8 school buildings in the State is seventy-two years; and
9

10 WHEREAS, properly repairing and maintaining public school
11 buildings is necessary for the safety of Hawaii's students and

13

14 WHEREAS, as of January 2024, the Department of Education

17

18 WHEREAS, the Department of Education received nearly \$1
19 billion in the 2021-2023 fiscal biennium for capital improvement
20 project appropriations; and
21

22 WHEREAS, fiscal accountability and oversight are critical
23 to ensure proper spending by the Department of Education while
24 providing Hawaii's students with safe learning environments; and
25

26 WHEREAS, this body finds that it is necessary to increase
27 transparency and disciplined and timely spending of capital
28 improvement program funds by the Department of Education, as
29 many public school facilities in the State are in need of repair
30 or renovation; and
31

32 WHEREAS, an audit of the Department of Education could help
33 identify any shortcomings in the current distribution of funds
34 and determine any necessary changes to increase the efficiency
35 of the Department of Education's capital improvement repair and
36 maintenance projects; now, therefore,

1
