COMPLIANCE AND ENFORCEMENT

When a complaint is filed with the Insurance Division, the Compliance and Enforcement Branch (C&E Branch) investigates whether a violation of the Insurance Code has occurred. The C&E Branch may recommend appropriate disciplinary action if necessary. Should a case warrant further action, the C&E Branch refers the case to either the Insurance Division's Legal Branch for administrative action or to the Department of the Attorney General for prosecution by the State. To file a complaint, an interested party must put their concerns in writing or complete and submit the complaint form to the Insurance Division.

During Fiscal Year (FY) 2024-2025, consumers and the insurance industry saved or recovered \$4,346,823.55 from insurers and agents with the assistance of the C&E Branch.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

INSURANCE FRAUD INVESTIGATIONS

The Insurance Fraud Investigations Branch (Fraud Branch) conducts a statewide program to prevent, investigate, and prosecute insurance fraud cases and complaints relating to all lines of insurance, except workers' compensation insurance. The Fraud Branch reviews referrals submitted by the insurance industry, other agencies, and the public and opens investigations in all cases where it suspects that a crime may have been or is currently being committed. State law requires that any insurer or insurer's employee or agent, who believes it has received a fraudulent claim, refer the case to the Fraud Branch within 60 days.

The Fraud Branch employs special deputy attorneys general to initiate criminal prosecutions. By employing deputies trained in criminal prosecution, all cases receive prompt attention and representation in the criminal justice system. The branch includes 10 employees, including prosecutors, investigators, and administrative staff.

During FY 2024-2025, the Fraud Branch received 711 referrals from insurance companies, various agencies, and the public. Of those accepted for prosecution, criminal indictments were obtained against 33 individuals with a fraud amount totaling \$258,985.00 for the fiscal year. The Fraud Branch obtained \$500.00 in restitution payable to the Crime Victim Compensation Fund, and \$2,000.00 in fines payable to the State of Hawaii. Also collected were \$3725.00 in probation service fees, \$2738.00 in miscellaneous fees, and \$16,500.00 for the State General fund.

The Fraud Branch works to prevent insurance fraud by being available for informative presentations and making copies of its informational brochure available to the public. There is also an online fraud referral form on the Departments' website that is available to the public. Online classes, discussions, conferences, or seminars that the Fraud Branch participated in included those sponsored by the National Association of Attorneys General, the National Insurance Crime Bureau, the Western States Auto Theft Investigators – Hawaii Chapter, the National Association of Insurance Commissioners, the International Association of Special Investigations Unit, the Social Security Association, and the Hawaii State Bar Association's Continuing Legal Education.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

HEALTH INSURANCE

The Health Insurance Branch (Health Branch) is responsible for regulating health insurers, including health maintenance organizations and mutual benefit societies.

The Health Branch receives inquiries and complaints pertaining to federal and state laws governing health insurance, including long-term care insurance. Of the 129 complaints: 34 involved policy coverage; 23 involved denial of coverage; 22 involved participating or non-participating coverage; 17 involved reimbursement timeliness; 17 involved claims appeal; 9 involved termination of coverage; 3 involved rate increase; 1 involved prescription drug benefits; 1 involved obtaining health insurance; 1 involved HIPAA; and 1 involved unfair marketing. Complaints resolved during this period saved consumers more than \$51,450.

In addition to addressing complaints, the Health Branch answers information requests from consumers, healthcare providers, and health insurance professionals by responding to e-mails and providing callers with information on health insurance matters. During FY 2024-2025, the Health Branch handled more than 228 inquiries.

The Health Branch assisted in reviewing producer licensee applications and renewals by screening 244 applications and renewal applications for criminal convictions and administrative action histories.

Pursuant to Chapter 431, Article 10, Part I of the Hawaii Revised Statutes (HRS), the Health Branch reviewed health insurance contracts and forms to ensure continued compliance with readability and the disclosure of required information. It also reviewed premium rate filings of managed care plans pursuant to HRS chapter 431, article 14G. The Health Branch received 120 filings during FY 2024-2025, resulting in cost savings attributed to rate review of \$12,527,706.

