A BILL FOR AN ACT

RELATING TO THE HARM TO STUDENTS REGISTRY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. Pursuant to Act 156, Session Laws of Hawaii 2024, the department of education was required to establish a harm-to-students registry. The legislature finds that clarifying the scope of the registry by including contractors and volunteers only if their roles involve close contact with students, and by excluding K-12 students, will reduce unnecessary complexity and administrative burdens while maintaining a safe learning environment for students.

Therefore, the purpose of this Act is to clarify which individuals are covered under the harm-to-students registry to ensure both efficiency and student safety.

SECTION 2. Section 302A-1006, Hawaii Revised Statutes, is amended to read as follows:

"[+]§302A-1006[+] **Harm to students registry; requirements; due process; immunity.** (a) The department shall establish a harm to students registry, which shall be a database of employees found to have inflicted harm on a student in the State. The harm to students registry shall contain:

Each institution shall complete an investigation without regard to the employment status of the employee under investigation or the status of the employee's future involvement with the institution.

S.B. NO. 3112

(d) For purposes of this section, in order for an employee's name to be placed on the harm to students registry, the investigation conducted by the reporting institution that rendered a final finding of infliction of harm to a student shall involve, at a minimum:

(1) An investigator who was not a party or witness to the incident under investigation and who does not report to a complaining party or accused party;

(2) An opportunity for the complaining party and accused party to provide information to the investigator regarding the alleged misconduct or other circumstances that caused initiation of the investigation;

(3) Representation for the accused party if required by law or any applicable collective bargaining agreement; provided that the department shall not provide representation for an accused party that is not entitled to representation pursuant to a collective bargaining agreement;

18 that the employee was provided due process in accordance with
19 this section.

20 (f) Each institution in the State, when requested by
21 another institution, shall share with that institution the
22 existence of any employee investigation that includes

7 for disclosing the information and for the consequences of the
8 disclosure.

2 the person's name does not belong on the registry. The
3 department shall remove the person's name from the harm to
4 students registry upon receiving a certified request from the

10 the harm to students registry, shall defend and indemnify the
11 department from any liability resulting from any claim or cause
12 of action relating to the employee's inclusion on or removal
13 from the registry, or relating to the institution's refusal to
14 certify the removal of the employee from the registry.

JUSTIFICATION SHEET

DEPARTMENT: Education

TITLE: A BILL FOR AN ACT RELATING TO THE HARM TO STUDENTS REGISTRY.

PURPOSE: To clarify the scope of the Department's harm-to-students registry by providing that contractors and volunteers are included only if their roles involve close contact with students, and by excluding individuals enrolled as K-12 students, to ensure both efficiency and student safety.

MEANS: Amend sections 302A-1006, 302C-2(1), 302D-33.5(1), and 302L-11(1), Hawaii Revised Statutes.

JUSTIFICATION: Act 156, Session Laws of Hawaii 2024, mandated the Department to establish the harm-to-students registry for the purpose of preventing individuals who have harmed students from being employed or volunteering in roles that provide access to students. The statute currently applies broadly to all contractors and volunteers regardless of whether their roles involve any contact with students.

The bill refines the scope of the registry to ensure that it applies specifically to adults and outside individuals who may pose a direct risk to students, while avoiding over-inclusion of individuals with no student contact as well as students themselves.

Impact on the public: Parents and families will continue to benefit from strong protections that prevent individuals who have harmed students from working in roles involving contact with students.

Impact on the department and other agencies: By narrowing registry requirements to those individuals most relevant to safety, the

department and other institutions will experience reduced administrative burdens and improved efficiency in implementing the statute.
