individuals operating school buses must have a commercial driver's license with an "S" endorsement, providing for the authorization of driving school buses.
