# A BILL FOR AN ACT

---

RELATING TO THE HAWAII PATIENTS' BILL OF RIGHTS AND  
RESPONSIBILITIES ACT.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. The legislature finds that the State continues  
2 to face severe physician, nurse, and dentist shortages, with  
3 over thirty-five per cent of the State's population residing in  
4 federally designated health professional shortage areas--the  
5 highest percentage in the nation. The legislature further finds  
6 that the university of Hawaii health research center found that  
7 forty-two per cent of surveyed physicians reported patient harm  
8 or serious adverse events attributable to prior authorization  
9 delays or denials, emphasizing a need for streamlined insurance  
10 processes. The legislature also finds that recent increases in  
11 claims denials, particularly those driven by automated or  
12 artificial intelligence (AI)-based systems, underscore the  
13 necessity for greater transparency, specialist review, and  
14 patient-friendly appeals mechanisms.

15       The legislature recognizes that the original Hawaii  
16 Patients' Bill of Rights and Responsibilities Act, enacted over

1 twenty-five years ago, now requires substantial updates to  
2 address modern challenges, such as AI-driven health insurance  
3 claim denials, telehealth accessibility, data-offshoring risks,  
4 and persistent network inadequacies on the neighbor islands and  
5 in rural areas. The legislature finds that patients, health  
6 care providers, and cybersecurity experts cite the need for  
7 robust data protection measures that accommodate legitimate  
8 offshoring services while maintaining safeguards compliant with  
9 the Health Insurance Portability and Accountability Act of 1996,  
10 timely breach notifications, and strong enforcement.

11 The legislature believes that the insurance commissioner  
12 needs expanded authority, resources, and reporting mechanisms to  
13 effectively audit, investigate, and sanction noncompliant  
14 insurers or billing entities, ensuring consistent and  
15 accountable enforcement of patients' rights. The legislature  
16 further believes that revising the Hawaii Patients' Bill of  
17 Rights and Responsibilities Act is an essential modernization  
18 step that prioritizes patient autonomy, transparent health care,  
19 timely access, robust data protection, AI accountability, and  
20 real enforcement--all while recognizing the practical realities

1 of insurers, providers, and patients in a rapidly evolving  
2 health care landscape.

3 Accordingly, the purpose of this Act is to modernize and  
4 strengthen the Hawaii Patients' Bill of Rights and  
5 Responsibilities Act to reflect developments and improvements in  
6 prior authorization, telehealth, data protection, and  
7 enforcement standards.

8 SECTION 2. Chapter 432E, Hawaii Revised Statutes, is  
9 amended by adding a new part to be appropriately designated and  
10 to read as follows:

11 **"PART . AUTOMATED DECISION SYSTEM, PRIOR AUTHORIZATION, AND**  
12 **TELEHEALTH**

13 **§432E- Definitions.** As used in this part:

14 "Automated decision system" means any algorithmic or  
15 software-based platform that can autonomously generate or  
16 recommend coverage determinations without direct human  
17 supervision.

18 "Health professional shortage area" has the same meaning as  
19 defined in the Public Health Service Act of 1944.

20 "Prior authorization" means the process by which  
21 utilization review organizations determine the medical necessity

1 or medical appropriateness of otherwise covered health care  
2 services prior to rendering the health care services. "Prior  
3 authorization" includes any health carrier or utilization review  
4 organization's requirement that an enrollee or health care  
5 provider notify the health carrier or utilization review  
6 organization prior to providing a health care service.

7 "Telehealth services" or "telehealth" has the same meaning  
8 as defined in section 431:10A-116.3.

9 **§432E- Health professional shortage areas; telehealth**  
10 **services; reports.** (a) Enrollees in health professional  
11 shortage areas shall have timely access to primary and specialty  
12 care.

13 (b) Telehealth services, if legally permissible within a  
14 provider's scope of practice, shall be covered at parity with  
15 in-person services to mitigate access barriers.

16 (c) Prior authorization procedures in health professional  
17 shortage areas shall not unduly limit provider productivity or  
18 delay critical patient care.

19 (d) A health carrier shall submit quarterly reports to the  
20 commissioner detailing provider-to-patient ratios, average wait  
21 times, and referral outcomes, disaggregated by region or island.

1       **§432E- Prior authorization.** (a) A health carrier shall  
2 issue prior authorization decisions within the following  
3 timeframes:

4           (1) For urgent requests, a determination shall be made  
5               within one business day of receipt; and

6           (2) For non-urgent requests, a determination shall be made  
7               within three business days of receipt.

