

UNIVERSITY OF HAWAI'I LEGISLATIVE TESTIMONY

UNIVERSITY OF HAWAI'I BUDGET BRIEFING

Testimony Presented Before the
Senate Committee on Ways and Means
and the
Senate Committee on Education

January 14, 2026

Wendy F. Hensel
President

Statement of President Wendy Hensel

Thank you for the opportunity to present the supplemental budget request for Fiscal Year (FY) 2026-2027 for the University of Hawai'i (UH). It is a pleasure and a privilege to appear before you today as President of UH. I look forward to working with the Legislature, whose support is critical in providing excellent postsecondary education opportunities for the people of Hawai'i. My team and I stand ready to do the hard work necessary to advance the well-being of our campuses and the State, which are inextricably intertwined.

Looking ahead, we are excited to continue implementing our six-year strategic plan, which will elevate excellence across the university system. With the support of the Legislature and our many partners throughout the community, we can and will continue to improve the quality of life of Hawai'i's people across our islands.

Overview

Provide your agency's mission statement, strategic objectives, goals, and performance metrics. How will the agency measure progress? What milestones will be tracked?

As the sole provider of public education in Hawai'i, UH is committed to improving the social, economic, and environmental well-being of current and future generations.

At its November 17, 2022, meeting, the Board of Regents (BOR) unanimously approved a six-year strategic plan that we continue to execute today. Entitled "Hawai'i's University for Today and Tomorrow," the Strategic Plan includes a BOR-approved update to the UH vision and mission statements as well as a set of foundational principles and imperatives that will guide us forward. For more information, please visit <https://www.hawaii.edu/strategic-plan/>.

UH Vision

UH is the world's premier integrated higher education system, advancing the quality of life for all the people of Hawai'i through robust educational offerings and world-class

discovery while modeling how institutions must embrace responsibilities to indigenous people and place in the 21st century.

UH Mission

With a focus on creating a healthy and thriving future for all, UH provides broad educational opportunities as the higher education destination of choice in the Pacific, nurturing the personal success, leadership capacity, and positive engagement of every resident of Hawai'i. It achieves global impact by enriching humankind's fundamental knowledge through engagement in world-class research, scholarship, and service that promote the welfare and sustainability of Hawai'i's people and environment. Woven through all is an appreciation of and commitment to indigenous Hawaiian people, culture, values, and wisdom.

Foundational Principles

A set of five foundational principles played an integral role in developing the strategic plan and guided and informed the actions undertaken:

Hawaiian Place of Learning

UH champions the principles of aloha, caring for people and place, as we integrate Hawaiian language, culture, history, and values across the institution and its work.

Statewide Need

UH's primary responsibility as the only public provider of postsecondary education is to support the needs of the State of Hawai'i.

Access and Equity

UH upholds its commitment to provide higher education opportunities that are available and accessible to all students, regardless of their background or location in the state, especially those who are underrepresented. We are equally committed to ensuring a workplace that is fulfilling and equitable for all faculty, staff, and leadership.

Sustainability

UH recognizes its responsibility to the 'āina, to steward its natural resources, and to develop solutions to the complex challenges of sustainability, resilience, and climate change.

Stewardship of Resources

UH is committed to ensuring the university's economic viability and will responsibly organize, align, and allocate institutional resources effectively as a system, including the stewardship of its facilities, processes, and human resources.

UH's goals and objectives are expressed in the new strategic plan through four imperatives. High-level metrics are provided with the initial plan and continue to be further refined with additional detailed objectives, actions, and metrics.

Imperatives

Fulfill kuleana to Native Hawaiians and Hawai'i

Goal

Model what it means to be an Indigenous-serving and Indigenous-centered institution: Native Hawaiians thrive, traditional Hawaiian values and knowledge are embraced, and UH scholarship and service advance all Native Hawaiians and Hawai'i.

Objectives

- Ensure that UH supports the success of Native Hawaiians in learning, teaching, service, and research across our campuses and nurtures Native Hawaiians as leaders.
- Create opportunities for all UH students, faculty, staff, executives, and regents to inform their work by learning about the Hawaiian language, culture, knowledge, and the past and present impacts of colonization.
- Play an active role in the reconciliation of injustices, advancing language parity, and improving the lives of Native Hawaiians across the islands.

