
A BILL FOR AN ACT

RELATING TO THE HAWAII TECHNOLOGY DEVELOPMENT CORPORATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the ocean economy,
2 commonly referred to as the blue economy, represents one of the
3 fastest-growing economic opportunities globally. The blue
4 economy is the sustainable use of ocean and aquatic resources
5 for economic growth, improved livelihoods, and job creation,
6 while preserving the health of oceanic and aquatic ecosystems.
7 The blue economy encompasses a broad set of industries,
8 including but not limited to marine construction, ship and boat
9 building, marine transportation, energy, tourism and recreation,
10 fisheries and other fishery-related businesses, aquaculture,
11 marine biotechnology, ocean and coastal management, and
12 conservation. The annual economic output of the blue economy is
13 projected to double to an estimated \$3,000,000,000,000 by 2030.

14 The legislature further finds that Hawaii is already a
15 national leader in the blue economy. As the United States' only
16 island state, Hawaii's blue economy is substantial and growing,
17 with the number of marine businesses in the State having

1 increased by twenty-three per cent within the past decade. This
2 strength builds on the legacy, wisdom, and cultural ties that
3 Native Hawaiians have cultivated with the ocean for centuries.

4 However, to remain competitive with other coastal states
5 and with other countries internationally, the State must act to
6 modernize its approach and capitalize on its technology,
7 infrastructure, and manufacturing advancements. These assets
8 include marine biotechnology; autonomous maritime navigation;
9 cybersecurity; shipping, ports, and harbors; and ocean data
10 observation systems.

11 The legislature additionally finds that ocean clusters
12 serve as engines of growth for more than fifty ocean industry
13 development initiatives around the world. Successful examples
14 exist nationally in San Diego and Washington and internationally
15 in Iceland, Norway, and Singapore, where ocean clusters have
16 catalyzed job creation, investment, innovation, and cross-sector
17 collaboration.

18 Therefore, the legislature finds that designating and
19 prioritizing Hawaii as an ocean cluster will further promote and
20 expand the State's blue economy by leveraging existing strengths
21 while supporting innovation, emerging opportunities, and

1 diversified economic growth. The Hawaii ocean cluster would
2 encompass a broad range of blue economy activities, supported by
3 technology, innovation, and Native Hawaiian knowledge as
4 essential cross-cutting priorities.

5 Accordingly, the purpose of this Act is to:

- 6 (1) Declare that the State is an ocean cluster;
- 7 (2) Establish the office of marine affairs and marine
8 affairs task force within the Hawaii technology
9 development corporation;
- 10 (3) Establish and appropriate funds for the marine affairs
11 coordinator position;
- 12 (4) Transfer the functions of the governor's advisory
13 committee on marine affairs to the office of marine
14 affairs; and
- 15 (5) Appropriate funds for the office of marine affairs to
16 procure the services of a consultant to support the
17 marine affairs declaration of intent.

18 SECTION 2. Chapter 206M, Hawaii Revised Statutes, is
19 amended by adding a new part to be appropriately designated and
20 to read as follows:

21 **"PART . MARINE AFFAIRS**

1 **§206M-A Declaration of intent.** The legislature declares
2 it to be the purpose of this part to recognize and promote the
3 State as an ocean cluster, a globally unique hub for ocean- and
4 aquatic-centered culture, stewardship, economic opportunity, and
5 innovation. The legislature recognizes that the State's status
6 as the United States' largest island state, strategic location
7 in the Pacific Ocean, and history of Native Hawaiian knowledge
8 in ocean navigation, regenerative marine resource management and
9 ecosystem monitoring, and coastal resilience, uniquely position
10 the State to lead the Pacific region in ocean- and aquatic-based
11 industry development. The legislature further declares that
12 actions taken under this part shall recognize the State's legacy
13 within the blue economy while positioning the State as a global
14 center of excellence for ocean- and aquatic-related activities.
15 It is the intent of the legislature that the State's development
16 as an ocean cluster benefits communities across the State
17 through innovation that promotes cultural heritage and economic
18 opportunity.

19 **§206M-B Definitions.** For the purposes of this part:
20 "Blue economy" means industrial and economic activities
21 that sustainably use ocean- and aquatic-related resources for

1 economic growth, improved livelihoods, and job creation while
2 preserving the health of oceanic and aquatic ecosystems. "Blue
3 economy" includes but is not limited to industries such as
4 marine construction, ship and boat building, marine
5 transportation, energy, tourism and recreation, fisheries and
6 fishery-related businesses, aquaculture, marine biotechnology,
7 ocean and coastal management, and conservation.

