Annual Report on Workforce Development Programs School Year 2023-2024

December 2025

Section 202-10, Hawai‘i Revised Statutes, requires the Hawai‘i State Department of Education to annually report on the programs being offered, the number of individuals that have been placed in employment through their respective workforce development programs, the type or category of employment garnered, and the amount and nature of expenditures made on workforce development programs.

**Hawai‘i State Department of Education
Annual Report on Workforce Development Programs
School Year 2023-2024**

Introduction

The Hawai‘i State Department of Education (Department) is the Adult Education Family Literacy Act (AEFLA) grant recipient for the State of Hawai‘i. AEFLA, administered by the Office of Career, Technical, and Adult Education (OCTAE) within the United States Department of Education, is authorized as Title II of the Workforce Innovation and Opportunity Act (WIOA), federal legislation designed to strengthen and improve the nation’s public workforce system. The grant aims to help Americans, including youth and those with significant barriers to employment, obtain high-quality jobs and careers and help employers hire and retain skilled workers.

The purpose of AEFLA is to provide educational opportunities below the postsecondary level for individuals 16 years or older who:

- are not currently enrolled in school;
- lack a high school diploma; or
- lack the basic skills to function effectively in the workplace and in their daily lives.

The local eligible providers of AEFLA adult education services are the McKinley and Waipahu Community Schools for Adults, which have a total of ten campuses across the state:

Programs Offered

Under AEFLA, the Basic Grants to States is the primary source of federal support for basic skills programs offered in four areas:

1. Adult Basic Education: Basic skills instruction below the high school level;
2. Adult Secondary Education: High school-level instruction;
3. Integrated English Literacy and Civics Education: Education services provided to adult English language learners that include instruction in literacy and English language acquisition, as well as instruction on the rights and responsibilities of citizens and civic participation, which may include workforce training; and
4. English Language Acquisition Instruction: Educational program designed to help eligible individuals who are English language learners achieve competence in reading, writing, speaking, and comprehension of the English language, which leads to the attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training or employment.

Adult Basic and Secondary Education programs are also provided to institutionalized individuals in Hawai‘i in partnership with the Department of Corrections and Rehabilitation.

Number of Individuals Placed in Employment Through Their Respective Workforce Development Programs
