

UNIVERSITY of HAWAII®

Ke Kulanui o Hawai'i

Wendy F. Hensel
President

DEPT. COMM. NO. 101

December 12, 2025

The Honorable Ronald D. Kouchi,
President and Members of the Senate
Thirty-Third State Legislature
Honolulu, Hawai'i 96813

The Honorable Nadine K. Nakamura, Speaker
and Members of the House of Representatives
Thirty-Third State Legislature
Honolulu, Hawai'i 96813

Dear President Kouchi, Speaker Nakamura, and Members of the Legislature:

For your information and consideration, the University of Hawai'i is transmitting one copy of the Annual Report on the Research and Training Revolving Fund (Section 304A-2253, Hawai'i Revised Statutes) as requested by the Legislature.

In accordance with Section 93-16, Hawai'i Revised Statutes, this report may be viewed electronically at: https://www.hawaii.edu/govrel/docs/reports/2026/hrs304a-2253_2026_rtrf_annual-report_508.pdf.

Should you have any questions about this report, please do not hesitate to contact Stephanie Kim at (808) 956-4250, or via e-mail at scskim@hawaii.edu.

Sincerely,

A handwritten signature in blue ink, appearing to read "Wendy Hensel".

Wendy F. Hensel
President

ANNUAL REPORT

REPORT TO THE 2026 LEGISLATURE

Annual Report on the
Research and Training Revolving Fund

HRS 304A-2253

December 2025

ANNUAL REPORT ON THE RESEARCH AND TRAINING REVOLVING FUND 2024-2025

INTRODUCTION

The Research and Training Revolving Fund continues to be very effective in stimulating research, which results in extramural contracts and grants. This report summarizes the investments of the Fund for 2024-2025 and indicates the effectiveness of this support. Procedures for awarding grants from the Fund were the same as in previous years.

The Governor's approved guidelines for the administration and investments of the Fund:

1. The funds were administered by the Vice President for Research & Innovation (VPRI), the UH Mānoa Vice Provost for Research and Scholarship (VPRS), and the University Research Council within the general guidelines approved by the University President.
2. The funds were administered in the four categories described under Part I – Fund Investments.

FUND INVESTMENTS

Pursuant to HRS Section 304A-2253, \$74,702,152 was deposited into the Research and Training Revolving Fund and invested as follows:

1. Scholarly Development Fund

The Scholarly Development Fund serves two purposes. The first is to provide seed money support to develop research projects or training programs for extramural funding. The second is to provide travel funds for University professionals that enable them to communicate research and new ideas at international, national or regional meetings, and to permit contact with extramural funding agencies.

Investments

The UH Mānoa Research Council reviewed 152 travel requests totaling \$306,442 and made 152 awards totaling \$202,263. Table 1 lists the Professional Travel recipients.

The UH West O'ahu Council reviewed 50 travel requests totaling \$145,877 and made 50 awards totaling \$101,512. Table 2 lists the Professional Travel recipients.

Investments for 2024-2025: \$303,775

2. Facilitating Services Fund

The Facilitating Services Fund is used to support the research, instruction and public service missions of the University units that generated overhead revenue.

The fund is invested in proportion to the overhead revenue generated by each of the units.

Effective FY 1999, the Deans and Directors of the units were granted the authority to expend these funds at their own discretion.

Investments

A total of \$54,126,443 was invested in the fund. Table 3 lists the distribution by unit.

Investments for 2024-2025: \$54,126,443

3. Project Development Fund

The Project Development Fund is used to facilitate research and training in new or developing fields, provide matching funds for the acquisition of research equipment, and to promote participation in professional organizations.

Investments

The UH Mānoa VPRS made 53 awards totaling \$6,862,916. Table 4 lists the Project Development Fund recipients.

\$0 was invested in the Student Excellence in Research Awards by the UH Mānoa VPRS.

Investments for 2024-2025: \$6,862,916

4. Vice President for Research and Innovation Investments:

A total of \$12,483,663 was invested for research support and services, including \$4,535,409 paid to RCUH for procurement and HR services for the University's extramural funds.

The VPRI made 20 awards totaling \$7,401,644 in support of programs summarized in Table 6.

Investments for 2024-2025: \$19,885,307

<u>Description</u>	<u>FY 2025</u>
RCUH Management Fees	4,535,409
A-133 Audit Fees	418,025
Office of the VP for Research and Innovation	3,797,748
Office of Research Services	1,509,198
Office of Innovation and Commercialization	184,280
Office of Research Compliance	2,039,003
TOTAL	12,483,663

5. Summary of Investments

TOTAL		\$ 74,702,152	\$ 73,530,217	\$ 148,232,369	\$ 64,943,421	\$ 83,288,948	\$ -

RESULTS OF SEED MONEY AND PROFESSIONAL TRAVEL AWARDS

1. Extramural Awards to Recipients of Seed Money

Recipients of these funds are actively seeking new sources to support their research. The Scholarly Development Fund (“Fund”) is very important in this connection, especially for younger faculty not yet having established a track record. Once they have initiated research with seed money, they can cite initial results, and thus make a much stronger case for receiving additional support.

Results from seed money are not always immediate, but may occur sometime after a seed money award. The results reported herein thus may be due to funds invested in earlier years. The Fund was initiated in 1975.

The Research Council awards for seed money from the Fund give due consideration to the potential for generating extramural support. Faculty receiving seed money awards must indicate their plans for extramural funding to further research. During the last fiscal year, no awards were given for seed money.

2. Extramural Awards to Faculty Receiving Travel Support

The recipients of these travel awards are all productive scholars with active research agendas. The presentation of their research results at major professional meetings allows the investigators to meet with potential sponsors and exchange ideas with colleagues. It also exposes the broader professional community, including funding agencies, to the work being accomplished at the University of Hawai'i, results in increased professional recognition of investigator and the University, and leads to additional funding.

TOTAL EXTRAMURAL SUPPORT FOR RESEARCH/TRAINING, 2024-2025

Attached summary table, Table 7 for research and non-research projects, provides comparative figures for awards made to the University, the past five years.

In 2024-2025, research awards worth \$361,092,915 and training awards worth \$372,927,966 were received.

CONCLUSIONS:

As summarized in this report, the Research and Training Revolving Fund is essential to the effective operation of the programs administered through this office. It is one of the most important sources of support this University has. The Governor and the Legislature should be commended for their foresight in establishing the Fund as an investment in the health of research and training at the University, and for the provision of the additional funds for equipment, repairs and maintenance.

Respectfully submitted,

Chad B. Walton
Interim Vice President for Research & Innovation
