# SENATE CONCURRENT RESOLUTION

---

URGING THE HAWAII DEPARTMENT OF AGRICULTURE AND DEPARTMENT OF  
AGRICULTURE OF THE COUNTY OF MAUI TO TAKE FURTHER  
MEANINGFUL ACTION TO ADDRESS THE AXIS DEER OVERPOPULATION.

1 WHEREAS, eating locally-grown food and meats are known to  
2 provide a benefit to the local economy and to the citizens of  
3 the State; and

4  
5 WHEREAS, the people of the State deserve to have access to  
6 the many local foods, including locally-hunted meat, available  
7 on the islands; and

8  
9 WHEREAS, the overpopulation of axis deer has been a great  
10 detriment to Maui by overgrazing native plants that would  
11 otherwise aid in mitigating erosion and fire and flood effects;  
12 and

13  
14 WHEREAS, axis deer are a plentiful source of high-quality,  
15 delicious protein; and

16  
17 WHEREAS, other states have successfully implemented  
18 programs that process and distribute locally-hunted meat to  
19 their community, for example Pennsylvania's Hunters Sharing the  
20 Harvest Program, which yearly donates over one hundred thousand  
21 pounds of venison to over five thousand food banks; and

22  
23 WHEREAS, existing United States Department of Agriculture  
24 inspection and meat processing requirements severely limit the  
25 financial and practical feasibility of the State's local hunters  
26 to successfully maintain a reasonably low population of axis  
27 deer and to distribute venison to the community; and

28  
29 WHEREAS, an increase of in-state meat inspectors certified  
30 by the United States Department of Agriculture would lower the  
31 cost of inspections for local hunters, provide a benefit to the

1 agricultural industry in the State, and make locally-hunted  
2 venison more available and safer for the community to consume;  
3 now, therefore,  
4

5 BE IT RESOLVED by the Senate of the Thirty-third  
6 Legislature of the State of Hawaii, Regular Session of 2025, the  
7 House of Representatives concurring, that the Hawaii Department  
8 of Agriculture and Department of Agriculture of the County of  
9 Maui are urged to take further meaningful action to address the  
10 axis deer overpopulation, including:  
11

12 (1) Implementing policies to make in-state inspectors  
13 certified by the United States Department of  
14 Agriculture, certified inspections, and certified  
15 processing facilities more accessible, capable, and  
16 affordable for local hunters to utilize to sell or  
17 gift venison; and  
18

19 (2) Implementing policies to increase the amount of  
20 in-state certified United States Department of  
21 Agriculture meat inspectors for game mammals; and  
22

23 BE IT FURTHER RESOLVED that the Hawaii Department of  
24 Agriculture and Department of Agriculture of the County of Maui  
25 are urged to convene a joint task force to oversee a County of  
26 Maui program that, in coordination with the United States  
27 Department of Agriculture certified processing facilities, would  
28 aim to investigate and develop plans to make affordable the  
29 processing of locally-hunted axis deer meat and the distribution  
30 of this venison to the community; and  
31

32 BE IT FURTHER RESOLVED that the joint task force is  
33 requested to submit a report of the program's accomplishments  
34 and barriers to the accomplishment of the program with its  
35 findings and recommendations, including any proposed  
36 legislation, to the Legislature no later than November 30, 2025;  
37 and  
38

39 BE IT FURTHER RESOLVED that certified copies of this  
40 Concurrent Resolution be transmitted to the United States  
41 Secretary of Agriculture, Administrator of the United States  
42 Department of Agriculture Food Safety and Inspection Service,

1 Deputy Director of the United States Fish and Wildlife Service,  
2 Governor, Chairperson of the Board of Agriculture, Chairperson  
3 of the Board of Land and Natural Resources, Mayor of the County  
4 of Maui, each member of the Maui County Council, and Director of  
5 the Department of Agriculture of the County of Maui.