The Health Branch also conducts independent external reviews of managed care plan coverage decisions that are appealed by plan members pursuant to HRS chapter 432E. During FY 2024-2025, the Health Branch received 31 requests for external reviews, and the process during this period resulted in consumer savings of \$72,339.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

INSURANCE LICENSING

The Insurance Licensing Branch (Licensing Branch) is responsible for the initial licensing of adjusters, independent bill reviewers, insurance producers, life settlement brokers and providers, limited lines producers for travel and credit, limited lines for portable electronics, limited lines for motor vehicle rental company, limited lines for self-service storage, managing general agents, reinsurance intermediary brokers and managers, surplus lines brokers, and third-party administrators. The Licensing Branch also registers pharmacy benefit managers, service contract providers, and vehicle protection product warrantors.

In addition to issuing new licenses, the Licensing Branch also renews, inactivates, reinstates, amends and converts licenses; checks fingerprint results on all resident license applicants; processes voluntary surrender of a license; facilitates the Continuing Education (CE) Advisory Committee meetings to approve or reject CE providers and courses; and maintains a database of individual and business entity licenses and registration as well as the CE credits completed by producers.

During FY 2024-2025, the Licensing Branch issued 22,346 new licenses, reinstated 1,487 licenses, renewed 37,608 licenses, inactivated (voluntary surrendered) 856 licenses, non-renewed 21,290 licenses, created 70,272 new appointments, terminated 51,698 appointments, updated 39,736 contact changes, created 2,589 agent reviews, activated 4 CE providers, inactivated 0 CE providers, activated 374 CE courses (156 life and health insurance, 176 property and casualty insurance, 21 rules and ethics, 9 ethics/property and casualty, 9 ethics/life and health, 2 life/annuity, 1 life/annuity 2023), inactivated 6 CE courses (4 life and health, 2 property and casualty), and rejected 16 CE courses (5 life and health, 11 property and casualty). Producers completed 16,673 CE courses. The licensing and CE fees totaling \$11,322,190 were deposited into the Compliance Resolution Fund.

The Licensing Branch transitioned to State Based Systems (SBS) and worked closely with National Insurance Producer Registry (NIPR) to streamline the licensing processes to be cost-effective and uniform. Currently, all licenses and registrations are available and required to be submitted through NIPR's online services. All CE providers and course approvals or renewals also required to be submitted online through SBS.

The Insurance Division website also provides pertinent information and guidance to various online and licensing services for the public, applicants, and the licensees. The public, applicants, or licensees can search for insurance licenses, download forms, search approved CE courses, check the balance of CE credits, and obtain instructions on how to apply for, renew, reinstate an insurance license or register on the Division website. All active licenses may also print their insurance licenses online.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

RATE AND POLICY ANALYSIS

The Rate and Policy Analysis Branch (RPA Branch) is responsible for regulating life, annuity, limited-benefit health insurers, property & casualty insurers, and rating and advisory organizations.

The RPA Branch analyzes and approves or disapproves rate filings for credit life and disability, long-term care, and Medicare supplement insurance, property, casualty, motor vehicle, workers' compensation, surety and various inland marine insurance programs. The RPA Branch also reviews policy form filings for the products subject to rate review as well as for life, annuity and other limited benefit health plans.

During FY 2024-2025, the RPA Branch reviewed approximately 4,655 filings. This figure represents an increase in the volume of filings over the prior fiscal year.

The RPA Branch utilizes the National Association of Insurance Commissioners (NAIC) filing application known as System for Electronic Rate and Form Filing (SERFF), a state-of-the-art system for filing submittal, document management and review access. First introduced in 2001 to a modest number of participating insurers in Hawaii, approximately 100% of insurers were using SERFF by 2013, thereby eliminating the need for paper filings. By 2019, Hawaii moved toward greater transparency for life and health filings by enabling SERFF Filing Access (SFA), an on-line portal through which the public may view SERFF filings. In 2020, property and casualty filings were also made available through SFA.

