
HOUSE CONCURRENT RESOLUTION

SUPPORTING THE REACTIVATION OF, AND URGING THE GOVERNOR TO APPOINT MEMBERS TO, THE HAWAII HEALTH AUTHORITY TO PLAN FOR A TRANSITION TO A MAXIMALLY COST-EFFECTIVE SINGLE-PAYER HEALTH CARE SYSTEM FOR THE STATE, TO BE IMPLEMENTED AS SOON AS POSSIBLE AFTER WAIVERS HAVE BEEN OBTAINED TO CAPTURE ALL MAJOR SOURCES OF FEDERAL FUNDING FLOWING TO THE STATE THROUGH MEDICARE, MEDICAID, AND TRICARE.

1 WHEREAS, the Budget Reconciliation Act, signed into law in
2 July 2025, cuts over \$1,000,000,000,000 in Medicaid over ten
3 years, with estimates suggesting that it will result in fifteen
4 million more people without health insurance by 2034; and

5
6 WHEREAS, these cuts will have a significant impact on
7 Hawaii's healthcare system, with more than four hundred thousand
8 residents participating in Medicaid; and

9
10 WHEREAS, the University of Hawaii Economic Research
11 Organization estimates that the cuts would create a loss of
12 \$400,000,000 in Medicaid spending in Hawaii; and

13
14 WHEREAS, these developments further necessitate the
15 establishment of a more cost-effective health care financing
16 system; and

17
18 WHEREAS, a Hawaii single-payer health care financing system
19 could achieve large savings from reduced administrative costs
20 without cuts to care delivery by doctors and hospitals; and

21
22 WHEREAS, global budgets based on the cost of operations
23 could eliminate about fifteen percent of total hospital budgets
24 that would otherwise be apportioned for billing and collection
25 costs; and
26

1 WHEREAS, independent doctors paid with a simplified,
2 standardized fee-for-service structure based on time and
3 required training for a given procedure, rather than assigning a
4 relative value to thousands of procedure codes, could markedly
5 reduce billing and collections costs that now consume around
6 fifteen percent of physician practice revenue; and
7

8 WHEREAS, similar savings in the fifteen percent range could
9 be achieved from reduced administrative costs for a Hawaii
10 single-payer administrator; and
11

12 WHEREAS, some of these savings could be used to fund
13 community-based programs for high-risk and special needs
14 patients and specialist consultations to primary care to save
15 the cost of preventable emergency room visits and
16 hospitalizations; and
17

18 WHEREAS, some of these savings could be used to improve
19 take-home pay for primary care specialties and psychiatry so
20 that doctors in underpaid specialties could afford Hawaii's high
21 cost of living, reversing the State's severe physician shortage;
22 and
23

24 WHEREAS, health care costs for Medicaid and state and
25 county employee and retiree benefits now consume around thirty
26 percent of the total state budget; and
27

28 WHEREAS, all the above administrative cost savings could
29 add up to a reduction in Hawaii health care costs in the range
30 of thirty percent or more, reducing the total state budget by
31 around nine percent; and
32

33 WHEREAS, the Hawaii Health Authority is already established
34 in state law with a mission of planning for a universal health
35 care system covering all residents of the State, but the
36 Authority is currently inactive; now, therefore,
37

38 BE IT RESOLVED by the House of Representatives of the
39 Thirty-third Legislature of the State of Hawaii, Regular Session
40 of 2026, the Senate concurring, that this body supports the
41 reactivation of, and the Governor is urged to appoint members
42 to, the Hawaii Health Authority to plan for a transition to a

H.C.R. NO. 95

1 maximally cost-effective single-payer health care system for the
2 State, to be implemented as soon as possible after waivers have
3 been obtained to capture all major sources of federal funding
4 flowing to the State through Medicare, Medicaid, and TRICARE;
5 and
6

7 BE IT FURTHER RESOLVED that the Hawaii Health Authority is
8 requested to submit a report of its progress and
9 recommendations, including any proposed legislation,
10 to the Legislature no later than twenty days prior to the
11 convening of the Regular Session of 2027; and
12

13 BE IT FURTHER RESOLVED that certified copies of this
14 Concurrent Resolution be transmitted to the Governor, Director
15 of Finance, and Director of Human Services.
