RE: H.B. No. 2375
H.D. 1

Honorable Nadine K. Nakamura
Speaker, House of Representatives
Thirty-Third State Legislature
Regular Session of 2026
State of Hawaii

Madame:

Your Committee on Transportation, to which was referred H.B. No. 2375 entitled:

"A BILL FOR AN ACT RELATING TO TOWING PRACTICES,"

begs leave to report as follows:

The purpose of this measure is to establish uniform standards for parking enforcement and towing practices on state and state-leased lands, including notice requirements, disability protections, consumer payment safeguards, and public reporting.

Your Committee received testimony in support of this measure from the Wailoa River and Reeds Bay Boating and User Association; Surfparking.org; Free Access Coalition; Spoehr Foundation; and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Accounting and General Services.

Your Committee finds that parking enforcement and towing practices on state and state-leased lands are currently fragmented and inconsistently applied, resulting in insufficient consumer protections, limited transparency, and reduced public accountability. In order to establish uniform standards and clear lines of authority, it is necessary to examine existing parking and towing standards and identify inconsistencies among jurisdictions to ensure fair enforcement, accessibility, and due

process for all vehicle owners. Therefore, establishing a working group to examine these issues will help with creating a unified statewide framework for parking enforcement and towing on state and state-leased lands, strengthening consumer protections, improving transparency, and promoting consistent and accountable practices.

Your Committee has amended this measure by:

- (1) Deleting language that would have established uniform standards for parking enforcement and towing practices on state and state-leased lands;
- (2) Inserting language that establishes a Uniform Towing Practices for Public Parking Facilities Working Group within the Department of Transportation, including specifying membership, responsibilities, and reporting requirements; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2375, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2375, H.D. 1, and be referred to your Committee on Water & Land.

Respectfully submitted on
behalf of the members of the
Committee on Transportation,

DARIUS KILA, Chair

State of Hawaii
 House of Representatives
 The Thirty-third Legislature

HSR 89-26
