
SENATE CONCURRENT RESOLUTION

REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO COOPERATE WITH
THE HAWAII STATE PUBLIC LIBRARY SYSTEM TO IDENTIFY RURAL
AND UNDERSERVED COMMUNITIES IN THE STATE WITH A NEED FOR
BETTER TELECOMMUNICATION ACCESS FOR RESIDENTS TO
PARTICIPATE IN THE STATE LEGISLATIVE PROCESS.

1 WHEREAS, providing access for residents to participate in
2 the state legislative process is a basic right of citizenship in
3 the State and should continue to be a priority; and
4

5 WHEREAS, ensuring equitable access to the state legislative
6 process for nearly four hundred fifty thousand residents on the
7 neighbor islands, as well as those in rural O'ahu, is essential
8 to strengthening civic engagement, enhancing the effectiveness
9 of the legislative process, and ensuring fair and accurate
10 representation on issues impacting the entire State; and
11

12 WHEREAS, with the rising costs of airfare, gas, and
13 lodging, providing designated locations or state offices on
14 neighbor islands and in rural O'ahu where citizens can
15 participate remotely in the state legislative process will help
16 reduce the financial burden of participation and further boost
17 civic engagement; and
18

19 WHEREAS, the Hawaii State Public Library System has long
20 provided free public access to broadband Internet and computer
21 equipment and is therefore well-prepared to serve as a conduit
22 for facilitating remote legislative participation; and
23

24 WHEREAS, with a network of fifty-one libraries across the
25 State, all of which have broadband capabilities and various
26 electronic devices, including Chromebooks, the Hawaii State
27 Public Library System has the infrastructure and resources to
28 support public access to the Internet and videoconferencing,

1 making it uniquely well-suited to assist individuals in
2 participating in the state legislative process; and
3

4 WHEREAS, the Legislative Reference Bureau has been tasked
5 with publicizing and educating the community and public at large
6 about the state legislative process, including ways in which
7 residents may testify on measures; and
8

9 WHEREAS, given its mandate and the existing infrastructure
10 in public libraries, it may be productive for the Public Access
11 Room of the Legislative Reference Bureau to publicize the
12 availability of tools within the Hawaii State Public Library
13 System to participate in the state legislative process; now,
14 therefore,
15

16 BE IT RESOLVED by the Senate of the Thirty-third