Metric

- Support the Hawai'i Papa o Ke Ao Leadership Council in creating a detailed plan as an update to the *2012 Hawai'i Papa o Ke Ao Report* in consultation and collaboration with the Pūko'a Council and others throughout the UH. The detailed plan to achieve this imperative and these objectives will be presented to the BOR within one year of the adoption of this plan.

Imperative: Promote successful students for a better future

Goal

Educate more students, empowering them to achieve their goals and contribute to society.

Objectives

- Increase participation in postsecondary education statewide.
- Provide necessary support for student success, including addressing barriers to access, basic needs (such as food and housing insecurity), and holistic health and wellness.
- Fully deploy multiple modalities of instruction that recognize changing times and widely differing student preferences, needs, and goals.
- Provide innovative learning experiences that prepare students to achieve their personal and professional goals while fulfilling their kuleana to people and places.

- Improve campus infrastructure to promote a vibrant, inclusive, and safe environment on campuses across the UH System.

Metrics

- Number of degrees and certificates awarded, including industry-recognized credentials, disaggregated for underrepresented groups.
- Increase the number of returning adults and those enrolling in distance/online programs.
- Social/economic mobility index or survey results of alums perception of success after graduation.

Imperative: Meet Hawai'i workforce needs of today and tomorrow

Goal

Eliminate workforce shortages in Hawai'i while preparing students for a future different than the present.

Objectives

- Prepare professionals to fulfill statewide needs in occupations essential to community well-being, including education, health, technology, skilled trades, and sustainability/resilience.
- Enhance non-traditional offerings, including micro-credentials serving the needs of specific groups of students and industry-certified credit and non-credit credentials, for those seeking upskilling or career change opportunities.
- Partner with employers to ensure the necessary preparation and support for students to succeed in their careers.
- Prepare graduates for life-long learning, innovation, and entrepreneurship.

Metrics

- Size of workforce shortages in key sectors/occupations (e.g., teacher shortage).
- Number of students with work-based learning, entrepreneurial and research experiences, and internships with a preference for paid internships.

Imperative: Diversify Hawai'i's economy through UH innovation and research

Goal

Build and sustain a thriving UH research and innovation enterprise that addresses local and global challenges by linking fundamental scientific discovery with applied research necessary for technological innovation to create jobs and advance a knowledge-based economy.

Objectives

- Build out and sustain research and innovation hubs in key areas: climate resilience, energy and sustainable ecosystems; ocean, Earth, and atmospheric sciences; astronomy and space sciences; data sciences and global cybersecurity; health and wellness; food security and agriculture; the Asia-Pacific and Hawai'i.
- Leverage intellectual diversity and Indigenous innovation.
- Generate intellectual property and spin-off startup companies that create high-quality jobs.
- Advance meaningful engagement in the Indo-Pacific region.

Metrics

- Amount of extramural and philanthropic funding, including in identified hubs.
- Number of active licenses and options.
- Number of UH spin-off companies and jobs created.

2025 Areas of Focus

In 2025, we prioritized the following areas of focus under imperatives 2 and 3 in addition to our existing work across all four imperatives:

1. Expand Online Programs
2. Facilitate Automatic Admissions / Financial Aid Calculation for K-12
3. Develop a System-Wide Enrollment Management Approach
4. Develop a System-Wide Communications and Marketing Plan
5. Create a Common Standard of Care for Each Student
6. Implement a Simple, Fully Articulable General Education Model/System-wide Articulation
7. Accelerate AI Training and Adoption Across the System in All Aspects of the University

Discuss how current state-wide conditions have affected agency operations and the ability to meet goals. Identify and discuss notable performance measures, expected outcomes, and recent results.

It has been a challenging year for the university in light of the myriad changes in federal funding and policy occasioned by the federal administration that assumed office in January 2025. Federal directives have reduced many university programs, suspended research activities, and put into question the future support of historically funded programs. The state's economic condition, combined with the multiplicity of needs affected by federal changes, has limited the state's ability to provide supplemental funding. Therefore, UH has looked to reposition and prioritize its internal funding to meet the university's needs.

Despite these headwinds, the university is pleased to report considerable progress this year. Headcount enrollment at the ten UH campuses for the Fall 2025 semester was 51,411, up 2% compared to the year prior. This marks the third consecutive year of enrollment growth at UH and reflects the confidence the people of Hawai'i have in its public higher education system. UH continues to provide a high-quality education at an affordable tuition price for Hawaii residents.

UH once again set a new extramural funding record, reaching \$734 million for fiscal year 2025 (FY25) despite uncertainty in federal research support. These funds bring outside money into the state, resulting in business sales, employee earnings, and state tax revenue for Hawai'i. Additionally, philanthropic support for UH was also strong, with a record \$171.7 million raised in FY25, which will continue to provide resources for student success, faculty excellence, and groundbreaking research across all UH campuses.

Working together with the Hawai'i State Department of Education (HIDOE), UH launched the Direct2UH initiative, which simplifies the college admissions process and removes barriers to higher education for Hawai'i's public high school seniors. This program provides free, direct admission to nine UH campuses based on a student's GPA, allowing them to secure a place at a UH campus without completing a traditional application. It represents one component of a system-wide enrollment management approach intended to increase the percentage of Hawai'i high school students enrolling at UH and expand recruitment efforts to reach adult and online learners, transfers, and military personnel.

UH also launched a major initiative to create a common standard of care for each student across its campuses, ensuring equitable support for all and building on a positive trajectory of student success. In 2025, this was advanced through the acquisition of new and updated academic technologies across the system, including EAB Navigate, EAB Edify, EdSights Retain Chatbot, and Banner, and a multi-campus engagement with the National Institute for Student Success. The integration of such technology at all campuses will lead to enhanced effectiveness and efficiency at scale.

UH established a new Office of Academic Technology and Innovation (OATI) that guides the integration of emerging technologies and Artificial Intelligence (AI) across all ten campuses, serving as the hub for strategy, implementation, and oversight in teaching, learning, and operations at UH. In parallel, a systemwide AI strategy to equip every student and educator with AI skills, build secure systemwide infrastructure, and drive innovation aligned with Hawai'i's values, economy, and future workforce needs is being executed. An AI Planning Group and several task forces are supporting this effort.

On August 6, Honolulu Community College opened the Advanced Manufacturing Program Facility – a state-of-the-art training hub for Hawai'i's next generation of skilled trades professionals. This program is a collaboration between Honolulu CC, the U.S.

Department of War's Industrial Base Analysis and Sustainment (IBAS) Program, and Ku'i Hao, a strategic workforce initiative.

Federal Funds

Identify programs that have lost or are at risk of losing federal funds. Identify the source of these federal funds by federal award title and CFDA number. Discuss the impact to the public and your planned response, including efforts to supplant any federal fund reductions for the current year (FY24) and the upcoming fiscal year (FY25) with other funds.

UH's extramural federal awards, which support research, academic programs, and partnerships across the UH System, have been substantially affected. As of mid-December, 85 extramural grants totaling approximately \$109.5 million have been terminated due to shifting federal priorities.

Recent federal agency actions indicate that an additional \$80 million in UH funding may be at risk due to a December U.S. Department of Education finding that minority-serving programs are unconstitutional. If these programs are terminated as expected, it will jeopardize UH's mission of providing high-quality education, advancing research, and serving the people of Hawai'i and the broader Pacific region.

More broadly, the federal funding environment is undergoing considerable change as agencies adjust to new budget constraints and evolving national priorities. While we do not yet know the full impact of these changes, early indications suggest continued uncertainty for research and higher education institutions nationwide. This is a fluid situation that UH continues to monitor closely.

UH remains actively engaged in national discussions and advocacy efforts regarding emerging federal funding frameworks now under consideration by Congress. We are also working with peer institutions, national associations, and federal partners to preserve vital research investments and explore all available options, ranging from direct engagement to participation in policy and legal processes, to ensure continued support for Hawaii's research and innovation enterprise.

During the course of the federal government shutdown, UH experienced varying levels of impact, ranging from slower reimbursements, delayed distribution of federal funding to students, and an increased need to provide services or funding to students facing personal hardships. UH absorbed financial impacts internally with no additional State funding. Addressing the impacts has resulted in internal fiscal implications. For example, UH suspended the tuition payment deadline for the upcoming semester because it fell during the shutdown. The result is an expected delay in the collection of

FY25-26 tuition revenue to the latter part of the current fiscal year. Any resulting impacts on funds availability and receivables are being managed internally with the University treasury.

