A BILL FOR AN ACT

RELATING TO THE FILM INDUSTRY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii's film,
2 television, and digital media industries are operating in an
3 increasingly competitive global environment, in which
4 jurisdictions compete not only on tax incentives, but on
5 infrastructure, workforce readiness, technological capacity, and
6 speed of execution. Competing states and international
7 jurisdictions are modernizing their film offices into integrated
8 film commissions or media authorities with centralized authority
9 to administer incentives, grants, studio facilities, and
10 public-private partnerships. The legislature also finds that
11 Hawaii currently does not have a state film commission in
12 statute, but rather, the film industry branch within the
13 creative industries division of the department of business,
14 economic development, and tourism is currently doing business as
15 the "Hawaii film office" and the film industry development
16 manager of the branch is serving as the "Hawaii state film
17 commissioner" for purposes of membership in third-party

1 organizations, including the Association of Film Commissioners
2 International.

3 The legislature further finds that advances in artificial
4 intelligence, virtual production, digital post-production, and
5 content creation technologies are fundamentally reshaping how
6 content is produced, distributed, and monetized. To remain
7 competitive, Hawaii must simultaneously retain its ability to
8 attract major domestic and international productions; invest in
9 next-generation infrastructure, facilities, and equipment;
10 support workforce development and training for future content
11 creators, including K-12 students and noninstitutional content
12 creators; and maintain accountability, transparency, and fiscal
13 discipline in administering public incentives.

14 Accordingly, the purpose of this Act is to restructure and
15 modernize the State's film and creative industries governance by:

16 (1) Establishing a Hawaii film commission and transferring
17 the rights, powers, functions, and duties of the
18 Hawaii film office to the commission;
19 (2) Establishing the film industry development special
20 fund;

- 1 (3) Excluding media and film from the definition of
- 2 creative industries and renaming the Hawaii film and
- 3 creative industries development special fund as the
- 4 Hawaii creative industries development special fund;
- 5 (4) Amending the sources of moneys to be deposited into
- 6 the Hawaii creative industries development special
- 7 fund, including requiring all revenues, fees, and
- 8 charges from the processing of the motion picture,
- 9 digital media, and film production income tax credit
- 10 to be deposited into the film industry development
- 11 special fund, rather than the Hawaii creative
- 12 industries development special fund; and
- 13 (5) Allowing the Hawaii creative industries development
- 14 special fund to be used for the support and
- 15 development of facilities and other initiatives to
- 16 grow the State's creative industries.