8 "Coordinator" means the marine affairs coordinator.

9 "Office" means the office of marine affairs.

10 "Task force" means the marine affairs task force.

11 **§206M-C Office of marine affairs; marine affairs task**
12 **force; establishment.** (a) There is established the office of
13 marine affairs within the development corporation for
14 administrative purposes only. The purpose of the office shall
15 be to facilitate the development of marine affairs-related
16 industries in the State. Duties of the office shall include:

17 (1) Developing and implementing a statewide marine affairs
18 strategy that prioritizes the sustainable use,
19 conservation, and stewardship of marine resources and
20 encompasses:

21 (A) Research and education;

- 1 (B) Ecosystem management;
- 2 (C) Coastal resilience;
- 3 (D) Fishery and ocean-based food system management;
- 4 (E) Marine tourism and recreation promotion;
- 5 (F) Conservation and stewardship promotion; and
- 6 (G) Marine transportation and logistics management;
- 7 (2) Conducting comprehensive reviews of the status of
- 8 marine policy in the State at regular intervals;
- 9 (3) Identifying key challenges and opportunities for the
- 10 State in marine affairs;
- 11 (4) Collaborating with and supporting other public
- 12 entities working to develop the State's marine
- 13 industries;
- 14 (5) Promoting and developing technology-enabled marine
- 15 industries within the blue economy by:
- 16 (A) Developing and implementing a statewide ocean
- 17 technology and innovation development strategy
- 18 that complements the statewide marine affairs
- 19 strategy developed pursuant to paragraph (1);
- 20 (B) Conducting regular blue economy value chain
- 21 assessments, including but not limited to

- 1 maritime, aquaculture, coastal resilience, and
2 ocean observation data to determine constraints,
3 capital requirements, workforce gaps, and
4 commercialization pathways;
- 5 (C) Identifying, evaluating, and proposing solutions
6 to regulatory, capital, workforce,
7 infrastructure, and permitting barriers to the
8 growth and competitiveness of technology-enabled
9 ocean industries in the State;
- 10 (D) Establishing a blue economy project and
11 investment readiness program to facilitate the
12 conversion of ocean innovation concepts into
13 investable and deployable projects;
- 14 (E) Pursuing public, private, and federal funding to
15 support ocean innovation and commercialization
16 and the development of a robust ocean technology
17 ecosystem;
- 18 (F) Developing advanced technologies to support
19 marine industries, including:
- 20 (i) Autonomous maritime navigation systems;

- 1 (ii) The digital and physical modernization of
2 ocean and coastal infrastructure;
3 (iii) The electrification of ports and harbors;
4 (iv) Marine biotechnology;
5 (v) Ocean and coastal monitoring and observation
6 systems; and
7 (vi) Regenerative technology innovations; and
8 (G) Recommending legislation and policies to
9 strengthen the State's competitiveness in the
10 blue economy and ocean technologies sectors;
11 (6) Serving as the State's coordinating entity for
12 technological advancement and economic development in
13 the blue economy; and
14 (7) Developing actionable recommendations for the governor
15 and legislature to reinvigorate the State's marine
16 affairs development strategy.
17 (b) The governing body of the office shall consist of a
18 marine affairs task force comprising the following members:
19 (1) The chairperson of the board of land and natural
20 resources or the chairperson's designee;

- 1 (2) The chairperson of the board of agriculture and
2 biosecurity or the chairperson's designee;
- 3 (3) The deputy director of the harbors division of the
4 department of transportation or the deputy director's
5 designee;
- 6 (4) The executive director of the natural energy
7 laboratory of Hawaii authority or the executive
8 director's designee;
- 9 (5) The chief executive officer of the Hawaii technology
10 development corporation or the chief executive
11 officer's designee;
- 12 (6) The executive director of the agribusiness development
13 corporation or the executive director's designee;
- 14 (7) The chief energy officer of the Hawaii state energy
15 office or the chief energy officer's designee;
- 16 (8) The chief executive officer of the office of Hawaiian
17 affairs or the chief executive officer's designee;
- 18 (9) Three representatives from the university of Hawaii
19 system, including:
- 20 (A) The dean of the school of ocean and earth science
21 and technology or the dean's designee;

1 (B) The director of the pacific aquaculture and
2 costal resource center at the university of
3 Hawaii at Hilo or the director's designee; and
4 (C) The vice president for research and innovation or
5 the vice president's designee; and
6 (10) Three representatives of the business sector with
7 experience in the marine affairs field, including
8 ocean shipping, ocean engineering, marine science and
9 technology, consulting and public affairs, and marine
10 research, who shall be invited by the chair to
11 participate.