Non-General Funds

Provide a web link (url) of the reports to the Legislature on non-general funds under your department pursuant to HRS 37-47.

The report to Legislature regarding non-general funds, as required by Chapter 37-47, Hawai'i Revised Statutes (HRS), is available on UH's Government Relations site and can be found here: https://www.hawaii.edu/govrel/docs/reports/2026/hrs37-47_37-48_37-49_2026_non-general-funds_annual-report.pdf

Budget Request

Explain the process used to develop the agency's budget and prioritize requests for budget changes.

Regent Policy 8.204 defines the procedure for Board approval of budget requests submitted to the Legislature and the Governor. UH Administration also considered the guidelines and economic outlook presented in Finance Memorandum No. 25-13 in crafting UH's request for BOR approval.

Understanding that the fiscal position of the State overall has been weakened and that the cash position of the University is strong at this time, the UH Officers gathered input from their units and then collaborated to put forth to the BOR a budget proposal that reflects the highest priority requests of greatest impact for the state and University. After input on the Administration's proposal from its Committee on Institutional Success, the BOR approved the budget request as presented herein at its November 20, 2025, meeting. This BOR Budget request was subsequently transmitted to the Governor and Legislature, pursuant to Chapter 37-68, Hawai'i Revised Statutes.

Identify and discuss significant adjustments contained in the budget request submitted to the Legislature. Explain and quantify how significant requests for additional funds are expected to affect outcomes.

The following section provides an overview of UH's operating and capital budget requests. Additional information can be found in the tables of our budget briefing testimony, and UH staff will answer questions that may assist in understanding the budget request.

Board of Regents Operating Budget Request

In light of the fiscal challenges facing the state, the UH Administration limited its operating budget requests to two major strategic items that are time-sensitive, evidence-based, and provide significant benefit to the state's economy and quality of life for residents. UH plans to use internal operating funds to support other strategic investments and needs in the next fiscal year.

The two budget request items in the operating budget request approved by the BOR at its November 2025 meeting:

Category	FY27 FTE	FY27 \$\$\$
Healthcare Workforce Initiative	18.50	\$3,724,600
Athletics	17.00	\$15,080,000
Grand Total	35.50	\$18,804,600

Healthcare Workforce Initiatives

Recognizing the significant shortages that exist in many health profession disciplines and medical specialties that hinder access to care in Hawai'i, the Health Science and Healthcare Interdisciplinary Workforce Initiatives coordinate efforts across multiple institutions to increase supply. This coordinated request for positions will increase the workforce pipeline by training more doctors, nurses, pharmacists, and behavioral health providers in areas such as cancer, neurology and dementia, behavioral health, addiction medicine, and primary care. This initiative will improve access to care across all islands by providing direct clinical services and addressing shortages in underserved communities.

These initiatives focus on three critical areas: (1) Cancer, (2) Neurology and Dementia, and (3) Behavioral Health Integration and Addiction. These initiatives also work across different units with UH, including the School of Nursing and Dental Hygiene (SONDH), the Thompson School of Social Work and Public Health (TSSWPH), the John A. Burns School of Medicine (JABSOM), the Daniel K. Inouye College of Pharmacy (DKICP), and the Hawai'i Cancer Center.

Finally, this request seeks to leverage partnerships with the State Department of Health, State Department of Education, the Queen's Medical Center (Queen's), and Hawai'i Pacific Health (HPH). UH will be a key implementation partner in the state's Rural Health Transformation Program over the next five years. These positions will also support many of the proposed workforce development and telehealth initiatives.

Mānoa Athletics

In recognition of the significance that the University of Hawai'i at Mānoa Athletics Department (UHMAD) program has for our entire state, as well as the need for additional resources to maintain competitiveness at the Division I level occasioned by changes in NCAA rules regarding student-athletes, the University is requesting additional economic support for the UHMAD program. The proposed initiatives are envisioned to deliver direct economic benefits and value to the state while advancing the program's mission of excellence, community engagement, and student-athlete development.

