
A BILL FOR AN ACT

RELATING TO MENTAL HEALTH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the State has
2 several tools and programs to assist individuals who have
3 untreated severe mental illnesses, including court-ordered plans
4 of treatment, known in Hawaii as "assisted community treatment"
5 orders; involuntary commitments to the state hospital or a
6 similar facility; court-ordered medication; and department of
7 health crises programs. The legislature further finds that
8 there are areas for improvement in these programs, especially as
9 available resources and needs change over time.

10 Accordingly, the purpose of this Act is to update and
11 clarify laws governing mental crisis intervention by:

12 (1) Requiring the department of health, or a contracted
13 service provider, to review reports of a person having
14 severe mental illness who needs assistance; assess
15 whether the person fulfills the criteria for assisted
16 community treatment; and, if the person meets the

- 1 criteria, coordinate the process for an assisted
2 community treatment order;
- 3 (2) Requiring the director of law enforcement to adopt
4 rules establishing training and certification
5 standards and procedures for crisis intervention
6 officers;
- 7 (3) Establishing that a court's denial of a petition for
8 involuntary commitment shall serve as notification to
9 the department of health that the person who was the
10 subject of the petition should be evaluated for
11 assisted community treatment;
- 12 (4) Clarifying the scope of treatment allowable under
13 orders for assisted community treatment; and
- 14 (5) Requiring the department of the attorney general to
15 assist with the preparation, filing, and presentation
16 of any request for a court or administrative order
17 authorizing treatment over the objection of certain
18 patients.

19 SECTION 2. Chapter 334, Hawaii Revised Statutes, is
20 amended by adding a new section to part VIII to be appropriately
21 designated and to read as follows:

1 "§334- Department response to crisis reports. (a)
2 When the department receives credible information that a person
3 with a severe mental illness requires assistance, the department
4 shall dispatch staff to assist the person. The department may
5 coordinate the response with other departments or private
6 service providers as necessary. This requirement shall apply to
7 communications received by any means by which the public may
8 contact the department, including through a department hotline,
9 crisis line, or other means, and shall apply to communications
10 received through department-contracted service providers.

11 (b) While assisting a person pursuant to subsection (a),
12 the department staff or responder from another department or
13 private service provider coordinating with the department shall
14 assess whether the person meets the criteria for assisted
15 community treatment pursuant to section 334-121. If, upon
16 assessment, the department reasonably believes that the person
17 meets the criteria for assisted community treatment, the
18 department shall coordinate:

19 (1) Completion of an examination pursuant to
20 section 334-121.5;

1 (2) Preparation of a certificate as specified by
2 subsection 334-123(c); and
3 (3) Filing, with assistance from the department of the
4 attorney general, a petition for an assisted community
5 treatment order pursuant to section 334-123; provided
6 that the certificate and petition shall not be
7 required if an assisted community treatment order is
8 not indicated by the examination;
9 provided further that the examination, certificate preparation,
10 and filing of the petition may be completed by the department or
11 by another department or private service provider coordinating
12 with the department pursuant to subsection (a), in which case
13 the department shall not be required to be the petitioner.
14 (c) Notwithstanding subsection (b), if the department is
15 unable to coordinate the process for an assisted community
16 treatment order, the department may notify another mental health
17 program for the coordination of care in the community for the
18 person.
19 (d) The department may contract with a service provider to
20 fulfill the requirements of this section."

1 SECTION 3. Chapter 353C, Hawaii Revised Statutes, is
2 amended by adding a new section to be appropriately designated
3 and to read as follows:

4 "§353C- Training and certification standards and
5 procedures regarding crisis intervention officers. Without
6 regard to chapter 91, the director shall adopt rules setting
7 forth statewide training and certification standards and
8 procedures for a crisis intervention officer."

9 SECTION 4. Section 334-60.5, Hawaii Revised Statutes, is
10 amended by amending subsection (i) to read as follows:

11 "(i) If after hearing all relevant evidence, including the
12 result of any diagnostic examination ordered by the court, the
13 court finds that an individual is not a person requiring
14 medical, psychiatric, psychological, or other rehabilitative
15 treatment or supervision, the court shall order that the
16 individual be discharged if the individual has been hospitalized
17 prior to the hearing. Within twenty-four hours of the denial of
18 a petition for involuntary commitment, the court shall provide
19 notice to the department of the petition's denial, which shall
20 serve as notification to the department that the subject of the
21 petition should be assessed for assisted community treatment.

1 If, upon assessment, the department reasonably believes the
2 subject meets the criteria for assisted community treatment, the
3 department shall coordinate the completion of an evaluation,
4 preparation of a certificate, and filing of a petition pursuant
5 to section 334- (b)."

6 SECTION 5. Section 334-122, Hawaii Revised Statutes, is

17 amended by amending subsection (b) to read as follows:
