BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Chapter 302A, Hawaii Revised Statutes, is
2 amended by adding a new section to part II, subpart C, to be
3 appropriately designated and to read as follows:

4 "§302A- Automatic voter registration; eligible
5 students. (a) The department shall incorporate an application
6 for voter registration or pre-registration as part of the
7 enrollment or course registration process for eligible students
8 at all public high schools in the State. Applications for
9 enrollment or course registration forms shall not be processed
10 until the student completes the portion of the application
11 related to voter registration or pre-registration and indicates
12 the student's choice of whether to register to vote. If already
13 registered to vote, the student shall be offered the opportunity
14 to decline any changes being made to their name and address for
15 voter registration purposes.

16 The submission of the application for enrollment or course
17 registration form of the student shall be deemed to authorize

1 the department to collect and transmit the information necessary
2 to register the student applicant as a voter if the student
3 elected to register or to make changes to the student's voter
4 registration information unless the student applicant declined
5 to make changes. The department shall electronically transmit
6 the necessary information to the clerk of the county in which
7 the student applicant resides, election officials, and the
8 online voter registration system pursuant to subsection (c).

9 The department shall not transmit any information necessary
10 to register a student applicant as a voter if the student
11 applicant made a choice not to be registered to vote nor
12 transmit any information necessary to make changes to the
13 student applicant's voter registration information if the
14 student applicant declined to make changes. The department
15 shall not transmit any information related to a voter
16 application or changes to the student applicant's voter
17 registration information if the student applicant presents a
18 document demonstrating a lack of United States citizenship.

19 (b) Upon receipt of the completed voter registration
20 application or changes to the student applicant's voter
21 registration information transmitted from the department, the

1 clerk shall review and either approve or reject the voter
2 registration application in accordance with part II of
3 chapter 11; provided that approved voter registration
4 applications received from the department pursuant to this
5 section shall be treated as having a valid signature for
6 purposes of section 11-15(c), whether transmitted electronically
7 or by facsimile transmission. Upon the clerk's approval of the
8 voter registration application or any changes to the voter
9 registration information, the clerk shall proceed to number the
10 application and register the name of the voter in the general
11 county register as provided in section 11-14 or make approved
12 changes to the voter's existing voter registration information
13 as applicable.

14 (c) Databases maintained or operated by the counties or
15 the department, including any documents or images, shall be
16 accessible and provided electronically to election officials and
17 the online voter registration system to allow for the timely
18 processing of voter applications, ensure the integrity of the