Key goals include improving the student-athlete experience, strengthening community ties as "Hawai'i's Team," and establishing a sustainable Name, Image, and Likeness (NIL) program to attract and retain top talent. These efforts are essential for athletic success, raising the University's profile, supporting enrollment growth, and driving economic benefits statewide. Without additional funding for operations and NIL initiatives, UHMAD risks falling behind its peers in performance and visibility, especially in light of potential conference realignments. To strengthen its foundation, UHMAD is requesting support in three key areas.

First, UHMAD seeks to add 17 new general-funded FTEs and convert 35 existing special-funded positions into general-funded positions (totaling 52 positions). This change will ensure stability in critical staff roles in compliance, training, finance, and communications. Notably, this conversion does not require new funding to UH as UHMAD will utilize approximately \$4 million from the \$7.2 million already allocated annually by the state to cover these salary costs, providing the UHMAD program with long-term staffing security and cost savings on fringe benefits. This is a repeat request, made with greater urgency given the growing need for predictable UHMAD resources.

Secondly, UHMAD requests \$10.08 million in annual operational funding to enhance areas such as nutrition, recruiting, travel, equipment, apparel, insurance, medical care, academic support, and facility maintenance. This funding will support initiatives such as providing basic meals and enhanced performance nutrition for student-athletes, addressing rising travel costs, and ensuring that health, academic, and facility resources meet Division I standards.

Finally, \$5 million annually is requested to establish an institutional NIL program that provides fair and competitive compensation to student-athletes. In the current landscape of college sports, NIL opportunities are critical for retaining local talent and attracting elite athletes who can elevate Hawai'i's national profile. As NIL is still a new aspect of collegiate athletics, different programs are approaching it in various ways. States are employing a variety of measures to cover these new costs, including direct state or university funding, tax credits, increased student fees, and NIL income tax

exemptions. UHMAD's request for FY 26 will allow the department to set a manageable budget that allows the department to avoid increasingly common cost overruns in college athletics.

With the proposed foundational funding, distributed equitably and in compliance with Title IX, UHMAD aims to remain competitive within the Mountain West and Big West conferences, proudly representing the state with pride and excellence.

Miscellaneous

Lastly, there are a couple of housekeeping measures that do not affect UH's aggregate appropriation: a budget request to align the budget details with the reorganization of 8 positions that had already taken place in the Systemwide Administration, and a request for a continuation of a change in Means of Financing (MOF) for 14 positions from the Research and Training Revolving Fund to the General Fund. This change in MOF was requested in last year's biennium request and received approval from the Legislature for the first year only.

Governor's Operating Budget

The Governor did not include any initiatives for additional resources in his budget. He did include the reorganization of 8 positions within Systemwide Administration for administrative staff moving from Information Technology Services to Systemwide Administrative Support.

Board of Regents Capital Improvement Program (CIP) Budget Request

The following table lists the various projects and the requested appropriation levels approved by the BOR at its November 2025 meeting for submission to the Governor and Legislature:

Description	FY26	FY27	MOF

Total		\$137,300,000	C

Conclusion

We appreciate your continued support for UH's mission to improve the social, economic, and environmental well-being of current and future generations of Hawai'i. We are committed to working closely with the Legislature in the coming months to advance our mutual commitment to the people of our islands.

SBDC	(1) High quality advising, training and research services to entrepreneurs and small businesses across the state of Hawaii.	The Hawai'i SBDC Network program stimulates the State's economy by providing professional one-on-one consulting and group training services which increase the business knowledge and skills of business owners and pre-venture entrepreneurs. Program objectives are to enhance the economic success of existing businesses and to assist in the successful launch of new businesses. Achievement of desired outcomes – primarily jobs created, capital formation and successful business launches – are the major metrics which guide both strategy and operations.	UOH 220		304A-102, HRS

SBDC	(3) Capital Formation	The Hawai'i SBDC Network will continue to work with individual clients to increase their knowledge of and familiarity with basic credit practices and credit requirements. Such knowledge clearly supports the effectiveness of assistance provided to clients in the development of cogent, well-conceived and developed business plans, financial packages, credit applications and contract proposals. The Hawai'i SBDC Network will work with the financial community to identify and make publicly available information about small business lenders and grant providers and to support their activities through counseling and training efforts where appropriate. SBDC	(4) International Trade	The Hawai'i Business Research Library will play a significant role in enhancing the Network's ability to access information helpful to the state's international trade small businesses and will work collaboratively with the research arm and research capabilities of the US Commercial and Financial Services. The SBDC is committed to maintain at least 10% certification at a minimum.	UOH 220		304A-102, HRS

