# A BILL FOR AN ACT

RELATING TO WORKERS' COMPENSATION.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that early intervention  
2 is vital to ensure the efficient and effective rehabilitation of  
3 employees who suffer a work-related injury. This often begins  
4 with the referral of an injured employee for vocational  
5 rehabilitation services. Vocational rehabilitation services are  
6 intended to help the employee return to work as quickly as  
7 possible with pay as close as possible to pre-injury wages.  
8 Urgency is needed when initiating the vocational rehabilitation  
9 process to avoid prolonged adverse effects on injured employees  
10 and minimize costs for employers and insurers.

11           The legislature further finds that it is crucial for  
12 injured employees to have access to appropriate vocational  
13 rehabilitation services in the State. Many vocational  
14 rehabilitation providers have expressed concern regarding the  
15 future availability of services as providers retire or leave the  
16 practice. It is important for current and future providers to  
17 be properly trained on the vocational rehabilitation process.

1       Accordingly, the purpose of this Act is to:

2       (1) Clarify the process for selecting a certified provider  
3       of rehabilitation services; and

4       (2) Require a provider to automatically approve an injured  
5       employee for vocational rehabilitation services if the  
6       provider determines that the injured employee will  
7       likely require vocational rehabilitation services to  
8       return to suitable gainful employment.

9       SECTION 2. Section 386-25, Hawaii Revised Statutes, is  
10      amended to read as follows:

11       "**§386-25 Vocational rehabilitation.** (a) The purposes of  
12      vocational rehabilitation are to restore an injured worker's  
13      earnings capacity as nearly as possible to that level that the  
14      worker was earning at the time of injury and to return the  
15      injured worker to suitable gainful employment in the active  
16      labor force as quickly as possible in a cost-effective manner.  
17      Vocational rehabilitation shall not be available for public  
18      employees who have retired from a public employer, as defined in  
19      section 76-11, with whom they sustained their work injury.

20       Employees of public employers, as defined in section 76-11,  
21      who are eligible for their respective public employer's return

1 to work program, shall participate in and complete the return to  
2 work program, including temporary light duty placement efforts,  
3 as a prerequisite to vocational rehabilitation benefits under  
4 this section.

5 (b) The director may refer employees who may have or have  
6 suffered permanent disability as a result of work injuries and  
7 who, in the director's opinion, can be vocationally  
8 rehabilitated to the department of human services or to private  
9 providers of rehabilitation services for vocational  
10 rehabilitation services that are feasible. A referral shall be  
11 made upon recommendation of the rehabilitation unit established  
12 under section 386-71.5 and after the employee has been deemed  
13 physically able to participate in rehabilitation by the  
14 employee's attending physician. The unit shall include  
15 appropriate professional staff and shall have the following  
16 duties and responsibilities:

17 (1) To review and approve rehabilitation plans developed  
18 by certified providers of rehabilitation services,  
19 whether they be private or public;

20 (2) To adopt rules consistent with this section that shall  
21 expedite and facilitate the identification,

1 notification, and referral of industrially injured  
2 employees to rehabilitation services, and establish  
3 minimum standards for providers providing  
4 rehabilitation services under this section;

6 rehabilitation services meeting the minimum standards  
7 established under paragraph (2); and

8 (4) To enforce the implementation of rehabilitation plans.

9 (c) Enrollment in a rehabilitation plan or program shall  
10 not be mandatory and the approval of a proposed rehabilitation  
11 plan or program by the injured employee shall be required.

13 rehabilitation plan or program, the injured employee ~~may~~ shall  
14 select a certified provider of rehabilitation services~~[-]~~ no  
15 later than thirty days after the referral is made by the  
16 director. Both the certified provider and the injured employee,  
17 within a reasonable time after initiating rehabilitation  
18 services~~[-]~~ or after the employee self-refers, shall give proper  
19 notice of selection to the employer. If the injured employee  
20 fails to select a certified provider within thirty days, the

1 director shall select the certified provider of rehabilitation  
2 services and give proper notice of selection to the employee.

3 (d) A provider shall submit an initial evaluation report  
4 of the employee to the employer and the director within  
5 forty-five days of the date of referral or selection. The  
6 evaluation shall determine whether the employee requires  
7 vocational rehabilitation services to return to suitable gainful  
8 employment, identify the necessary services, and state whether  
9 the provider can provide these services. The initial evaluation  
10 report shall contain:

15 employee shall have ten days to review and sign the plan. The