8           (b) If an automated decision system initiates a health  
9 insurance claim denial, that denial shall be reviewed and  
10 co-signed by a board-certified specialist in the relevant field  
11 before being finalized. Enrollees and providers shall be  
12 notified in writing when an automated decision system is used at  
13 any stage of the coverage determination.

14           (c) A health carrier shall compile and submit monthly data  
15 to the commissioner on prior authorization approval or denial  
16 rates, average processing times, and the percentage of automated  
17 decision system-based denials overturned on appeal.

18           (d) For the purposes of this section:

19           "Urgent request" means a request for health care services  
20 for which a delay in decision could reasonably be expected to

1 seriously jeopardize the life or health of the enrollee or the  
2 enrollee's ability to regain maximum function.

3 "Non-urgent request" means any prior authorization request  
4 that does not meet the definition of an urgent request.

5 **§432E- Technical support programs; rural areas.** The  
6 commissioner, in collaboration with the department of health,  
7 shall explore or establish technical support programs to help  
8 smaller or rural practices adopt secure data systems, comply  
9 with prior authorization reporting requirements, and integrate  
10 telehealth services effectively."

11 SECTION 3. Chapter 432E, Hawaii Revised Statutes, is  
12 amended by adding four new sections to part II to be  
13 appropriately designated and to read as follows:

14 **§432E-A Coverage for emergency services.** A managed care  
15 plan shall not deny coverage for emergency services based on  
16 retrospective review. If an enrollee believes in good faith  
17 that their life or health is endangered, the enrollee shall have  
18 the right to seek immediate emergency services without facing  
19 post-service coverage denials.

20 **§432E-B Data protection and privacy.** (a) A covered  
21 entity, whether located onshore or offshore, shall uphold a

1 standard of data protection meeting or exceeding security  
2 requirements set forth in the Health Insurance Portability and  
3 Accountability Act of 1996, codified at title 45 Code of Federal  
4 Regulations parts 160 and 164, when storing or disclosing  
5 personally identifiable enrollee data, including social security  
6 numbers and medical identification numbers.

7 (b) Before offshoring data, a covered entity shall file an  
8 attestation with the commissioner confirming that any overseas  
9 subcontractors adhere to encryption, breach notification, audit  
10 logging, and confidentiality protocols. A covered entity shall  
11 undergo random audits and shall produce security certifications  
12 upon request.

13 (c) In the event of a suspected or actual data breach, a  
14 covered entity shall notify affected enrollees and the  
15 commissioner within seventy-two hours and shall implement a  
16 corrective action plan. Repeated or willful violations may  
17 result in fines, revocation of accreditation, or other  
18 sanctions.

19 (d) For the purposes of this section, "covered entity" has  
20 the same meaning as defined in title 45 Code of Federal  
21 Regulations section 160.103.

1        **§432E-C Multidisciplinary advisory group.**    (a) There is  
2        established the multidisciplinary advisory group within the  
3        department of health. The advisory group shall consist of the  
4        following members or their designees:

5            (1) The director of health, who shall serve as chairperson  
6            of the advisory group;

7            (2) \_\_\_\_\_ physicians licensed pursuant to chapter 453;

8            (3) \_\_\_\_\_ individuals with expertise in cybersecurity or a  
9            related field;

10          (4) \_\_\_\_\_ enrollee advocates;

11          (5) \_\_\_\_\_ telehealth specialists; and

12          (6) Any other person invited by the chairperson.

13          (b) The advisory group shall convene periodically to  
14        review compliance, recommend updates, and study emerging issues  
15        related to this chapter.

16        **§432E-D Anti-retaliation.**    A health carrier, managed care  
17        plan, or affiliated entity shall not retaliate against a  
18        provider for filing a formal complaint, submitting testimony, or  
19        participating in external reviews concerning compliance with  
20        this chapter."

SECTION 4. Section 432E-4, Hawaii Revised Statutes, is amended to read as follows:

**"§432E-4 Enrollee participation in treatment decisions.**

(a) An enrollee shall have the right to be informed fully prior to making any decision about any treatment, benefit, or nontreatment~~[+]~~, which shall include a clear explanation of diagnosis, treatment options, and potential outcomes or risks.

(b) In order to inform enrollees fully, the provider shall:

(1) Discuss all treatment options with an enrollee, as provided by section 671-3, including the option of no treatment at all;

(2) Ensure that persons with disabilities have an effective means of communication with the provider and other members of the managed care plan; and

(3) Discuss all risks, benefits, and consequences to treatment and nontreatment, as provided by section 671-3(b).