SBDC	(8) Research	Market research continues to be an expanding area of activity being pursued by the Hawai'i SBDC Network. With the Hawai'i Business Research Library (HBRL) as a Hawai'i SBDC Network Specialty Center, the Network Service Centers are able to access and provide substantial and in-depth research on behalf of their clients. HBRL resources include online computer access to 400 commercial databases covering all fields of research, including trade journals, business periodicals, and market research tools, providing current demographic estimates of standard or customized geographical areas. Community Colleges	The function/purpose of the Community Colleges shall be to provide: (1) Two-year college transfer and general education programs and two- and four-year career and technical education programs; (2) Semiprofessional, career and technical, and continuing education programs; and (3) Such other education programs and services as may be appropriate to such institutions.	The University of Hawai'i Community Colleges offer general education courses to prepare students for transfer to baccalaureate institutions, and career and technical education degrees and certificates to prepare students for employment or to upgrade current levels of proficiency. Developmental courses are also offered to strengthen basic skills needed by students to pursue instructional programs. Additionally, the community colleges offer non-credit courses to meet statewide workforce training and other community needs and interests, including short-term, skills upgrading offerings, as well as cultural and performing arts programs to enrich the community. The University Centers on Maui, Kaua'i, and in West Hawai'i on the Island of Hawai'i provide a permanent University of Hawai'i presence in communities that otherwise lack access to programs offered elsewhere in the University of Hawai'i system through an emphasis on distance education. A variety of services support student success in instructional programs and provide access to the colleges. These services include library, media, computer and learning labs, academic assessment and advising, financial aid, admission services and record keeping, and special support services for disabled, minority, and second-language students.	UOH 800		304A-1101, HRS
		Administrative support services at each campus provide campus-wide executive leadership, budgetary and financial management, personnel administration, procurement and property management, facilities and grounds maintenance, security, physical facilities planning of both repairs and maintenance and capital improvement projects, and auxiliary services.

Aquaria	Establish and maintain the state aquarium for the general public	Act 184 (SLH 1995) designates the Waikiki Aquarium as the State Aquarium, and further provides that the objective of the UOH-881 program is to enrich the lives of people of all ages by providing public programs, education, research, and exhibits of the aquatic life of Hawaii and other regions. The Aquarium is open to the public and hosts over 200,000 individual visitors annually.	UOH 881		304A-1652, HRS
Aquaria	Maintain educational programs for organized school groups	Individuals ranging from school students, teachers, and families with children continue to utilize Waikiki Aquarium marine science education programs. Modest tuition fees are charged for most programs, but Aquarium admission for Hawai'i school students remains free. The primary emphasis of Aquarium education programs is science literacy and conservation education.	UOH 881		304A-1652, HRS
Aquaria	Performs research and exhibition to the public of aquatic life of Hawai'i and other regions	Ecology, natural history, biological diversity, and conservation are emphasized throughout the Aquarium, in exhibits and programs. Exhibit concepts, design and execution have received national awards for excellence, e.g., the AZA MACE award for conservation presented to the Waikiki Aquarium for the "Corals Are Alive" exhibition. UOH100	Emergency appropriation requested for fiscal year 2025–2026 to expand and sustain the Maui Wildfire Exposure Study and Maui Health Registry, enabling long-term follow-up services for up to 5,000 individuals impacted by the 2023 Maui wildfires.	The Maui Wildfire Exposure Study (MauiWES) and the Maui Health Registry were established to address the urgent and long-term health needs created by the 2023 Maui wildfires. Initial funding for MauiWES was provided by the Major Disaster Fund however, those funds are expiring. To ensure the ongoing ability to track progress and deliver assistance to residents of Maui, additional funding must be appropriated to cover the costs for this fiscal year.	A	-	-	\$ 1,500,000

1/ Given the unions' concerns about targeting their members by sharing personally identifiable information, we must respectfully decline to release the position numbers with the following exception of executive / managerial employees. In an effort to be directly responsive to your inquiry, these corresponding Administrators have waived their privacy interests related to their position numbers, included in your requested spreadsheet. We hope that this compilation is responsive to the purposes of your inquiry.														
2/ Where salary ranges are provided, that is the annual salary range and is not prorated based on the position's FTE. If a specific salary is provided, that amount has already been prorated based on FTE.

