
A BILL FOR AN ACT

RELATING TO SOCIAL MEDIA.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. This Act shall be known and may be cited as the
2 Hawaii Social Media Data Deletion Act.

3 SECTION 2. The legislature finds that social media
4 platforms collect, store, and process large amounts of users'
5 personal information, including data that can persist
6 indefinitely even after a user deletes an account. Users should
7 have meaningful control over their digital identities and
8 personal information, including clear rights to delete such
9 information when they choose to discontinue using a platform.
10 Effective deletion of personal data upon account termination
11 promotes digital privacy, reduces the risk of unauthorized data
12 retention and third-party sharing, and aligns with emerging
13 state privacy standards.

14 The purpose of this Act is to require certain social media
15 platforms to:

16 (1) Provide an accessible mechanism for users to delete
17 their accounts;

1 (2) Permanently delete all personal information and
2 sensitive personal information associated with deleted
3 accounts; and

4 (3) Prohibit deceptive practices that obstruct deletion.

5 SECTION 3. The Hawaii Revised Statutes is amended by
6 adding a new chapter to be appropriately designated and to read
7 as follows:
