
A BILL FOR AN ACT

RELATING TO EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that greater transparency
2 is needed regarding graduate outcomes in higher education.
3 Publicly reporting data on educational institutions'
4 post-graduation employment rates, median incomes, and other
5 metrics will allow students and their families to make informed
6 decisions about the student's career path and which educational
7 institution the student will attend. Tracking and reporting
8 this data will also help ensure institutional accountability and
9 align higher education programs with the State's workforce
10 development needs.

11 Accordingly, the purpose of this Act is to:

- 12 (1) Require the university of Hawaii system to collect,
13 analyze, and publicly report certain data on graduate