12 (c) Members of the task force who are not already subject
13 to section 26-34 in their ex officio capacity shall be appointed
14 in accordance with section 26-34. The terms of the members
15 shall be for four years. The task force shall select one of its
16 members to serve as chair. Members of the task force shall
17 serve without compensation, but shall be reimbursed for
18 necessary expenses for travel, board, and lodging incurred in
19 the performance of task force duties.

20 **§206M-D Marine affairs coordinator; appointment; duties.**

21 (a) The office shall appoint a marine affairs coordinator for

1 the proper administration, enforcement, and facilitation of this
2 part, without regard to chapter 76; provided that the
3 coordinator shall be eligible for participation in state
4 employee benefit plans. Notwithstanding section 76-16(b) (17),
5 this exemption from chapter 76 shall not expire. The salary of
6 the coordinator shall be set by the office.

7 (b) The coordinator shall:

- 8 (1) Develop plans for future projects that align with the
9 office's marine affairs strategy and statewide ocean
10 technology and innovation development strategy,
11 including objectives and criteria to measure the
12 accomplishment of objectives; develop and implement
13 programs through which the objectives are to be
14 attained; and determine financial requirements for the
15 total and optimum development of the State's marine
16 resources based on the goals and needs of the State;
- 17 (2) Conduct systematic analyses of existing and proposed
18 marine programs, evaluate the analyses conducted by
19 state agencies, and recommend to the office, governor,
20 and legislature programs that represent the most

- 1 effective allocation of resources for the development
2 of the marine environment;
- 3 (3) Assist departments and agencies with interests in
4 marine affairs, including developing and analyzing
5 plans for future economic development projects
6 relating to marine resources or technologies,
7 coordinating activities that involve the
8 responsibilities of multiple state departments and
9 agencies, and ensuring the timely and effective
10 implementation of all authorized marine projects and
11 programs;
- 12 (4) Coordinate the dissemination of information related to
13 the office's activities and the State's leadership
14 potential as the center for marine affairs to the
15 federal government, other state governments,
16 governments of nations with interests in the Pacific
17 basin, private and public organizations involved in
18 marine science and technology, and commercial
19 enterprises;

- 1 (5) Coordinate the State's involvement in national and
2 international efforts to investigate, develop, and
3 utilize the marine resources of the Pacific basin;
- 4 (6) Develop programs to continuously encourage private and
5 public marine exploration and research projects that
6 will result in the development of improved
7 technological capabilities in the State;
- 8 (7) Formulate specific program and project proposals to
9 solicit increased investment from the federal
10 government and other sources to develop the State's
11 marine resources and technologies and coordinate the
12 preparation and submission of program and project
13 proposals of state agencies;
- 14 (8) Serve as consultant on behalf of the office to the
15 governor, state agencies, and private industry on
16 matters relating to the preservation and enhancement
17 of the quality of the State's marine environment;
- 18 (9) Perform other services as may be required by the
19 office, governor, or legislature;
- 20 (10) Contract for services when required for the
21 implementation of this part; and

1 (11) Prepare and submit an annual report to the governor
 2 and legislature no later than twenty days prior to the
 3 convening of each regular session, on the
 4 implementation of this part and all matters related to
 5 marine affairs, including the office's findings,
 6 recommendations, and any proposed legislation."

7 SECTION 3. Section 201-13, Hawaii Revised Statutes, is
 8 repealed.

9 ~~["§201-13 Powers and duties of the department of business,~~
 10 ~~economic development, and tourism in marine affairs. The~~

11 ~~department of business, economic development, and tourism shall:~~

12 ~~(1) Assist state agencies in developing and analyzing~~
 13 ~~plans, including objectives, criteria to measure the~~
 14 ~~accomplishment of objectives, programs through which~~
 15 ~~the objectives are to be attained, and financial~~
 16 ~~requirements for the total and optimum development of~~
 17 ~~Hawaii's marine resources based on the needs and goals~~
 18 ~~of the State;~~

19 ~~(2) Develop and analyze plans for future economic~~
 20 ~~development projects, including objectives and~~
 21 ~~criteria to measure the accomplishment of objectives;~~

