

JAN 22 2026

A BILL FOR AN ACT

RELATING TO CLIMATE EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that in response to the
2 growing threat of climate change, the State has set standards
3 and launched initiatives to expand reliance on sustainable and
4 efficient energy, including setting a statewide benchmark of
5 generating one hundred per cent of the State's electricity
6 through renewable resources by 2045 and establishing a goal for
7 statewide greenhouse gas emissions to be at least fifty per cent
8 below 2005 levels by 2030.

9 The legislature further finds that climate change education
10 is necessary to ensure that the next generation are climate
11 leaders. In 2024, Colorado enacted a law to award a seal of
12 climate literacy diploma endorsement to students who complete
13 certain courses and an experiential learning project.

14 The purpose of this Act is to require the department of
15 education to establish a climate literacy certificate program to
16 provide students with an advanced understanding of climate
17 change through academic coursework and hands-on learning.

1 SECTION 2. Chapter 302A, Hawaii Revised Statutes, is
2 amended by adding a new section to be appropriately designated
3 and to read as follows:

4 "§302A- Climate literacy certificate program. (a) The
5 department shall establish a climate literacy certificate
6 program to prepare high school students in addressing the
7 economic and social impacts of climate change.

8 (b) The department shall:

9 (1) Establish program requirements and approved courses
10 that include the completion of:
11 (A) At least two approved courses with climate
12 literacy standards; and
13 (B) An experiential learning project;
14 (2) Issue a certificate of completion to every student
15 upon satisfactory completion of the program; and
16 (3) Submit to the board and the legislature a report on
17 the approved courses and data on the issuance of
18 program certificates.

19 (c) The department may adopt rules pursuant to chapter 91
20 for the purposes of this section."

1 SECTION 3. There is appropriated out of the general
2 revenues of the State of Hawaii the sum of \$ or so
3 much thereof as may be necessary for fiscal year 2026-2027 for
4 the establishment of the climate literacy certificate program.

5 The sum appropriated shall be expended by the department of
6 education for the purposes of this Act.

7 SECTION 4. New statutory material is underscored.

8 SECTION 5. This Act shall take effect on July 1, 2026.

9