(c) The provider shall discuss with the enrollee and the enrollee's immediate family both ~~[+]~~advance~~[+]~~ health-care

1 directives, as provided for in chapter 327E, and durable powers  
2 of attorney in relation to medical treatment.

3 (d) A managed care plan shall be prohibited from imposing  
4 any type of prohibition, disincentive, penalty, or other  
5 negative treatment upon a provider for discussing or providing  
6 any information regarding treatment options and medically  
7 necessary or appropriate care, including no treatment, even if  
8 the information relates to services or benefits not provided by  
9 the managed care plan.

10 (e) A mentally competent enrollee or their appointed  
11 representative shall have the right to accept, receive, reject,  
12 or discontinue any medical care, treatment, or prescribed  
13 medication from any health care provider, and shall have the  
14 right to not have that decision denied, prevented, restricted,  
15 or impeded by other persons."

16 SECTION 5. Section 432E-5, Hawaii Revised Statutes, is  
17 amended to read as follows:

18 **"§432E-5 Complaints and appeals procedure for enrollees.**

19 (a) A health carrier with enrollees in this State shall  
20 establish and maintain a procedure to provide for the resolution  
21 of an enrollee's complaints and internal appeals. The procedure

1 shall provide for expedited internal appeals under section  
2 432E-6.5. The definition of medical necessity in section  
3 432E-1.4 shall apply in a health carrier's complaints and  
4 internal appeals procedures.

5 (b) The health carrier shall at all times make available  
6 its complaints and internal appeals procedures. The complaints  
7 and internal appeals procedures shall be reasonably  
8 understandable to the average layperson and shall be provided in  
9 a language other than English upon request.

10 (c) A health carrier shall decide any expedited internal  
11 appeal as soon as possible after receipt of the complaint,  
12 taking into account the medical exigencies of the case, but not  
13 later than seventy-two hours after receipt of the request for  
14 expedited appeal.

15 (d) A health carrier shall send notice of its final  
16 internal determination within sixty days of the submission of  
17 the complaint to the enrollee, the enrollee's appointed  
18 representative, if applicable, the enrollee's treating provider,  
19 and the commissioner. The notice shall include the following  
20 information regarding the enrollee's rights and procedures:

21 (1) The enrollee's right to request an external review;

(2) The one hundred thirty day deadline for requesting an external review;

(3) Instructions on how to request an external review; and

(4) Where to submit the request for an external review.

In addition to these general requirements, the notice shall conform to the requirements of sections 432E-35 and 432E-36.

(e) Whenever a health carrier issues an adverse determination, the health carrier shall provide the enrollee with:

(1) A universal external review request form prescribed by the commissioner; and

(2) A clear, step-by-step guide, in print or electronic form, explaining the enrollee's rights and procedures to request an internal appeal or external review.

(f) Any notice of denial for insurance coverage, appeal, or any request for clinical services shall describe the specific reasons for the denial. The specifics of the description shall contain information that references the:

(1) Enrollee and health care provider contract or agreement;

1       (2) Specialty of the health care provider reviewing the  
2       appeal or request for clinical services;

3       (3) Specific sections of medical or clinical policy or  
4       guidelines, or where none of the foregoing are  
5       applicable; and

6       (4) Specific reasoning for the determination by the  
7       reviewing health care provider.

8       (g) A health carrier shall maintain a publicly accessible  
9       website that includes a "frequently asked questions" section  
10      regarding enrollee complaint and appeal procedures and shall  
11      provide a toll-free hotline to assist enrollees with questions  
12      about filing or pursuing an appeal.

13      (h) The commissioner may impose financial penalties or  
14      other administrative measures on health carriers failing to  
15      publicize or comply with state and federal appeals  
16      requirements."

17      SECTION 6. Section 432E-7, Hawaii Revised Statutes, is  
18      amended to read as follows:

19      "**§432E-7 Information to enrollees.** (a) The managed care  
20      plan shall provide to its enrollees upon enrollment and  
21      thereafter upon request the following information:

1 (1) A list of participating providers, which shall be  
2 updated on a regular basis indicating, at a minimum,  
3 their specialty and whether the provider is accepting  
4 new patients;

5 (2) A written, complete description and explanation of  
6 benefits, covered- and non-covered services, and  
7 copayments[+], which shall be presented at a reading  
8 level understandable to the average enrollee;

9 (3) A statement on enrollee's rights, responsibilities,  
10 and obligations;

11 (4) An explanation of the referral process, if any;

12 (5) Where services or benefits may be obtained;

13 (6) Information on complaints and appeals procedures; and

14 (7) The telephone number of the insurance division.

