JUSTIFICATION SHEET

DEPARTMENT: Labor and Industrial Relations

TITLE: A BILL FOR AN ACT RELATING TO THE WORKERS' COMPENSATION LAW.

PURPOSE: To update the filing and reporting requirements under the Workers' Compensation Law to accommodate implementation of the automated electronic filing and reporting system.

MEANS: Amend sections 386-21(d), 386-21.2, 386-25(g), 386-95, and 386-96(e), Hawaii Revised Statutes (HRS).

JUSTIFICATION: The Department's Disability Compensation Division (DCD) has implemented a fully automated, cloud-based system that enables comprehensive access and real-time claim status updates. To fulfil DCD's mission of delivering timely, fair, and efficient services to Hawaii's injured workers and their employers, it is essential to move toward electronic filing for all documents.

This transition is not merely a technological update but a strategic step that reinforces DCD's commitment to accessibility, accountability, and operational efficiency. Mandatory electronic filing for employers would enable real-time access and accelerate the processing of workers' compensation claims, ensuring prompt delivery of medical services and benefits. The automated system went live in January 2024.

Impact on the public: The automated system and updates made by this bill will simplify and expedite the workers' compensation process for employees and employers.

Impact on the department and other agencies: Government human resource agencies, acting as employers, will benefit from faster and