- 1 ~~develop and implement programs through which the~~
2 ~~objectives are to be attained; and determine financial~~
3 ~~requirements for the total and optimum development of~~
4 ~~Hawaii's marine resources based on the needs and goals~~
5 ~~of the State;~~
- 6 ~~(3) Assist those departments having interests in marine~~
7 ~~affairs, coordinate those activities which involve the~~
8 ~~responsibilities of multiple state agencies, and~~
9 ~~encourage the timely and effective implementation of~~
10 ~~all authorized marine projects and programs;~~
- 11 ~~(4) Coordinate the dissemination of information to the~~
12 ~~federal government, other state governments,~~
13 ~~governments of nations with interests in the Pacific~~
14 ~~basin, private and public organizations involved in~~
15 ~~marine science and technology, and commercial~~
16 ~~enterprises of Hawaii's leadership potential as the~~
17 ~~center for marine affairs;~~
- 18 ~~(5) Coordinate the State's involvement in national and~~
19 ~~international efforts to investigate, develop and~~
20 ~~utilize the marine resources of the Pacific basin;~~

- 1 ~~(6) Develop programs to continuously encourage private and~~
2 ~~public marine exploration and research projects which~~
3 ~~will result in the development of improved~~
4 ~~technological capabilities in Hawaii; and~~
5 ~~(7) Formulate and assist state agencies in formulating~~
6 ~~specific program and project proposals to solicit~~
7 ~~increased investment by the federal government and~~
8 ~~other sources to develop Hawaii's marine resources."]~~

9 SECTION 4. The governor's advisory committee on marine
10 affairs established by executive order is redesignated as the
11 office of marine affairs established by section 206M-C, Hawaii
12 Revised Statutes, and shall assume the functions prescribed by
13 section 206M-C, Hawaii Revised Statutes.

14 The members presently serving on the governor's advisory
15 committee on marine affairs shall continue to serve; provided
16 that subsequent appointments to the office of marine affairs
17 shall conform with the requirements of section 206M-C, Hawaii
18 Revised Statutes. The chairperson of the board of land and
19 natural resources, chairperson of the board of agriculture and
20 biosecurity, deputy director of the harbors division of the
21 department of transportation, executive director of the natural

1 energy laboratory of Hawaii authority, chief executive officer
2 of the Hawaii technology development corporation, executive
3 director of the agribusiness development corporation, chief
4 energy officer of the Hawaii state energy office, chief
5 executive officer of the office of Hawaiian affairs, and
6 representatives of the university of Hawaii system shall begin
7 their service upon the effective date of this Act.

8 SECTION 5. All rights, powers, functions, and duties of
9 the governor's advisory committee on marine affairs are
10 transferred to the Hawaii technology development corporation.

11 SECTION 6. All appropriations, records, equipment,
12 machines, files, supplies, contracts, books, papers, documents,
13 maps, and other personal property heretofore made, used,
14 acquired, or held by the governor's advisory committee on marine
15 affairs relating to the functions transferred to the office of
16 marine affairs shall be transferred with the functions to which
17 they relate.

18 SECTION 7. There is appropriated out of the general
19 revenues of the State of Hawaii the sum of \$ or so
20 much thereof as may be necessary for fiscal year 2026-2027 for
21 the office of marine affairs to procure the services of a

1 consultant to support the marine affairs declaration of intent
2 pursuant to section 206M-A, Hawaii Revised Statutes.

3 The sum appropriated shall be expended by the office of
4 marine affairs for the purposes of this Act.

5 SECTION 8. There is appropriated out of the general
6 revenues of the State of Hawaii the sum of \$ or so
7 much thereof as may be necessary for fiscal year 2026-2027 to
8 fund full-time equivalent (FTE) marine affairs
9 coordinator position within the Hawaii technology development
10 corporation to support the office of marine affairs.

11 The sum appropriated shall be expended by the Hawaii
12 technology development corporation for the purposes of this Act.

13 SECTION 9. In codifying the new sections added by section
14 2 of this Act, the revisor of statutes shall substitute
15 appropriate section numbers for the letters used in designating
16 the new sections in this Act.

17 SECTION 10. This Act shall take effect on July 1, 3000.

Report Title:

Hawaii Technology and Development Corporation; Office of Marine Affairs; Marine Affairs Task Force; Marine Affairs Coordinator; Reports; Transfer; Consultant; Appropriations

Description:

Declares that the State is an ocean cluster. Establishes the Office of Marine Affairs within the Hawaii Technology Development Corporation for administrative purposes only. Establishes and appropriates funds for the Marine Affairs Coordinator position. Requires the Marine Affairs Coordinator to submit annual reports to the Governor and Legislature. Transfers the functions of the Governor's Advisory Committee on Marine Affairs to the Office of Marine Affairs. Appropriates funds for the Office of Marine Affairs to procure the services of a consultant to support the marine affairs declaration of intent. Effective 7/1/3000. (HD2)
