
A BILL FOR AN ACT

RELATING TO CIVIC EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that a thriving democracy
2 depends on an engaged, informed, and empowered citizenry. Yet
3 the systems that sustain democratic participation—critical
4 thinking, media literacy, collaborative problem-solving, and
5 knowledge of governmental processes—must be intentionally
6 cultivated. For students, education received in middle school
7 or intermediate school is a pivotal period in which young people
8 form lasting understandings of their role in public life and
9 their connection to community, government, and aina. To meet
10 this moment, Hawaii's public schools require stable, dedicated
11 resources that expand opportunities for students to develop
12 civic knowledge and the habits of democratic participation.

13 The legislature further finds that existing funding
14 structures do not adequately support the development of civic
15 knowledge for students. Civic education is often reliant on
16 uneven school-level capacity, discretionary funds, or short-term
17 grants that cannot sustain long-range program design. These

1 structural gaps limit access to experiential civic learning,
2 professional development for social studies teachers, and
3 curriculum aligned with Hawaii's civic-mission priorities.
4 Without a reliable funding mechanism, the State's obligation to
5 prepare young people for informed participation in our shared
6 governance is weakened, and disparities in civic opportunity
7 widen.

8 The legislature also finds that to address the systemic
9 challenges that impede the pursuit of civic knowledge, a special
10 fund dedicated solely to advancing civic education in Hawaii's
11 public middle and intermediate schools is needed. By
12 establishing a permanent, purpose-restricted funding source, the
13 legislature affirms that civic education is a core public good
14 essential to the health of our democratic systems and will
15 ensure that every middle and intermediate school student in
16 Hawaii, regardless of geography, income, or school resources,
17 has meaningful access to high-quality civic-learning
18 opportunities that prepare them to participate fully in the life
19 of the State's democracy.

20 Accordingly, the purpose of this Act is to strengthen
21 Hawaii's civic infrastructure by establishing a civic education

1 grant program and civic education trust fund and dedicating
2 their use exclusively to support civic education in Hawaii's
3 public middle and intermediate schools.

4 SECTION 2. Chapter 302A, Hawaii Revised Statutes, is
5 amended by adding two new sections to be appropriately
6 designated and to read as follows:

20 of funding for grants under the civic education grant program
21 established pursuant to section 302A-A.

1 (d) Expenditures from the civic education trust fund shall
2 be approved by a social studies educational specialist, as
3 designated by the superintendent.