15 This information shall be provided to prospective enrollees upon  
16 request.

17 (b) Every managed care plan shall provide to the  
18 commissioner and its enrollees notice of any material change in  
19 participating provider agreements, services, or benefits, if the  
20 change affects the organization or operation of the managed care  
21 plan and the enrollee's services or benefits. The managed care

1 plan shall provide notice to enrollees not more than sixty days  
2 after the change in a format that makes the notice clear and  
3 conspicuous so that it is readily noticeable by the enrollee.

4 (c) A managed care plan shall provide generic  
5 participating provider contracts to enrollees, upon request.

6 (d) A managed care plan shall maintain and publicly post  
7 an up-to-date, accurate, and easily accessible directory of  
8 in-network providers. The directory shall be updated at least  
9 quarterly and shall list each provider's:

10 (1) Specialty;

11 (2) Languages spoken;

12 (3) Telehealth availability; and

13 (4) Current patient capacity.

14 (e) All enrollees shall be able to obtain timely  
15 specialist referrals without undue administrative barriers or  
16 delays. A managed care plan shall clearly communicate referral  
17 steps and expedite all referrals in urgent or complex cases."

18 SECTION 7. Section 432E-8, Hawaii Revised Statutes, is  
19 amended to read as follows:

20 "[~~f~~]**\$432E-8[~~f~~]** **Enforcement.** (a) All remedies, penalties,  
21 and proceedings in articles 2 and 13 of chapter 431 made

1 applicable hereby to managed care plans shall be invoked and  
2 enforced solely and exclusively by the commissioner.

3 (b) The commissioner shall have the authority to audit,  
4 investigate, and enforce this chapter. The commissioner may  
5 impose fines, clawbacks, revocations of accreditation, and other  
6 appropriate remedies for noncompliance."

7 SECTION 8. Section 432E-13, Hawaii Revised Statutes, is  
8 amended to read as follows:

9 "[~~+~~]**\$432E-13**[~~+~~] **Annual report.** (a) The commissioner  
10 shall submit annually to the legislature a report that shall  
11 contain the number of external review hearing cases reviewed,  
12 the type of cases reviewed, a summary of the nature of the cases  
13 reviewed, and the disposition of the cases reviewed. The  
14 identities of the plan and the enrollee shall be protected from  
15 disclosure in the report.

16 (b) The commissioner shall publish an annual report  
17 detailing enforcement actions, complaint data, automated  
18 decision system usage rates, health insurance claim denial  
19 statistics, and any data breaches or security infractions. The  
20 report shall include trend analyses that include but are not  
21 limited to:

- 1        (1) Median time-to-decision for prior authorizations;
- 2        (2) Telehealth adoption rates; and
- 3        (3) Network adequacy improvements."

4        SECTION 9. The insurance commissioner shall submit a  
5 progress report of its findings and recommendations related to  
6 the implementation of this Act, including any proposed  
7 legislation, to the legislature no later than twenty days prior  
8 to the convening of the regular session of 2028.

9        SECTION 10. In codifying the new sections added by  
10 section 3 of this Act, the revisor of statutes shall substitute  
11 appropriate section numbers for the letters used in designating  
12 the new sections in this Act.

13        SECTION 11. Statutory material to be repealed is bracketed  
14 and stricken. New statutory material is underscored.

15        SECTION 12. This Act shall take effect upon its approval;  
16 provided that section 432E-B, Hawaii Revised Statutes, added by  
17 section 3 of this Act, shall take effect on January 1, 2027.

18  
INTRODUCED BY: 

# S.B. NO. 2167

**Report Title:**

Patients' Bill of Rights and Responsibilities Act; Insurance Commissioner; Prior Authorization; Telehealth; Automated Decision System

**Description:**

Revises the Hawaii Patients' Bill of Rights and Responsibilities Act by: (1) Establishing new provisions on telehealth parity, prior authorization timelines, and automated decision systems; (2) Enhancing medical data protection and privacy standards; (3) Expanding the insurance commissioner's enforcement authority; and (4) Improving network adequacy, internal and external appeals procedures, and reporting requirements.

*The summary description of legislation appearing on this page is for informational purposes only and is not legislation or evidence of legislative intent.*
