## HOUSE CONCURRENT RESOLUTION

---

REQUESTING THE DEPARTMENT OF HEALTH TO CONVENE A DEMOLITION  
WASTE REDUCTION WORKING GROUP.

1 WHEREAS, Hawaii's landfills are nearing capacity, with the  
2 State facing significant community opposition to the expansion  
3 of existing facilities or the establishment of new facilities;  
4 and  
5

6 WHEREAS, according to the United States Environmental  
7 Protection Agency, construction and demolition waste constitutes  
8 approximately twenty-one to forty percent of landfill mass  
9 nationwide and represents one of the largest contributors to  
10 solid waste in Hawaii, further exacerbating landfill pressures;  
11 and  
12

13 WHEREAS, a comprehensive and coordinated cross-industry  
14 approach is critical to advancing the circular construction  
15 economy, reducing waste, and promoting sustainable practices  
16 across Hawaii's construction and demolition sectors; and  
17

18 WHEREAS, local recycling nonprofits and community-based  
19 organizations in Hawaii have made significant progress in  
20 advocating for deconstruction, reuse, and circular economy  
21 principles, but face barriers in scaling these efforts to have  
22 broader policy and economic impact; and  
23

24 WHEREAS, a construction and demolition waste reduction  
25 working group could serve as a catalyst to coordinate efforts  
26 across industries, identify resources, remove systemic barriers,  
27 and recommend targeted incentives that promote sustainable  
28 practices and economic growth; and  
29

30 WHEREAS, the adoption of reclaimed and reused materials,  
31 which are often low-embodied carbon alternatives to virgin  
32 materials, could significantly reduce greenhouse gas emissions  
33 and support Hawaii's carbon reduction goals, as outlined in Act

1 15, Session Laws of Hawaii 2018, which commits the State to  
2 carbon neutrality by 2045; and

3  
4 WHEREAS, landfills have historically been located near  
5 disadvantaged communities, disproportionately exposing these  
6 communities to health risks such as air pollution, groundwater  
7 contamination, and other environmental hazards, and addressing  
8 these injustices should be a central goal of sustainable waste  
9 management policies; and

10  
11 WHEREAS, the establishment of a working group will help  
12 make actionable recommendations, including reviewing potential  
13 approaches, proposing solutions, and prioritizing actions to  
14 promote deconstruction, materials reuse, and waste reduction;  
15 and

16  
17 WHEREAS, the Department of Health, given its mandate to  
18 protect public health and the environment, would be well-suited  
19 to lead the working group to ensure representation from all  
20 relevant stakeholders and alignment with Hawaii's sustainability  
21 and equity goals; now, therefore,

22  
23 BE IT RESOLVED by the House of Representatives of the  
24 Thirty-third Legislature of the State of Hawaii, Regular Session  
25 of 2025, the Senate concurring, that the Department of Health is  
26 requested to convene a Demolition Waste Reduction Working Group;  
27 and

28  
29 BE IT FURTHER RESOLVED that the working group is requested  
30 to:

- 31  
32 (1) Identify and implement solutions to reduce  
33 construction and demolition waste statewide;  
34  
35 (2) Develop strategies to scale deconstruction and  
36 materials reuse to reduce landfill dependency;  
37  
38 (3) Support the growth of the circular construction  
39 economy by fostering public and private sector  
40 collaboration;  
41

1 (4) Ensure alignment with Hawaii's carbon neutrality and  
2 environmental justice goals; and  
3

4 (5) Create a framework for policy and economic incentives  
5 that promote sustainable practices; and  
6

7 BE IT FURTHER RESOLVED that the working group is requested  
8 to include the following members:  
9

10 (1) The Director of Health, or their designee;  
11

12 (2) The Comptroller, or their designee; and  
13

14 (3) Private Sector Leaders invited to participate as  
15 members of the working group to include:  
16

17 (A) One representative from the construction  
18 industry;  
19

20 (B) One representative from the demolition and  
21 deconstruction industry;  
22

23 (C) One representative from the reuse retail  
24 industry;  
25

26 (D) One representative from the real estate  
27 development industry;  
28

29 (E) One representative with expertise in historic  
30 preservation;  
31

32 (F) One representative with expertise in  
33 architecture;  
34

35 (G) One representative with expertise in urban  
36 planning; and  
37

38 (H) One representative from the waste management  
39 industry; and  
40

41 BE IT FURTHER RESOLVED that the working group is requested  
42 to invite and involve community groups with expertise in

workforce development, public policy, and environmental justice;  
and

BE IT FURTHER RESOLVED that the working group is requested to focus on policy innovation and cross-industry collaboration, exploring best practices from successful circular economy programs in other regions, such as those implemented in Denmark, the Netherlands, and other global leaders in circular construction; and

BE IT FURTHER RESOLVED that the working group is requested to submit annual reports of its findings and recommendations, including any proposed legislation, to the Legislature, no later than twenty days prior to the convening of each regular session; and

BE IT FURTHER RESOLVED that the reports are requested to include the working group's successes and opportunities for further action in advancing the circular construction economy; and

BE IT FURTHER RESOLVED that certified copies of this Concurrent Resolution be transmitted to the Director of Health and Comptroller.
