
HOUSE RESOLUTION

ESTABLISHING THE HAWAII HEALTH PLAN WORKING GROUP TO DESIGN AND RECOMMEND A BASIC, AFFORDABLE HAWAII HEALTH PLAN AVAILABLE TO EVERY RESIDENT OF THE STATE.

1 WHEREAS, the federal Premium Tax Credit is a refundable tax
2 credit that helps lower the amount that eligible individuals and
3 families pay each month for coverage under a qualified health
4 plan purchased through the Health Insurance Marketplace; and
5

6 WHEREAS, in 2021, Congress enhanced the Premium Tax Credit,
7 making health insurance more affordable for approximately
8 22,000,000 to 24,000,000 people in the United States; and
9

10 WHEREAS, at the end of 2025, the enhanced portion of the
11 Premium Tax Credit expired and was not extended by Congress, and
12 this risks making health insurance unaffordable for millions of
13 individuals across the country; and
14

15 WHEREAS, the One Big Beautiful Bill Act also increased
16 Medicaid work requirements; and
17

18 WHEREAS, these changes by the federal government are
19 expected to leave an estimated six to seven percent of Hawaii's
20 population without health insurance coverage; and
21

22 WHEREAS, in the late 1980s, Hawaii faced a similar problem
23 in which an estimated five percent of the State's population
24 lacked health insurance. In response, the Legislature enacted
25 Act 378, Session Laws of Hawaii 1989, known as the State Health
26 Insurance Program Act, to help subsidize insurance coverage for
27 qualifying uninsured residents; and
28

29 WHEREAS, the State Health Insurance Program Act was
30 generally successful in providing affordable health insurance to
31 residents who would otherwise lack health insurance coverage;
32 and
33

34 WHEREAS, a similar program, if enacted today, may help to
35 provide health insurance coverage for the tens of thousands of

1 Hawaii residents who are expected to become uninsured under the
2 new federal standards; now, therefore,
