

**Dan H. Hirota, PE, PLS**  
*Senior Discipline Engineer and Surveyor*

Dan Hirota brings over 35 years of experience in civil engineering and land surveying across Hawaii. Throughout his career, he has played a pivotal role in shaping high-end resort residential communities along the Big Island's Gold Coast. His work spans all phases of development, including civil engineering design and surveying, subdivision planning, road and site grading utility systems, FEMA flood zone changes, and the preparation of construction drawings, preliminary and final plat maps.
