2 department of transportation to assume certain federal
3 environmental review responsibilities under the National
4 Environmental Policy Act of 1969 for highway projects, as well
5 as railroad, public transportation, or multimodal projects
6 within the State, will streamline project delivery while
7 maintaining environmental protections.

8 The purpose of this Act is to:

9 (1) Authorize the department of transportation to
10 participate in the National Environmental Policy Act
11 Assignment Program under title 23 United States Code
12 sections 326 and 327; and

13 (2) Provide a limited waiver of sovereign immunity to
14 comply with federal requirements for participation in
15 the program.

2 of transportation shall be headed by a single executive to be
3 known as the director of transportation. The department shall

6 transportation facilities and activities as may be authorized by
7 law.

8 (b) The department shall plan, develop, promote, and
9 coordinate various transportation systems management programs

11 school hours programs, bicycling programs, and ridesharing
12 programs.

13 (c) The department shall develop and promote ridesharing
14 programs that shall include but not be limited to carpool and
15 vanpool programs, and may assist organizations interested in
16 promoting similar programs, arrange for contracts with private
17 organizations to manage and operate these programs, and assist
18 in the formulation of ridesharing arrangements. Ridesharing
19 programs include informal arrangements in which two or more
20 persons ride together in a motor vehicle.

1 (d) The functions and authority heretofore exercised by
2 the department of public works with respect to highways are
3 transferred to the department of transportation established by
4 this chapter.

5 (e) On July 1, 1961, the Hawaii aeronautics commission,
6 the board of harbor commissioners, and the highway commission
7 shall be abolished and their remaining functions, duties, and
8 powers shall be transferred to the department of transportation.

9 (f) Notwithstanding any law to the contrary, the
10 department of transportation may:

11 (1) Acquire, or contract to acquire, by grant or purchase
12 any real, personal, or mixed property or any interest
13 therein for immediate or future use for the purposes
14 of:

15 (A) Climate mitigation and adaptation;

16 (B) Noise and visual buffer zones and barriers;

7 subsection. Upon making a finding that it is
8 necessary to acquire any real property for immediate
9 or future use for the purposes of this section or
10 title 15, the department of transportation may acquire
11 the property by condemnation pursuant to chapter 101;
12 provided that the property shall not thereafter be
13 acquired for any other public use without the consent
14 of the department of transportation;

15 provided that for the purposes of this subsection, the director
16 of transportation shall be authorized to exercise all the powers
17 vested in the board of land and natural resources for functions
18 subject to chapter 171; provided further that if state lands,
19 other than public lands, under the control and management of
20 another department or agency are required by the department of
21 transportation for the purposes of this section or title 15, the

1 department or agency having control and management of the
2 required lands shall, upon a request by the department of
3 transportation and with the approval of the governor, transfer
4 title to or lease those lands to the department of
5 transportation under terms and conditions as may be agreed to by
6 the parties.

7 (g) The department of transportation may assume
8 responsibilities of the United States Department of
9 Transportation with respect to duties under the National

9 (3) Adopt rules pursuant to chapter 91 to implement this
10 subsection and adopt relevant federal environmental
11 standards as the standards for the State for a program
12 described in this subsection.
13 (h) Except as provided by this subsection, sovereign
14 immunity to suit in federal court and from liability shall be
15 waived and abolished with regard to the compliance, discharge,
16 or enforcement of a responsibility assumed by the department of
