# A BILL FOR AN ACT

---

RELATING TO STUDENT TRANSPORTATION.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. This Act shall be known and may be cited as the  
2 "Hawaii Free School Bus Access for Low-income Students Act".

3           SECTION 2. The legislature finds that the department of  
4 education provides regular bus service for qualified public  
5 school students to facilitate compliance with the State's  
6 compulsory attendance law and transportation of school children  
7 law, as well as with federal law relating to the provision of a  
8 free and appropriate education. The legislature further finds  
9 that the school bus service provided by the department of  
10 education is crucial for getting students to and from school,  
11 particularly for students who do not have other transportation  
12 options or face hardship in obtaining school transportation  
13 services due to economic difficulty. Students from low-income  
14 families may face additional transportation barriers that limit  
15 consistent school attendance and access to educational  
16 opportunities.

1       The legislature further finds that access to school bus  
2 service is currently constrained by a reservation-based system  
3 that operates on a first-come, first-served basis. This  
4 approach may unintentionally disadvantage low-income families,  
5 who may face challenges in monitoring and responding quickly to  
6 application timelines, such as limited internet access, language  
7 barriers, or inflexible work schedules. As a result, students  
8 with the greatest transportation need may be less likely to  
9 secure a seat on a school bus.

10       The legislature additionally finds that to qualify for  
11 regular school bus service, students in grades kindergarten  
12 through five must reside a mile or more, and students in grades  
13 six through twelve must reside 1.5 miles or more, from the  
14 school within their attendance area. The legislature further  
15 finds that a student who qualifies for free lunch under the free  
16 and reduced price lunch program is eligible for a free bus pass;  
17 however, there is no reciprocal benefit under the free and  
18 reduced price lunch program for that same student to receive a  
19 free bus pass. Students and families of households who qualify  
20 for the reduced price lunch would also benefit from receiving  
21 free bus passes.

1       The legislature recognizes that students from low-income  
2 households experience disproportionate transportation barriers  
3 that may negatively affect consistent school attendance and  
4 access to educational opportunities, and that proactive  
5 eligibility, prioritization, and communication practices are  
6 necessary to promote equitable access to school transportation  
7 services.

8       Accordingly, the purpose of this Act is to provide  
9 equitable access to education by requiring the department of  
10 education to create a student bus fare rate system for the  
11 department of education's school bus program that includes free  
12 bus passes for students whose household qualifies the student  
13 for free lunch or reduced price lunch under the free and reduced  
14 price lunch program.

15       SECTION 3. Section 302A-406, Hawaii Revised Statutes, is  
16 amended to read as follows:

17       "**§302A-406 Transportation of school children.** (a) The  
18 department may provide suitable transportation to and from  
19 school and for educational field trips for all children in  
20 grades kindergarten to twelve and in special education classes.

21       (b) The department shall adopt policies, procedures, and

1 programs [~~as it deems~~] necessary to provide suitable  
2 transportation~~[-]~~; provided that policies, procedures, and  
3 programs related to the department's school bus program that  
4 provide bus transportation services to students to and from  
5 school shall encompass a student bus fare rate system that  
6 includes eligibility for a free bus pass for students who  
7 qualify, based on the student's household eligibility, for free  
8 lunch or reduced price lunch under the free and reduced price  
9 lunch program; provided further that the department's school bus  
10 program shall give priority for any student who qualifies for  
11 free lunch or reduced price lunch in receiving a free bus pass.

12 (c) The department shall update and align its student  
13 transportation application forms, systems, and processes to  
14 ensure that students whose households qualify for free lunch or  
15 reduced price lunch under the free and reduced price lunch  
16 program may be easily identified for eligibility for a free bus  
17 pass pursuant to this section.

18 (d) The department shall, to the extent practicable and  
19 consistent with state and federal privacy laws, provide for  
20 automatic or streamlined qualification for a free bus pass for  
21 students who are determined to be eligible for free lunch or

1 reduced price lunch under the free and reduced price lunch  
2 program, without requiring duplicative documentation or separate  
3 applications from families of students.

4 (e) The department shall incorporate information regarding  
5 eligibility for free bus passes for students who qualify for  
6 free lunch or reduced price lunch under the free and reduced  
7 price lunch program into its communications with families of  
8 students, including providing advance notice prior to the  
9 opening of any application or reservation period for free bus  
10 passes; provided that the communications shall be designed to  
11 proactively inform families of eligibility, timelines, and  
12 prioritization criteria to reduce barriers to access and  
13 minimize the need for families to independently seek out or  
14 interpret eligibility requirements.

15 (f) The department may establish reasonable cutoff  
16 periods, timelines, or prioritization frameworks to manage  
17 capacity constraints on providing free bus passes pursuant to  
18 this section; provided that students who qualify for free lunch  
19 or reduced price lunch shall be prioritized in the allocation of  
20 available bus seats.

1        (g) The department shall submit an annual report to the  
2 legislature no later than twenty days prior to the convening of  
3 each regular session on the implementation of providing free bus  
4 passes for students who qualify, based on the student's  
5 household eligibility, for free lunch or reduced price lunch  
6 under the free and reduced price lunch program. The report  
7 shall include:

8        (1) The number of students who qualify for free lunch  
9        under the free and reduced price lunch program and  
10       received a free bus pass;

11       (2) The number of students who qualify for reduced price  
12       lunch under the free and reduced price lunch program  
13       and received a free bus pass;

14       (3) The amount of funds expended to provide free bus  
15       passes to qualifying students;

16       (4) A description of the department's procedures for  
17       identifying and prioritizing students who qualify for  
18       free lunch or reduced price lunch under the free and  
19       reduced price lunch program, including any automatic  
20       or streamlined eligibility processes;

(5) A summary of the department's outreach and communications efforts to notify families of students of eligibility, timelines, and prioritization for free bus passes; and

(6) Any proposed legislation.

~~[(b)]~~ (h) The department shall adopt rules under chapter 91 governing the supervision and administration of the transportation of school children under this section."

SECTION 4. There is appropriated out of the general revenues of the State of Hawaii the sum of \$ or so much thereof as may be necessary for fiscal year 2026-2027 for the department of education to provide free bus passes for students whose household qualifies the student for free lunch or reduced price lunch under the free and reduced price lunch program.

The sum appropriated shall be expended by the department of education for the purposes of this Act.

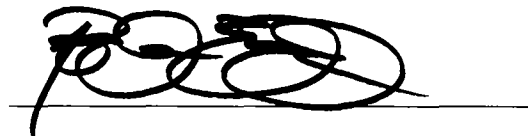

SECTION 5. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.

SECTION 6. This Act shall take effect on July 1, 2026.
