# A BILL FOR AN ACT

RELATING TO THE COUNTIES.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1 SECTION 1. The legislature finds that in emergencies,  
2 quicker response times increase the likelihood of favorable  
3 outcomes. Ensuring that emergency responders can quickly locate  
4 the response address helps the emergency responders arrive in a  
5 timely manner. When street addresses are readable and visible  
6 from the street, emergency responders can quickly locate the  
7 response address without sacrificing critical moments. Delays  
8 in locating the address can contribute to property damage and  
9 result in more severe health consequences for the patient.

10 Accordingly, the purpose of this Act is to facilitate  
11 prompt emergency response times by requiring each county to  
12 require the clear display of street addresses for all commercial  
13 and residential buildings. More specifically this Act requires  
14 each county to:

15 (1) Adopt display standards for street addresses,  
16 including requirements that the street address is

- 1 visible and readable from the street and at least two
- 2 inches in height; and

3 (2) Require each residential and commercial building owner  
4 to display the street address of the building in  
5 accordance with the display standards.

6 SECTION 2. Chapter 46, Hawaii Revised Statutes, is amended  
7 by adding a new section to part I to be appropriately designated  
8 and to read as follows:

9        "S46-        Street addresses.    No later than January 1, 2027,

10    each county shall:

**11** (1) Adopt display standards for street addresses that:

15                   (B) Require the address to be readable at all times,  
16                   including at night; and

19 provided that each county may establish additional or  
20 more restrictive display standards for street  
21 addresses to facilitate prompt emergency response; and

1       (2) Require each owner of a residential or commercial  
2       building to post the street address of the building in  
3       accordance with the display standards established by  
4       the county."

5       SECTION 3. New statutory material is underscored.

6       SECTION 4. This Act shall take effect upon its approval.

7

INTRODUCED BY:

# S.B. NO. 2011

**Report Title:**

Counties; Ordinances; Street Addresses; Display Standards; Emergency Response

**Description:**

Requires each county to adopt display standards requiring visible and readable street addresses and to require owners of residential and commercial buildings to post street addresses in accordance with the county's display standards.
