Josh Green, M.D.
Governor, State of Hawai'i

A BILL FOR AN ACT

RELATING TO SCHOOL IMPACT FEES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that Hawaii faces a severe housing shortage and that reducing regulatory barriers and development costs is essential to increasing the supply of homes. Impact fees imposed on smaller residential projects can add substantial costs to housing and may discourage the development of infill units needed within existing communities.

The legislature further finds that the school impact fee program was designed to ensure that new developments contribute their fair share toward school facilities needed to support enrollment growth. While the program may be appropriate for large master-planned communities that create significant, concentrated increases in enrollment, applying the same fee structure to smaller projects places a disproportionate burden on developments that have minimal impact on school capacity.

The legislature also finds that residential developments of fewer than five hundred units typically generate a small number of students who can be accommodated within existing school

1 facilities or through minor adjustments that do not require new
2 school construction. Applying substantial impact fees to these
3 smaller projects increases housing costs without producing a
4 corresponding benefit to public school infrastructure.

5 The purpose of this Act is to:

6 (1) Expand exemptions from school impact fee requirements
7 for certain housing developments;

8 (2) Clarify procedures and timing for land dedication or
9 fee in lieu agreements for new residential
10 developments;

11 (3) Repeal the sunset and reporting requirement under Act
12 268, Session Laws of Hawaii 2025, relating to school
13 impact fees;

14 (4) Restructure certain school impact fee accounts; and

15 (5) Preserve existing educational contribution agreements.

16 SECTION 2. Section 302A-1603, Hawaii Revised Statutes, is
17 amended by amending subsection (b) to read as follows:

18 "(b) The following shall be exempt from this section:

19 (1) Any form of housing permanently excluding school-aged
20 children, with the necessary covenants or declarations
21 of restrictions recorded on the property;

- 1 (2) Any form of housing that is or will be paying the
2 transient accommodations tax under chapter 237D;
- 3 (3) All nonresidential development;

5 contribution agreement or other like document with the
6 agency for the contribution of school sites or payment
7 of fees for school land or school construction;

15 meeting the income requirements of those sections;

~~+~~ (11) ~~+~~ Any form of development by the Hawaii housing finance and development corporation pursuant to part V of chapter 201H~~[-]~~;

(12) Any housing project consisting of fewer than five hundred dwelling units; provided that subdivisions or phases of a development or master plan shall be considered parts of the same housing project; provided further that no developer shall artificially subdivide a project or phase the development of a project to avoid the requirements of this subpart;

1 (5) When land dedication is required, the land shall be
2 conveyed to the State upon completion of the
3 subdivision improvements and any offsite
4 infrastructure necessary to serve the land; provided
5 that:

6 (A) Notwithstanding any law to the contrary, when a
7 developer is required to dedicate land pursuant
8 to an educational contribution agreement or this
9 subpart, the board, in coordination with the
10 authority, or the appropriate state agency
11 determined by the governor, shall formally accept
12 the transfer of the land title no later than five
13 years after the subdivision improvements and any
14 offsite infrastructure are completed. If the
15 board or the appropriate state agency fails to
