

HAYLEY KAIMĀLIE CHEYNEY KĀNE

PROFILE

An aspiring future medical doctor passionate about preventive medicine and holistic care.

With a vision of becoming an Integrative Family Medicine Doctor trained in both *la'au lapa'au* and Western medicine, she leverages her experience as Miss Hawai'i to promote wellness and inspire others. Her leadership, communication skills, and dedication to serving her community continue to grow through her advocacy and hands-on healthcare work.

EDUCATION

KAMEHAMEHA SCHOOLS KAPĀLAMA – class of 2015

SEATTLE PACIFIC UNIVERSITY — B.S. PHYSIOLOGY, 2019

EXPERIENCE

Miss Hawai'i 2024 — *Honolulu, HI*

June 23, 2024 – Present

GOV. MSG. NO. 545

- Represented Hawai'i at the Miss America 2025 pageant.
- Utilized the platform to promote health and disease prevention through public speaking, media appearances, and community events.
- Engaged with students (K-12) across the state, delivering motivational speeches and health education presentations.
- Traveled nationally and internationally, sharing Hawaiian culture through hula and song while fostering global health awareness.

Prevention Care Coordinator — *Waimānalo Health Center*

Nov. 2022 – Present

- Collaborate directly with patients to cultivate healthy lifestyles and implement preventive strategies for chronic conditions such as hypertension and diabetes.
- Conduct lifestyle coaching and health education sessions tailored to individual patient needs.

Medical Scribe — *ScribeAmerica, Seattle, WA*

Nov. 2019 – Sept. 2022

- Worked with The Polyclinic (Family Medicine, Internal Medicine, and Pediatrics) and the University of Washington (Alvord Brain Tumor Center).
- Documented patient visits accurately and efficiently, ensuring thorough medical records.

Anthropological Research Student — *Seattle Pacific University*

2015 – 2019

- Conducted a senior research project titled *Blood Perfusion as a Measure of Physiological Effort*.
- Led research coordination, including equipment management and data collection.
- Presented findings at six academic research conferences over four years.

SKILLS & INTERESTS

- Adaptable problem solver with strong communication skills and meticulous attention to detail.
- Passionate about holistic care, community health education, and perpetuating Hawaiian culture through hula and wellness practices.
- Dedicated to lifelong learning, health advocacy, and the healing and development of the lāhui (community).
