University of Arizona

10/98

PROFESSIONAL PROFILE

Majority of career was spent as Program Coordinator for the University of Arizona College of Agriculture. During this time I gained vast experience in team leadership, logistics and problem solving. The majority of my time was spent as the Federal Excess Property Program Coordinator. I was tasked with finding and reutilizing Federal Equipment for our research, as well as training and managing all of the onsite Property Managers and their inventories throughout the state. I have a vast knowledge of farming, mechanics, welding and fabrication, all construction skills, including heavy equipment operation and logistics.

EXPERIENCE

Owner/Operator: Private Handyman

01/2020 - Present

- Manage clients
- Manage job sites
- Manage finance of jobs/materials and purchasing

Agriculture Specialist/ Operations Manager

Hawaii Correctional Industries 06/2018- 10/2019
