
A BILL FOR AN ACT

RELATING TO CORRECTIONAL FACILITIES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii's long-
2 standing reliance on incarceration, including the use of
3 private, for-profit correctional facilities located outside the
4 State, has caused significant harm to incarcerated persons,
5 their families, and communities. The practice of transferring
6 Hawaii inmates to the continental United States separates
7 individuals from their ohana, culture, and support systems;
8 undermines rehabilitation; and creates barriers to successful
9 reentry. Findings of the House Concurrent Resolution No. 85
10 task force (task force) concluded that mass incarceration has
11 not improved public safety, imposes high fiscal and social
12 costs, and fails to address the underlying causes of criminal
13 behavior.

14 The legislature further finds that the continued use of
15 out-of-state private prisons weakens accountability, limits
16 transparency, and prioritizes cost containment over
17 rehabilitation and public safety. Reports and community

1 testimony demonstrate that incarceration far from home increases
2 trauma, disrupts family unity, and contributes to higher rates
3 of recidivism. Consistent with the task force's
4 recommendations, Hawaii must transition toward a corrections
5 system that emphasizes treatment, rehabilitation, and community-
6 based alternatives rooted in evidence-based and culturally
7 responsive practices.

8 The legislature recognizes that Native Hawaiians and other
9 disproportionately affected communities are overrepresented at
10 every stage of Hawaii's criminal legal system and are more
11 likely to experience incarceration, extended confinement, and
12 out-of-state exile. These disparities reflect historical,
13 structural, and systemic inequities, including the erosion of
14 land, culture, and self-determination. The separation of Native
15 Hawaiian inmates from their 'aina, language, and cultural
16 practices further compounds intergenerational harm. Addressing
17 mass incarceration and ending the use of private, out-of-state
18 prisons is necessary to advance racial equity; honor Hawaii's
19 constitutional commitments; and promote healing, justice, and
20 community well-being.

1 Therefore, the purpose of this Act is to require the
2 director of corrections and rehabilitation to incrementally
3 reduce the number of committed felons incarcerated in private,
4 out-of-state correctional institutions.

5 SECTION 2. Section 353-16.2, Hawaii Revised Statutes, is
6 amended by amending subsection (a) to read as follows:

7 "(a) The director may effect the transfer of a committed
8 felon to any correctional institution located in another state
9 regardless of whether the state is a member of the Western
10 Interstate Corrections Compact; provided that the institution is
11 in compliance with appropriate health, safety, and sanitation
12 codes of the state, provides a level of program activity for the
13 inmate that is suitable, and is operated by that state, by any
14 of its political subdivisions, or by a private institution;
15 [and] provided further that the transfer is either:

16 (1) In the interest of the security~~[r]~~ or management of
17 the correctional institution where the inmate is
18 presently placed, or the reduction of prison
19 overcrowding; or

20 (2) In the interest of the inmate~~[r]~~ i

1 provided further that beginning on July 1, 2029, the director
2 shall reduce the number of committed felons incarcerated in
3 private, out-of-state correctional institutions by twenty-five
4 per cent; provided further that beginning on July 1, 2031, the
5 director shall reduce the number of committed felons
6 incarcerated in private, out-of-state correctional institutions
7 by fifty per cent.

8 As used in this section, "private, out-of-state
9 correctional institution" includes any correctional institution
10 outside the State operated for profit or under a public-private
11 partnership."

12 SECTION 3. The department of corrections and
13 rehabilitation shall submit a report to the legislature no later
14 than twenty days prior to convening of the regular sessions of
15 2027, 2028, 2029, 2030, 2031, and 2032 on its actions and
16 progress in meeting the reduction in the number of committed
17 felons incarcerated in private, out-of-state correctional
18 institutions as required by this Act.

19 SECTION 4. Statutory material to be repealed is bracketed
20 and stricken. New statutory material is underscored.

1 SECTION 5. This Act shall take effect upon its approval.
