# A BILL FOR AN ACT

RELATING TO PUBLIC FINANCING FOR CANDIDATES TO ELECTED OFFICE.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. The legislature finds that providing a  
2 mechanism to fully fund the elections of candidates for state  
3 and county offices who voluntarily agree to abide by campaign  
4 fundraising and expenditure guidelines will have significant  
5 public benefit. The common belief is that the current campaign  
6 finance system used in the State (and most other states)  
7 unfairly favors a small handful of wealthy donors who use their  
8 donations to buy access to candidates and elected officials.

9       Comprehensive publicly-funded campaign programs are  
10 intended to improve the process by allowing candidates to  
11 compete without reliance on private funds and by also allowing  
12 elected officials to make decisions without the influence, or  
13 appearance thereof, of private individuals, lobbyists, political  
14 parties, political action committees, unions, corporations, and  
15 other entities. Candidates who choose to participate in the  
16 State's comprehensive public funding program established by this  
17 Act, after obtaining a minimum of \$5 donations from voters,

1 would be barred from soliciting, accepting, or using  
2 contributions from any source other than the program's public  
3 funds. This restriction on funding would apply during each  
4 participating candidate's campaign and, if elected, throughout  
5 the candidate's term in office. By demonstrating support from  
6 voters in the relevant district, the participating candidate  
7 justifies receipt of public funding sufficient to run in a  
8 primary election and, if successful, the general election.

9       The legislature further finds that public financing of  
10 campaigns in some form has existed since the 1970s and was  
11 enacted in response to the Watergate scandal. The State became  
12 a leader in public funding programs when it added language to  
13 the Hawaii State Constitution in 1978 that established the  
14 partial public funding program that candidates may continue to  
15 use. Comprehensive public financing programs, sometimes termed  
16 "clean elections," were established in 1996 in Maine, in 1998 in  
17 Arizona, and have since also been adopted in Connecticut and New  
18 Mexico.

19       The legislature further finds that the statewide  
20 comprehensive public funding program established by this Act is  
21 modeled after the Hawaii county council's comprehensive public

1 funding pilot project that disbursed \$363,060 in public funds to  
2 a total of sixteen candidates in the 2010 and 2012 county  
3 council elections within Hawaii county. The statewide program  
4 proposed by this Act is also informed by Maine's Clean Election  
5 Act, which since 2000 has supported legislative and  
6 gubernatorial candidates in a state with a population similar to  
7 that of Hawaii. Under Maine's program, a state senate candidate  
8 would need to obtain at least one hundred seventy-five  
9 qualifying contributions in order to be eligible to receive up  
10 to \$70,000 in public funds, and a gubernatorial candidate would  
11 need at least three thousand two hundred qualifying  
12 contributions for up to \$3,000,000 in public funds. Comparable  
13 levels of public funding will be necessary to ensure that the  
14 State's program is practicable for participating candidates.  
15 The legislature notes that the annual cost of operating a  
16 program to publicly fund candidates is dwarfed in comparison to  
17 the state budget of several billion dollars. The cost is  
18 equally eclipsed by the projected increase in public confidence  
19 in the State's candidates and elected officials.

20 Therefore, the purpose of this Act is to establish a  
21 comprehensive system of public financing for all candidates

1 seeking election to state and county public offices in the  
2 State, beginning with the 2028 general election year.

3 SECTION 2. Chapter 11, Hawaii Revised Statutes, is amended  
4 by adding a new subpart to part XIII to be appropriately  
5 designated and to read as follows:

6 " . Comprehensive Public Funding for Candidates to State  
7 and County Offices

8 **§11-A Purpose.** The purpose of the comprehensive public  
9 financing program, which is a voluntary program, is to improve

13 (2) Allowing elected officials to make decisions free from  
14 the influence of, or the appearance that they have

3       approval and that nothing of value was given in  
4       exchange for the contribution. Only registered voters  
5       who reside within the respective district from which  
6       the candidate seeks nomination or election at the time  
7       the contribution is given shall be considered for