The Administration’s set of proposed bills for the upcoming legislative session has not yet been finalized but we do have some preliminary proposals that appear highly likely to be submitted at this point. As such, the following bills and information are provided, which we believe is accurate at this point; however, please note that this could still change before the final submission deadline.											
UOH100	Emergency appropriation requested for fiscal year 2025–2026 to expand and sustain the Maui Wildfire Exposure Study and Maui Health Registry, enabling long-term follow-up services for up to 5,000 individuals impacted by the 2023 Maui wildfires.	\$1,500,000	0.00	\$ -	\$1,500,000	\$ -	11/1/2024	6/30/2026	The Maui Wildfire Exposure Study (MauiWES) and the Maui Health Registry were established to address the urgent and long-term health needs created by the 2023 Maui wildfires. Initial funding for MauiWES was provided by the Major Disaster Fund however, those funds are expiring. To ensure the ongoing ability to track progress and deliver assistance to residents of Maui, additional funding must be appropriated to cover the costs for this fiscal year.	Enhancement	
UOH800	Adjustments to the Promise Program aid formula will allow students to allocate previously excluded funds toward indirect costs, including housing, food, and other living expenses, thereby reducing financial barriers and supporting overall student success.	\$ -	0.00	\$ -	\$ -	\$ -	7/1/2025		Amends the Hawai’i Community College Promise Program to exclude grants, scholarships, and other funding sources from the calculation. This revision reflects recent federal changes to Pell Grant policy and aligns the program’s definition of “direct cost” with federal financial aid regulations to ensure compliance and protect eligibility for federal aid programs. The amendment also improves coordination with federal student aid programs to maximize the total financial assistance available to students, particularly in light of federal Pell Grant changes taking effect July 1, 2026.	Enhancement	Revisions are expected to continue throughout the duration of the Program.
UOH900	Authorization will allow the financing of qualifying priority capital improvement projects and enable the University to obtain additional funding to address capital facility needs, including new project construction, modernization, and the major repair and maintenance backlog.	\$ -	0.00	\$ -	\$ -	\$ -	7/1/2025		Authorizes the Board of Regents of the University of Hawaii to issue revenue bonds for an unspecified amount. University of Hawai'i
Work-related travel as of November 30, 2025

Table 23

The Research Corporation of the University of Hawai'i (RCUH) has provided all official travel by UH employees processed through RCUH. Please see **Attachment B**.

The attached spreadsheet (**Attachment A**) contains all official travel by UH employees with the requested travel data, excluding position numbers. Instead, we have provided titles to align with our previous communications regarding concerns raised by the University of Hawai'i Professional Assembly (UHPA) and Hawai'i Government Employees Association (HGEA) about sharing personally identifiable information. The only position numbers included are for EMs as noted.

UH processed a total of 6,086 trips through UH Disbursing and have identified those funded by an extramural or external source. A funding type column is included for reference. Please note that "UH Disbursing" may encompass external funding and grants used for account tracking purposes.

We are providing the combined, associated cost of travel across UH Disbursing and RCUH is provided for your convenience:

Federal	\$4,866,194.27
Mixed Non-General/Federal	\$150,567.57

In the fall 2025, the campus provided \$1,882,915.79 to make students' accounts whole after applying their applicable federal financial aid and other scholarships. In the spring 2026, we anticipate spending the same amount to continue supporting these students through FY26.		B		3,765,831.58		2,100,000.00	No	n/a
UOH100	AA	Food and Equipment Rental	UHM 4 Maui aims to provide a supportive community for students affected by the Maui fires, helping them to build network, access resources, share their experiences in a safe and welcoming space. The event is held on campus once a month and is provided to students with whom we have been working on addressing the financial impacts of the Maui fires on their lives. Providing food and snacks at the monthly gatherings ensures Maui students a welcoming, community-oriented environment. Program is currently supporting 194 students.		B		2,758.89		2,600.00	No	n/a
