The Senate  
c/o Senate President Ron Kouchi  
Hawaii State Capitol, Room 409  
415 South Beretania Street  
Honolulu, HI 96813

**MISC. COMM. NO. 1**

Aloha Senate President Kouchi and Members of the Senate:

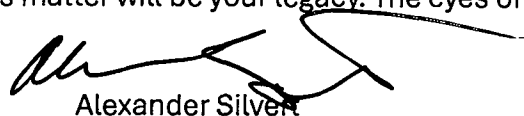

Enclosed is a petition seeking the Senate, pursuant to its authority under HRS 21-3 and Senate Rule 67, to immediately convene a committee with subpoena and contempt powers to investigate what occurred in 2022 when an unknown but influential legislator accepted \$35,000 in a paper bag. The transaction was secretly recorded by former Representative Ty Cullen in his capacity as an FBI informant and made public in March of 2025. The petition can be found at <https://c.org/MGCKssfsvG>.

Although there is an on-going FBI investigation, its scope is unknown but appears not to be focused on the unknown legislator according to a sentencing memorandum filed in 2022 and more recently in a letter penned by now Acting USA Sorenson. To date, there is no known state investigation into this transaction which may have violated state criminal and civil laws and/or ethical and legislature rules.

The petition, with over 929 verified Hawaii signatures (884 on change.org with an additional 45 handwritten signatures) and viewed over 35,749 times, calls upon the Senate to investigate this transaction to foster transparency, accountability, and restore public trust in the legislature and our state government.

Wherefore, I respectfully request that the petition be brought to the attention of the full Senate and a committee authorized to conduct immediate public hearings to determine who was involved and what occurred during this one particular transaction, as outlined in the petition.

As this event involves either a current or former member of the Legislature, it would seem abundantly clear that it falls upon the Legislature to investigate the conduct of one of its own. How the Senate chooses to handle this matter will be your legacy. The eyes of Hawaii are upon you.

**PETITION TO THE HAWAII SENATE AND HOUSE TO IMMEDIATELY CONVENE A  
COMMITTEE TO INVESTIGATE THE ACCEPTANCE IN 2022 OF \$35,000 BY AN UNKNOWN  
“INFLUENTIAL” STATE LEGISLATOR**

WHEREAS, it has been reported in a document filed in federal court by the United States Attorney’s Office for the District of Hawaii that in 2022 former Representative Ty Cullen, working in an undercover capacity with the FBI, made a secret recording of an unknown individual giving “an influential legislator” \$35,000 in cash or checks meant to influence “an existing campaign;”

WHEREAS, the FBI considered this transaction a “chargeable bribery offense;”

WHEREAS, no federal charges have been filed to date and the name of the “influential legislator,” who may still be serving as a current legislator, remains unknown;

WHEREAS, no state agency or the state Legislature has taken action to investigate this transaction and whether it violated any state criminal, ethics, or campaign finance laws;

WHEREAS, the strength and stability of our democratic government rely on the public’s trust in the government’s institutions and officers to act with prudence, integrity, and good ethical judgment; and

WHEREAS, the loss of public trust in governmental institutions and their officers pose a serious threat to a democratic government;

WHEREAS, transparency of governmental actions and those of its officials fosters true democracy and the rule of law;

IT IS HEREIN PETITIONED, by the undersigned citizens of Hawaii, pursuant to Senate Rule 67 and House Rule 46, that the Senate, House, or both, under authority granted to them by HRS section 21-3, immediately convene an investigative committee with subpoena and contempt powers with hearings to be open to the public, to investigate what occurred during this purported transaction to determine whether any state laws or ethical rules were violated, to recommend appropriate action including legislative recommendations, and to make referrals to the state Attorney General office or other appropriate state entities.
