## A BILL FOR AN ACT

RELATING TO STATE FUNDS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1 SECTION 1. The legislature finds that continuing shifts in  
2 federal policy are creating significant and widespread  
3 challenges in Hawaii and across the nation. These federal  
4 changes, combined with broader economic trends, are expected to  
5 affect Hawaii's fiscal stability in the near future. Reductions  
6 in federal funding and uncertainty regarding future federal  
7 grant programs require the State to be prepared to assume  
8 financial responsibility for critical programs that currently  
9 rely on federal support.

10 The legislature further finds that in periods of economic  
11 uncertainty, it is essential for the State to maintain the  
12 ability to fund important programs with moneys that are not  
13 immediately needed elsewhere. In Act 87, Session Laws of  
14 Hawaii 2021, the State proactively transferred funds to mitigate  
15 fiscal disruptions caused by the coronavirus disease 2019  
16 pandemic. A similar approach is warranted in 2026 to ensure the  
17 continuity of essential services.

1        Accordingly, the purpose of this Act is to transfer excess  
 2        moneys from various funds and programs to the general fund.

3           SECTION 2. The legislature determines that there are  
 4        amounts in excess of the requirements of the various funds  
 5        listed in this Act. The director of finance shall transfer the  
 6        following amounts or so much thereof as may be necessary for  
 7        fiscal year 2026-2027 from the following funds to the general  
 8        fund:
