# A BILL FOR AN ACT

RELATING TO EDUCATION.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1 SECTION 1. The legislature finds that average salaries for  
2 teachers in Hawaii generally fall in the middle of national  
3 rankings of teachers' pay. However, once the salaries of  
4 teachers in the State are adjusted for the cost of living, they  
5 are the lowest-paid in the nation. The national average salary  
6 for all teachers stands at approximately \$30,086, when cost of  
7 living is considered. However, the average starting salary for  
8 teachers in Hawaii is \$24,409, when adjusted for cost of living.

9 Furthermore, the legislature finds that close to half of  
10 teachers in Hawaii are leaving the profession or the State  
11 altogether within five years of starting, posing a significant  
12 problem for students. Slightly more than nine hundred teachers  
13 were hired in 2013, but as of 2018, fewer than four hundred  
14 seventy of them remained in the classroom. Within the last five  
15 years, the number of teachers leaving Hawaii has increased to  
16 seventy-one per cent. Only fifty-one per cent of teachers hired  
17 during the 2013-2014 school year were still teaching in Hawaii

1 five years later, a decrease from fifty-four per cent during the  
2 previous year. As the State continues to address matters of  
3 teacher recruitment and retention, it is crucial to support  
4 current teachers now.

5 The purpose of this Act is to provide automatic step  
6 increases in teacher salaries for each year of satisfactory  
7 service completed, subject to funds appropriated by the  
8 legislature.

9 SECTION 2. Chapter 302A, Hawaii Revised Statutes, is  
10 amended by adding a new section to be appropriately designated  
11 and to read as follows:

12 "§302A- Salary increases; annual, longevity. (a)  
13 Teachers who have completed one year of satisfactory service and  
14 complied with the requirements of part III, subpart B, as  
15 applicable, shall be entitled to an annual increment if  
16 negotiated into a collective bargaining agreement under section  
17 89-9, subject to subsection (c).

18 (b) Teachers who have served satisfactorily for three  
19 years in their maximum increment step or in any longevity step  
20 pursuant to section 302A-624 and have complied with the other  
21 requirements of part III, subpart B, as applicable, shall be

1 entitled to longevity step increases if negotiated into a  
2 collective bargaining agreement under section 89-9, subject to  
3 subsection (c).

4 (c) Any collective bargaining agreement negotiated  
5 pursuant to section 89-9 that provides for annual increments or  
6 longevity step increases under this section and requires the  
7 expenditure of public funds shall be subject to funding by a  
8 specific appropriation enacted by the legislature. The  
9 collective bargaining agreement shall not be effective or  
10 enforceable unless the legislature appropriates sufficient funds  
11 for its implementation. The legislature may reject the  
12 collective bargaining agreement in whole by declining to  
13 appropriate the funds necessary to implement it."

14 SECTION 3. Chapter 302D, Hawaii Revised Statutes, is  
15 amended by adding a new section to be appropriately designated  
16 and to read as follows:

17 "§302D- \_\_\_\_\_ Salary increases; annual, longevity. (a)  
18 Teachers who have completed one year of satisfactory service and  
19 complied with the requirements of this chapter that pertain to  
20 the employment conditions and compensation for teachers, as  
21 deemed applicable by their employing public charter school,

1 shall be entitled to an annual increment if negotiated into a  
2 collective bargaining agreement under section 89-9, subject to  
3 subsection (c).

4 (b) Teachers who have served satisfactorily for three  
5 years in their maximum increment step or in any longevity step,  
6 if any, and have complied with the requirements of this chapter  
7 that pertain to the employment conditions and compensation for  
8 teachers, as deemed applicable by their employing public charter  
9 school, shall be entitled to longevity step increases if  
10 negotiated into a collective bargaining agreement under section  
11 89-9, subject to subsection (c).

12 (c) Any collective bargaining agreement negotiated  
13 pursuant to section 89-9 that provides for annual increments or  
14 longevity step increases under this section and requires the  
15 expenditure of public funds shall be subject to funding by a  
16 specific appropriation enacted by the legislature. The  
17 collective bargaining agreement shall not be effective or  
18 enforceable unless the legislature appropriates sufficient funds  
19 for its implementation. The legislature may reject the  
20 collective bargaining agreement in whole by declining to  
21 appropriate the funds necessary to implement it."

- 1 SECTION 4. New statutory material is underscored.
- 2 SECTION 5. This Act shall take effect on July 1, 3000.

**Report Title:**

Salaries; Teachers; Annual Increases

**Description:**

Provides annual salary step increases for public schools and public charter school teachers who have completed one year's satisfactory service and comply with specified requirements, if negotiated into a collective bargaining agreement pursuant to section 89-9, HRS, and subject to funds appropriated by the Legislature. Effective 7/1/3000. (HD1)
