FEB 11 , 2026

RE: H.B. No. 1782  
H.D. 1

Honorable Nadine K. Nakamura  
Speaker, House of Representatives  
Thirty-Third State Legislature  
Regular Session of 2026  
State of Hawaii

Madame:

Your Committee on Economic Development & Technology, to which  
was referred H.B. No. 1782 entitled:

"A BILL FOR AN ACT RELATING TO ARTIFICIAL INTELLIGENCE FOR  
THE PROTECTION OF MINORS,"

begs leave to report as follows:

The purpose of this measure is to establish safeguards,  
protection, oversight, and penalties for interactions between  
minors and artificial intelligence companion systems or  
conversational artificial intelligence services.

Your Committee received testimony in support of this measure  
from the Department of Commerce and Consumer Affairs; Department  
of Education; Department of the Attorney General; Office of  
Wellness and Resilience; Friends of Kamalani & Lydgate Park; Young  
People's Alliance; Catholic Charities Hawai'i; Imua Alliance;  
Public Citizen; Hawai'i Children's Action Network Speaks!;  
HawaiiKidsCAN; Hawai'i State Teachers Association; and numerous  
individuals. Your Committee received testimony in opposition to  
this measure from TechNet. Your Committee received comments on  
this measure from CivicNexus and Retail Merchants of Hawaii.

Your Committee finds that generative artificial intelligence  
systems (gen AI), which are systems that are capable of generating  
text, images, audio, video, and interactive dialogue, are becoming

increasingly accessible to children and minors through websites, applications, educational tools, and other consumer platforms. Your Committee further finds that, based on recent national and international reporting, academic research, and public safety investigations, there are significant concerns about the use of gen AI chatbots and other gen AI companion-style systems by minors. In particular, your Committee is concerned about the potential of gen AI chatbots and other companion-style systems that are designed to foster emotional dependency and simulate personal relationships to severely impact the mental health and development of Hawaii's youth. Your Committee believes the safeguards established in this measure will protect the safety, privacy, and well-being of Hawaii's children from the harms posed by companion and conversational AI systems while still allowing for the use of innovative technologies that support education, accessibility, and creativity.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1782, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1782, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Respectfully submitted on  
behalf of the members of the  
Committee on Economic  
Development & Technology,

  
GREGGOR ILAGAN, Chair

HSCR 147-26