Act 104 (2004) permitted Hawaii to join other states to regulate designated insurance products through an interstate insurance product regulation compact now known as the Insurance Compact. The Commission for the Insurance Compact became effective May 2006 with 26 member states. Bylaws and operating procedures have been adopted with input by member states, as well as product standards for life, annuity, disability income and long-term care. At the close of FY 2024-2025, there are 48 compacting states including DC and Puerto Rico, over 240 filing companies and 116 product standards. The Compact approved over 600 filings for Hawaii in FY 2024-2025.

LONG-TERM CARE INSURANCE: Pursuant to HRS § 431:10H-217.5, insurers transacting long-term care insurance business on or after January 1, 2008, are required to comply with model disclosure standards and actuarial rate-making standards. The majority of insurers with rates and forms on file in Hawaii no longer actively sell stand-alone long-term care insurance, though they continue to service existing policyholders. Requests for premium increases for policies issued before 2008 continue to be large, but the current rate review process resulted in reducing those premium increases by approximately \$11.1 million. Combination products of life or annuity with a long-term care rider are available and are an alternative to traditional, stand-alone long-term care plans.

MEDICARE SUPPLEMENT INSURANCE: There are 13 insurers offering Medicare Supplement plans in Hawaii. The majority have added new plans as allowed by Medicare Access and CHIP Reauthorization Act of 2015, and many provide a wide selection of plans. Similar to the last fiscal year, modest increases in rates continued primarily due to inflation. Overall, the rates for this product remain stable.

MOTOR VEHICLE INSURANCE: Estimated savings due to rate review are \$1.5 million. It is less than last year as insurers continue to need rate increases due to inflationary pressures that have not quite subsided. The RPA Branch produces and posts an annual Vehicle Premium Publication as a guide to consumers who take an interest in shopping for the best rate.

HOMEOWNERS INSURANCE: The property insurance market across the country continued to weaken in FY 2024-2025, particularly in states with areas prone to catastrophic perils, such as hurricanes and wildfires. Overall, availability of insurance in the personal line insurance products of Homeowners, Renters and Condominium remains good, though insurers have begun to tighten their underwriting. The exception for availability continues to be within highest-risk Lava Zones 1 and 2 where Hawaii Property Insurance Association (HPIA) is essentially the insurer of last resort. Another problem area that continues to be a priority to address is availability of insurance for condominium associations of buildings that are aging, have significant deferred maintenance costs, or are in disrepair. The Insurance Division anticipates positive impact of legislation resulting from 2025.

The Insurance Division continued to ask insurers to take a long-term view to reduce rate volatility which resulted in estimated savings of \$9.7m with about one third of the savings going to policyholders of HPIA. The RPA Branch also produces and posts an annual Homeowners Premium Publication as a guide to consumers who take an interest in shopping for the best rate.

HURRICANE INSURANCE: Hawaii has seen the total number of hurricane insurers in Hawaii stabilize, though insurers have

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

continued to tighten their underwriting standards which reduces availability for homeowners. The availability within the commercial property market specifically for condominium master policies continues to be difficult. Many condominium master policies continue to be written in the surplus market. In both personal and commercial hurricane products, the Insurance Division continued to see larger than typical increases. The concerns over climate change and a hard re-insurance market continue to exert upward pressure on hurricane insurance rates.

WORKERS' COMPENSATION: Hawaii is a state that provides among the strongest worker protections in the country. The workers' compensation line of insurance continues to reflect trends that are different from the rest of the nation. On November 27, 2024, revisions to the National Council on Compensation Insurance, Inc's Workers' compensation loss costs were approved with an overall decrease of 3.5% to reflect projected experience and statutory benefits for January 1, 2025. This was a smaller decrease than last year but remains a welcome result in an otherwise difficult year for insurance products.

OTHER PROPERTY & CASUALTY INSURANCE: Rate filing review in other property & casualty lines of insurance resulted in an estimated savings of \$1.3 million. Trending rate increases are in the areas of pet insurance and liability insurance products of all types, primarily due to inflation.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

CAPTIVE INSURANCE

Established in 1998, the Captive Insurance Branch (Captive Branch) provides dedicated resources to assist the Insurance Commissioner in the enforcement of Article 19, Chapter 431 of the HRS and rules adopted pursuant to this article and related to captive insurance. The role of a captive insurance administrator is established within the insurance division and is solely responsible for assisting the Insurance Commissioner in monitoring, regulating, and developing captive insurance companies under Article 19.

Legislation was first enacted in 1986 to enable the formation of captive insurance companies in this State. Since then, Hawaii has established an exceptional reputation worldwide in this complex, innovative sector of the insurance and risk-financing industry. Furthermore, in the Pacific, Hawaii is considered to be the premier domicile for captive insurance companies. Hawaii is ranked fifth nationally and eighth worldwide based on the total number of active captive insurance company licenses.

However, as states seek to become home to new captive insurance companies, competition within the market grows as both the number of international captive domiciles increase and the number of states that have become captive domiciles rise (35 states). Two notable trends have resulted from this: (a) new captive formations are distributed among more states and international jurisdictions; and (b) the market for companies capable of forming a captive insurance company is contracting because many mid-size to large companies already utilize a captive insurance company. In spite of this, the Captive Branch issued 17 new captive licenses in 2024 with 6 captives closed through dissolution, mergers, or re-domestication. During the 2024 calendar year, total assets were approximately \$44.6 billion, combined total capital and surplus was approximately \$11.1 billion, and total gross written and assumed premiums were approximately \$18.4 billion combined.

Hawaii has met the current challenging environment with action by implementing responsive strategies such as a more efficient distribution of relevant information to prospective and current captive organizers who utilize internet and digital technology. The Captive Branch will continue to be prudent in its regulatory approach, while also participating in conversations to advance the national and international insurance standards. Furthermore, the Captive Branch will also review initiatives that provide potential opportunities for Hawaii's captive insurance industry.

Hawaii continues to attract captives from Fortune 500 companies in the United States and a growing number of Japan-based corporations that normally have few business contacts in the United States. These captive insurance companies add millions of dollars in investments held in Hawaii and managed by local Hawaii banks and financial institutions. As of December 31, 2024, total investments held in Hawaii were approximately \$2.48 billion. Hawaii's captive industry also supports many specialized local professional services from the sectors of public accounting, legal, claims administration, and other insurance-related services. The Captive Branch will continue to work with the public and private sectors by providing educational expertise and resources to support the long-term development and refinement of this niche business in Hawaii.

The following is an aggregated summary of information about Hawaii's captive insurance industry as of December 31, 2024 and 2023, respectively:

FINANCIAL SURVEILLANCE AND EXAMINATION

The Financial Surveillance and Examination Branch (FSE Branch) conducts financial analyses and examines Hawaii-domiciled insurance companies, agencies, health maintenance organizations, and mutual benefit societies, to confirm their financial condition, solvency and compliance with applicable laws and regulations. To safeguard consumer interests and maintain the integrity of the insurance industry, the FSE Branch also:

- License and renewal of more than 1,400 domestic, foreign and alien insurers.
- Processes and collects more than \$200 million in Insurance Premium and Surplus Lines taxes on behalf of the General Fund, and Workers' Compensation levies on behalf of the Department of Labor & Industrial Relations.
- Processes and administers the Qualified High Technology Business Investment Tax Credits and Low-Income Housing Tax Credits claimed against Insurance Premium taxes.
- Authorize and monitor accredited and trustee reinsurers.
- Registers purchasing groups and foreign risk retention groups.
- Regulates self-insurers.
- Maintains statutorily required security deposits.
- Monitors market share and competitive standards of mergers and acquisitions.

The Insurance Division is subject to periodic review by the NAIC Financial Regulation Standards and Accreditation Program (FRSAP) which requires state insurance departments to regulate domestic insurers' corporate and financial affairs. The FSE Branch introduces legislation and administrative rules to ensure that the Insurance Division has adequate statutory and administrative authority, and the resources necessary to satisfy its regulatory obligation. An independent FRSAP review team conducts a comprehensive review of all accredited state insurance departments at least once every five years to ensure their compliance with NAIC standards. First accredited by the NAIC FRSAP in 1996, the Insurance Division has been re-accredited in 2001, 2006, 2011, 2016 and 2021.

A summary of activities administered by the Financial Surveillance and Examination Branch for the last two calendar years follows:
