A BILL FOR AN ACT

RELATING TO EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that home schooling is a
2 valid and beneficial educational option that offers flexibility,
3 individualized instruction, and strong family engagement. In
4 Hawaii, there are over five thousand students that are being
5 educated through home schooling.

6 The legislature recognizes that the department of education
7 has a responsibility to ensure the educational well-being of all
8 school-age children. To fulfill this responsibility, the
9 department of education must be able to monitor student progress
10 in a manner that respects parental choice while allowing for the
11 early identification of developmental delays, learning
12 differences, or other educational needs that may benefit from
13 additional evaluation, resources, or supportive services offered
14 by the department.

15 Accordingly, the purpose of this Act is to require annual
16 in-person participation in certain tests by home schooled
17 students to support student success and ensure access to

1 appropriate educational support when needed. The legislature
2 believes that the tests that should be required include the
3 statewide testing program, including English language arts and
4 math testing through the Smarter Balanced Assessment, given in
5 the third grade through eighth grade and eleventh grade.
6 Alternatively, a student learning in Hawaiian may take the
7 alternative for Hawaiian immersion students through the Kaiapuni
8 Assessment of Educational outcomes, also known as KĀ'EO. For
9 those entering kindergarten, the test that would apply is the
10 kindergarten entry assessment. For students in the first grade
11 and second grade, they are given universal screenings three
12 times during the school year, with the first universal screening
13 to be required.

14 SECTION 2. Section 302A-1132, Hawaii Revised Statutes, is
15 amended by amending subsection (a) to read as follows:

16 "(a) Unless excluded from school or excepted from
17 attendance, all children who will have arrived at the age of at
18 least five years on or before July 31 of the school year, and
19 who will not have arrived at the age of eighteen years, by
20 January 1 of any school year, shall attend either a public or
21 private school for, and during, the school year, and any parent,

1 guardian, or other person having the responsibility for, or care
2 of, a child whose attendance at school is obligatory shall send
3 the child to either a public or private school. Attendance at a
4 public or private school shall not be compulsory in the
5 following cases:

6 (1) Where the child is physically or mentally unable to
7 attend school (deafness and blindness excepted), of
8 which fact the certificate of a duly licensed
9 physician shall be sufficient evidence;

10 (2) Where the child, who has reached the fifteenth
11 anniversary of birth, is suitably employed and has
12 been excused from school attendance by the
13 superintendent or the superintendent's authorized
14 representative, or by a family court judge;

15 (3) Where, upon investigation by the family court, it has
16 been shown that for any other reason the child may
17 properly remain away from school;

18 (4) Where the child has graduated from high school;

19 (5) Where the child is enrolled in an appropriate
20 alternative educational program as approved by the
21 superintendent or the superintendent's authorized

1 representative in accordance with the plans and
2 policies of the department, or notification of intent
3 to home school has been submitted to the principal of
4 the public school that the child would otherwise be
5 required to attend in accordance with department rules
6 adopted to achieve this result[~~;-or~~]; provided that
7 beginning with the 2027-2028 school year, a home
8 schooled child shall participate in person in:

9 (A) The kindergarten entry assessment;

10 (B) Universal screening upon beginning the first
11 grade and second grade; or

12 (C) The statewide testing program for English
13 language arts and math or the Hawaiian immersion
14 alternative for the years the appropriate program
15 is offered,

16 at the public school that the child would otherwise be
17 required to attend once a year; or

18 (6) Where:

19 (A) The child has attained the age of sixteen years;

20 (B) The principal has determined that:

1 (i) The child has engaged in behavior which is
2 disruptive to other students, teachers, or
3 staff; or

4 (ii) The child's non-attendance is chronic and
5 has become a significant factor that hinders
6 the child's learning; and

7 (C) The principal of the child's school, and the
8 child's teacher or counselor, in consultation
9 with the child and the child's parent, guardian,
10 or other adult having legal responsibility for or
11 care of the child, develops an alternative
12 educational plan for the child. The alternative
13 educational plan shall include a process that
14 shall permit the child to resume school.

15 The principal of the child's school shall file the
16 plan made pursuant to subparagraph (C) with the
17 child's school record. If the adult having legal
18 responsibility for or care of the child disagrees with
19 the plan, then the adult shall be responsible for
20 obtaining appropriate educational services for the
21 child."

1 SECTION 3. Statutory material to be repealed is bracketed
2 and stricken. New statutory material is underscored.

3 SECTION 4. This Act shall take effect upon its approval.
