## HOUSE RESOLUTION

REQUESTING THE DEPARTMENT OF TRANSPORTATION TO COORDINATE WITH UTILITY PROVIDERS OPERATING WITHIN STATE HIGHWAY RIGHTS-OF-WAY TO DEVELOP A COMPREHENSIVE STATEWIDE PLAN AND SCHEDULE TO ADDRESS DERELICT OR AGING UTILITY POLES AND LINES ALONG FARRINGTON HIGHWAY AND OTHER HIGH-RISK CORRIDORS.

1 WHEREAS, public safety along state highways is of paramount  
2 importance, particularly in coastal, high-wind, and heavily  
3 traveled corridors; and

4  
5 WHEREAS, aging, damaged, or derelict utility poles and  
6 overhead lines located within state highway rights-of-way may  
7 pose safety hazards to motorists, pedestrians, bicyclists, and  
8 nearby residents; and

9  
10 WHEREAS, Farrington Highway serves as a major  
11 transportation artery for the Leeward Coast of Oahu and has  
12 experienced incidents involving downed or deteriorated utility  
13 infrastructure, raising concerns regarding resilience, safety,  
14 and emergency access; and

15  
16 WHEREAS, similar conditions may exist along other high-risk  
17 state highway corridors that are vulnerable to severe weather  
18 events, coastal erosion, traffic impacts, or deferred  
19 maintenance; and

20  
21 WHEREAS, the Department of Transportation plays a critical  
22 role in coordinating infrastructure planning and maintenance  
23 activities within those corridors; and

24  
25 WHEREAS, utility providers operate infrastructure within  
26 state highway rights-of-way pursuant to permits, easements, or  
27 other agreements and share responsibility for the maintenance,  
28 repair, and replacement of their infrastructure; and

1 WHEREAS, a coordinated, data-driven, and phased statewide  
2 to address this aging infrastructure plan could improve public  
3 safety, enhance infrastructure resilience, clarify maintenance  
4 responsibilities, and better align capital improvement schedules  
5 among state and private stakeholders; now, therefore,  
6

7 BE IT RESOLVED by the House of Representatives of the  
8 Thirty-third Legislature of the State of Hawaii, Regular Session  
9 of 2026, that the Department of Transportation is requested to  
10 coordinate with utility providers operating within state highway  
11 rights-of-way to develop a comprehensive statewide plan and  
12 schedule to address derelict or aging utility poles and lines  
13 along Farrington Highway and other high-risk corridors; and  
14

15 BE IT FURTHER RESOLVED that the Department of  
16 Transportation is requested to:

- 17
- 18 (1) Convene relevant utility providers to conduct a  
19 coordinated assessment of derelict, inactive, or aging  
20 infrastructure;
  - 21
  - 22 (2) Develop a comprehensive removal, repair, or  
23 remediation schedule;
  - 24
  - 25 (3) Prioritize corridors with elevated wildfire risk, high  
26 traffic volumes, or proximity to residential  
27 communities;
  - 28
  - 29 (4) Establish a standardized notification and coordination  
30 process for unsafe or abandoned infrastructure;
  - 31
  - 32 (5) Identify funding responsibilities and cost allocation  
33 mechanisms; and  
34
  - 35 (6) Evaluate whether existing statutes or franchise  
36 agreements sufficiently define maintenance and removal  
37 obligations for inactive utility infrastructure within  
38 state highway rights-of-way; and  
39

40 BE IT FURTHER RESOLVED that the Department of  
41 Transportation is requested to submit a report detailing  
42 identified infrastructure, remediation schedules, responsible

# H.R. NO. 117

1 entities, and any statutory or regulatory barriers, including  
2 any proposed legislation, to the Legislature no later than  
3 twenty days prior to the convening of the Regular Session of  
4 2027; and

5

6 BE IT FURTHER RESOLVED that a certified copy of this  
7 Resolution be transmitted to the Director of Transportation.
