# A BILL FOR AN ACT

---

RELATING TO STUDENT BASIC NEEDS SUPPORT AT THE UNIVERSITY OF  
HAWAII.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. The legislature finds that post-secondary  
2 student success depends not only on access to academic programs  
3 but also on students' ability to meet basic needs while enrolled  
4 in school. Barriers such as housing instability, food  
5 insecurity, transportation challenges, and limited access to  
6 public benefits can adversely affect students' persistence,  
7 credit accumulation, and degree completion.

8       The legislature further finds that the university of Hawaii  
9 system lacks Hawaii-specific data on the effectiveness of  
10 coordinated basic needs support, including housing stability, in  
11 improving student outcomes.

12       The legislature also finds that in accordance with article  
13 X, section 6, of the Hawaii State Constitution, this Act  
14 involves a matter of statewide concern.

15       Accordingly, the purpose of this Act is to establish a  
16 limited pilot program at a single university of Hawaii campus to

1 assess whether targeted basic needs support improves student  
2 persistence and academic progress, prior to consideration of any  
3 systemwide expansion.

4 SECTION 2. As used in this Act, unless the context clearly  
5 requires otherwise:

6 "Basic needs" means access to food, transportation,  
7 healthcare, stable housing, and other essential supports  
8 necessary for a student's ability to remain enrolled in school  
9 and make academic progress.

10 "Housing instability" means a lack of fixed, regular, and  
11 adequate nighttime residence, including temporary housing,  
12 emergency shelters, or other unstable housing arrangements,  
13 consistent with applicable federal guidance for post-secondary  
14 students.

15 "Pilot campus" means the university of Hawaii system campus  
16 selected by the board of regents in section 3(b) of this Act.

17 "Pilot program" means the university of Hawaii basic needs  
18 pilot program established by section 3(a) of this Act.

19 SECTION 3. (a) The university of Hawaii shall establish a  
20 basic needs pilot program to assist students.

(b) The board of regents of the university of Hawaii shall select one campus within the university of Hawaii system, at which a basic needs pilot campus plan shall be established pursuant to subsection (d). The board of regents shall select the campus based on demonstrated student need and the campus' capacity to implement and evaluate the pilot program.

(c) There shall be established benefits navigator position at the pilot campus to assist students in accessing:

- (1) Public benefits and assistance programs;
- (2) Emergency financial or basic needs assistance; and
- (3) Community-based resources and services.

The benefits navigator shall be based at a designated location at the pilot campus, to which students shall be directed to receive assistance.

(d) The pilot campus, in coordination with the benefits navigator, shall develop and periodically update a basic needs pilot campus plan, which shall:

- (1) Identify existing campus resources that address student basic needs;
- (2) Assess barriers to access and use of the resources identified in paragraph (1);

- 1           (3) Identify opportunities for partnerships with  
2           community-based organizations;  
3           (4) Outline outreach strategies to inform students of  
4           available supports; and  
5           (5) Assess the need for additional federal or state  
6           resources.

7           SECTION 4. (a) Beginning with the 2026-2027 academic  
8           year, the university of Hawaii shall conduct an annual student  
9           basic needs survey at the pilot campus to assess:

- 10          (1) Housing stability;  
11          (2) Food security;  
12          (3) Access to transportation; and  
13          (4) Awareness and use of available basic needs resources.

14          (b) Data from the survey conducted pursuant to subsection  
15          (a) shall be collected and reported in the aggregate and in  
16          compliance with all applicable state and federal privacy laws,  
17          including the Family Educational Rights and Privacy Act of 1974,  
18          as amended.

19          (c) No later than thirty days prior to the regular  
20          sessions of 2027 and 2028, the university of Hawaii shall submit  
21          to the legislature a report that describes:

- 1 (1) The results of the survey conducted pursuant to  
2 subsection (a);
- 3 (2) Students' use of services offered by the pilot  
4 program; and
- 5 (3) Observed effects on student persistence and academic  
6 progress.

7 SECTION 5. (a) The university of Hawaii may establish a  
8 housing stability pilot project at the pilot campus to provide  
9 targeted support to students experiencing housing instability.

10 (b) Subject to available funding, the housing stability  
11 pilot project may include:

- 12 (1) Short-term emergency housing assistance;
- 13 (2) Referrals to housing support organizations; and
- 14 (3) Case coordination to support continued enrollment.

15 (c) If established, the housing stability pilot project  
16 shall operate for a period not to exceed two academic years,  
17 unless extended by the legislature.

18 (d) No later than twenty days prior to the convening of  
19 the regular session following the conclusion of any housing  
20 stability pilot project, the university of Hawaii shall submit  
21 to the legislature an evaluation report that includes:

- 1 (1) Student participation levels in the housing stability  
2 pilot project;
- 3 (2) Retention and academic progress indicators;
- 4 (3) The costs of the housing stability pilot project; and
- 5 (4) Recommendations regarding continuation, modification,  
6 or expansion of the housing stability pilot project.

7 SECTION 6. There is appropriated out of the general  
8 revenues of the State of Hawaii the sum of \$ or so  
9 much thereof as may be necessary for fiscal year 2026-2027 for  
10 the university of Hawaii basic needs pilot program established  
11 by section 3(a) and housing stability pilot project established  
12 by section 5(a) of this Act; provided that provided that the  
13 appropriation shall support only the university of Hawaii pilot  
14 campus, identified in section 3(b) of this Act, and related  
15 evaluation activities, including:

- 16 (1) \$ for full-time equivalent ( FTE)  
17 benefits navigator position, established by section  
18 3(c) of this Act;
- 19 (2) \$ to conduct the annual student basic needs  
20 survey pursuant to section 4(a) of this Act; and

1           (3)   \$                   to implement a housing stability pilot  
2                   project pursuant to section 5 of this Act.

3           The sum appropriated shall be expended by the university of  
4   Hawaii for the purposes of this Act.

5           SECTION 7. This Act shall take effect on July 1, 3000, and  
6   shall be repealed on June 30, 2028.

**Report Title:**

University of Hawaii; Basic Needs Pilot Program; Housing  
Stability Pilot Project; Appropriation

**Description:**

Establishes a Basic Needs Pilot Program at a single campus of  
the University of Hawaii system. Authorizes the establishment  
of a Housing Stability Pilot Project at that campus.  
Appropriates funds. Effective 7/1/3000. Sunsets 6/30/2028.
